New Day For Small Town

A new day for the small town is just dawning, is the conviction of Mr. M. B. Williams, writing in the Farmers' Advocate. For the last century, he remarks, "there has been an irresistible centrifugal pull from the country to the big town, and the big city. To-day, thanks to our new methods of transit, a clearly defined centripetal movement is beginning to scatter the people of the cities back to the country side. Industries are finding the cost of operation in the big city, the higher taxes needed to finance the overgrown city, and the higher wages demanded because of these mounting costs of running the city to be prohibitive and intolerable. They are seeking the small town as the more profitable field for their operations. The workers, too, are each year realizing more clearly the benefits of sunlight and clear air. They are looking for places in which they can have room to live and bring up their families under healthful conditions. Never before, therefore, has the small town had such bright possibilities within its reach. The new passion for motor holidays is shuffling the whole population of the continent. Through every small town on a main highway, thousands of people pass each season who are looking for a satisfactory site for either a home or an industry. Now the small towns that wake up first to the changing conditions of modern life must learn—if they are to benefit by these changes—that attractiveness, beauty, order, planned development and the provisions of social amenities are absolutely necessary to catch the prosperity that is there for those who seek it."

A real live deer visited Shelburne recently. Dogs chased the animal down from the northwest. It crossed the school grounds, vaulted several high board fences until it reached First Avenue, thence down to the Berwick park, and continued easterly out of town.

Special Services in the Churches on Sunday

The local Baptist church held anniversary services on Sunday last and Monday. The special speaker for the occasion was the Rev. C. H. Schutt, M.A., B.D., of Toronto. Mr. Schutt, who was for twenty years the pastor of Century Baptist Church, Toronto, is now the Superintendent of Home Missions for Ontario and Quebec. There were fair sized crowds in Flesherton, morning and evening, and again at Rock Mills in the afternoon, to hear the heart-stirring messages of the visiting minister. Those who heard them will not soon forget, especially as they were seasoned with illustrations which the speaker had stored up during busy years of ministerial life. Mr. S. Hardwick, of the local high school, sang very pleasingly on Sunday evening.

On Monday evening the church was crowded to hear Mr. Schutt deliver his lecture, "A trip to Palestine." The address was certainly refreshing and stimulating, while the pictures were interesting and instructive. The members of the church feel that the Superintendent's visit has been instrumental in bringing them more closely together around God's Word, and in the service of the Lord and Saviour, Jesus Christ.

The services in the United Church on Sabbath last were celebrating the Jubilee of Missions in India. In the morning Rev. Mr. Harrower spoke on the opening of the work by Rev. Fraser Campbell, giving figures showing the success of the work. In the evening lantern slides were shown of the homes and work of the Indian women. This was very appropriate as the meeting was under the auspices of the W.M.S. The collection amounted to $13, which will assist in the allocation.

Deceased was born in Joliette County, Quebec, moving to Grey County in 1879, and in 1915 to Georgetown. His wife predeceased him a little over three years ago. A family of five children remain: John and Mrs. W. C. Lunan, Georgetown; Mrs. Danny McDonald, Duntroon;; Harry of Boisevain, Man., and William of London, all being present excepting Harry. The funeral on Tuesday afternoon was conducted by Rev. Mr. Boyd of the Anglican church, Norval, and the officers of L.O.L. No. 245, of which deceased was a member. There were numerous and beautiful floral tributes from relatives and friends. The remains were interred in Greenwood cemetery, Georgetown.

Jazz musicians are reported as making fifteen to twenty dollars a day. This is unfair. Boiler riveters make as much noise and get paid less.
