"The Ottawa Spotlight"

By Wilfrid Eggleston

Ottawa, June 29th—Prime Minister Mackenzie King will himself head Canada's delegation to the League of Nations meeting at Geneva next September because of the critical situation in Europe and the expected revision of the league covenant. He plans also to attend His Majesty's coronation in London next May, as he will not attend the unveiling by King Edward VIII of Canada's war memorial at Vimy Ridge on July 26th next. At that ceremony, the official government representatives will be Hon. Ernest Lapointe, minister of justice; Hon. Ian Mackenzie, minister of national defence, and Hon. C. G. Power, minister of pensions and national health.

Sir Herbert Marler, Canadian minister at Tokio, for the past seven years, has been promoted and transferred to a similar post at Washington in place of Major W. D. Herridge, brother-in-law of Rt. Hon. R. B. Bennett, who resigned shortly after the election. Hon. Randolph Bruce, former Lieutenant-governor of British Columbia, an unsuccessful candidate against Hon. H. H. Stevens, Reconstruction leader, in East Kootenay, B.C., in the federal election last October, is the new minister to Japan.

Already 9,689 single unemployed men, formerly accommodated in the federal government camps are at work on the C.N.R. and C.P.R. on a special maintenance-of-way improvement program as subsidised by the Dominion government. From Ontario 3,938 men were taken on this work, 836 from Manitoba, 917 from Saskatchewan, 954 from Alberta and 676 from British Columbia. The camps will all be closed this week.

In May Canadian tourists brought in $100,172 of goods under the $100 duty free exemption clause, mostly automobile accessories, boots and shoes and clothing.

Justice W. F. A. Turgeon of Saskatchewan, now completing his work as a one-man royal commission into the textile industry, is to undertake a similar task into all phases of Canada's wheat marketing problems. On a previous occasion Justice Turgeon made an excellent repotr on that phase of the problem having to do with the physical handling of wheat. He will visit the United Kingdom and several European countries, and possibly also the Argentine and Australia as the Dominion's chief wheat competitors in the British market.

Even a more definite fight than has occurred this session between the Senate and the Commons—the Conservatives having a record majority in the Senate and the Liberals a record majority in the Commons—may be expected next year. Mr. King said he would not go "on his hands and knees" to the Senate. Rt. Hon. Arthur Meighen, Conservative leader in the upper house, said apparently the government thought the Senate's only functions are "to simply strike out unnecessary commas and correct spelling and diction in the bills sent to them for approval." J. S. Woodsworth, C.C.F. leader, said he felt the Canadian people would support action by the government to curb the power of the Senate. "We have the most antiquated form of control by a second chamber to be found in any democracy," Mr. Woodsworth declared, "and it is high time steps were taken to reform the Senate, if necessary by changes in the constitution."

With important government legislation having been approved this session on several counts, in connection with re-organization of the C.N.R. board, the radio commission, the Bank of Canada and a new National Harbor Board, the government will have to make a number of important appointments within the next few weeks.

Mr. King indicated the government intends to recast the Combines Investigation Act next session, and meanwhile any investigations required will be by royal commission. The Senate and the Commons deadlocked on an amendment to put "teeth" in the act as it stands, the Senate rejecting the government's proposal in that regard.

No decision has been reached as yet by the cabinet on appeals to the Privy Council at London on the decisions of the Supreme Court of Canada with regard to the "reform" legislation passed by the Bennett government.

Canada's delegates to the League of Nations at its meeting within a few days will stand for lifting of the sanctions against Italy. The Dominion's chief delegates will be Hon. Philippe Ray, Canadian minister at Paris and Hon. Vincent Massey, Canadian high commissioner at London.

Georgetown Baseball Team Drop Both Week-end Games

MILTON AND ACTON VICTORIOUS IN EXCITING CONTESTS

On Saturday afternoon last the local Intermediate Ball Team entertained the boys from the County Town, and were trimmed by a 17 to 13 score. The game got under way with Georgetown looking by far the best team for seven innings and with the score being piled sky high, only to have Milton come back to score 10 runs in one innings and an additional seven to win the game.

McMann was on the mound for Georgetown and pitched good ball up to the seventh, when in the eighth Milton started to knock him all over the place. He was replaced by Walters who did not fair so well either.

It was just one of those games which we hate to say much about. A great game for the winners and a tough break for the losers after having the game won hands down up to the eighth.

