When boys and girls go to dances in the various halls of Wellington county in future, they will have to either 'tend to their knitting and dance, or go home to bed, if provincial officers have their way. There will be no "necking" parties in secluded spots near dance halls, where amorous young swains and their just as amorous young ladies, hug and pet, instead of dancing. This style of "sitting out" dances is being severely checked up by the provincial officers.

How to OUTSPEED your COMPETITORS

B—, a merchant in Vancouver, took the first train to Toronto to secure a big order.

■ ■ ■

J—, his rival in Vancouver, called the Toronto customer by Long Distance and sold him over the telephone before B's train had reached Calgary.

■ ■ ■

The safest move, always, is to get the prospect on the telephone at once. If you can't sell him over the telephone, make an appointment. Then he will wait for you before placing his order.

■ ■ ■

Many subscribers who used to think they had to make Person-to-Person calls now find that they reach the person they want with Station-to-Station calls. They are quicker and cheaper.