On Monday night Acton and Georgetown staged a twilight affair, only to have the visitors walk away with a lucky 4 to 1 win. When we say luck we mean all the word implies—for with the exception of the second innings, the losers had the better of the game. In the second frame the locals failed to settle down and threw the ball all over the lot, with the result that there was one error after another to let in four runs. Acton, however, failed to have an error, which goes a long way in a close game. McMann pitched an excellent game, and had he had the proper support of his team mates would of had another game to his credit. Morton pitched for Acton and held the locals down well when they had the bases loaded. A feature of the game was Bryden's grandstand catch in left-field.

THIS AND THAT IN SPORT.

With a few days away from the daily grind, it is rather hard to get back into harness, especially when the home ball team drop two games over the week end. Up to date, the Georgetown team have not given your scribe much to cheer about, but we are looking forward to the final games of the schedule and the play-offs for better baseball.

• • •

Brampton will be here on Thursday night for a twilight scheduled game, and it is expected the local team can take another fall out of the boys from Peel.

• • •

Milton and Georgetown Juveniles meet in a scheduled game of that league at the Park tonight. Come out and give the boys the encouragement they deserve.

• • •

To-morrow afternoon at the Legon celebration at the Park, Acton and Georgetown will play an exhibition baseball game, and a good game is assured all who attend.

• • •

On Monday night Andy Ritchie had the misfortune to sprain his right ankle while tagging a man out at second base. We hope he will soon be able to be back in the game.

• • •

The Winged Wheelers Cycle Club have planned at big day of races for their part in the Legion celebrations to-morrow. Riders are expected from Toronto, Orangeville, Kitchener, and surrounding district.

• • •

Well, we hope next week to be back to form and hope also to report the local intermediate club on the winning side of the score sheet.

DEATH WILL TAKE HOLIDAY IF MOTORISTS ARE POLITE

"Try Courtesy" Campaign is Launched by Ontario Minister of Highways—Can Save 10 Lives in Week

As many as 10 Ontario citizens, who today are joyfully making plans for holidays, will be stretched out on slabs in morgues throughout the province during the coming week, unless motorists make a definite effort to reduce the normal toll of fatal accidents for the Dominion Day week.

This startling prediction was made last night by Hon. T. B. McQuesten, Ontario Minister of Highways, in announcing that his department had launched a province-wide campaign of newspaper advertising to draw to the attention of Ontario motorists the necessity for showing each other more consideration.

This educational advertising campaign Mr. McQuesten said would centre around the slogan "Try Courtesy." He hoped that every citizen would study the advertisements as they appeared in the Ontario press, and would draw them to the attention of their friends.

Last year between June 28 and July 4 there were 218 motor accidents in Ontario and nine people were killed. Mr. McQuesten said. These figures had been only average for that period, and there was therefore good reason to suppose that 9 or 10 Ontario citizens—now alive—would be dead a week hence, unless every driver on the roads made a definite effort to reduce accidents.

Most drivers obeyed the law, Mr. McQuesten admitted; but merely adhering to the letter of legal rights and obligations did not constitute a sufficient contribution by the individual motorist, he declared.

"I appeal to every motorist in Ontario, even those who are conscientious in observing all regulations, to make a special effort to be more courteous and considerate toward other drivers. After deep study, the departmental experts are forced to the conclusion that highway safety in Ontario today is largely a question of good manners and unselfishness.

"Care on the part of the pedestrians will play a major part in any reduction of fatal accidents." Mr. McQuesten said. "In 1935, out of a total of 560 killed in motor accidents in Ontario, 326 were pedestrians."

NORVAL RIFLE CLUB NEWS

(The following arrived too late for last issue)

A rifle team from the Everton district visited the Norval Rifle Club on Monday night, June 22nd, and engaged in a friendly match. One of the Everton team, Mr. A. Hutchinson, has been a prominent Bisley team man and we were honoured to make his acquaintance. Considering the fact that this is the first time the Everton team have really got together for a match, and that they have been out of practice for some time, they all done very fine shooting. However, they are now forming a club in Rockwood and we anticipate keen matches in the future. The scores were as fololws:—

Everton—A. Hutchinson, 95; T. Hutchinson, 90; Carton, 82; Head, 79; Jackson, 83; Stewart, 64; Smith, 100; total 593.

Norval—G. H. Hall, 93; G. Brown, 93; H. Nurse, 100; F. Hustler, 94; W. Robinson, 97; W. Wilton, 98; E. J. Collop, 91; total—666.
