Here and There

A further concession to the travelling public is announced by C. P. Riddell, Chairman, Canadian Passenger Association, in the statement that in future one-month round trip railway tickets previously good for continuous passage only between departure point and destination, will be valid for stop-over at intermediate points going and returning. For many years Canadian railways have been selling one-month round trip tickets at twice the one-way fare, less ten per cent, good for continous passage only. Now, the stop-over privilege is granted without any increase in fare and passengers deciding en route to stop over, may do so on application to the conductor. This concession, it is felt by railway officials, will do much to further promote travel by rail in Canada.

W. E. Allison, manager of mail and baggage traffic, Canadian Pacific Railway, has been elected vice-president of the American Association of General Baggage Agents, comprising representatives of all the railways on this continent.

H. C. Grout, general superintendent, Ontario district, of the Canadian Pacific Railway, has been promoted to the post of assistant to the vice-president with headquarters in Montreal. Mr Grout is a well-known and popular official of the railway in Ontario, where he has been stationed for a number of years.

Figures issued by the Dominion Bureau of Statistics dealing with operations in August of all steam railways in Canada having annual gross revenue of at least $500,000, reveal that higher gross earnings were offset by increased expenses, including an expansion of over $500,000 in payrolls.

Mrs. A. A. Adams, of Oak Bay Mills, Que., has been awarded first prize in the most beautiful Maple Leaf contest conducted this year by the Canadian Pacific and Canadian National Railways. More than 10,000 specimens were submitted. The largest leaf phase of the contest was won by Richard Chambers of Vancouver, who submitted a specimen with an area of 224½ inches.

Five hundred school-age boys and girls of Montreal recently took advantage of the unique all-expense trip operated by the Canadian Pacific Railway from that city to Ottawa and were addressed in the Parliament Buildings by Rt. Hon. R. B. Bennett, Prime Minister of Canada. Sight-seeing auto-bus trips across Ottawa included inspection of the Houses of Parliament, the Memorial Tower and Hall of Fame, and a special recital of the 53 bells of the famous Carillon Tower.

Bob Murray, Quebec's No. 1 tennis player, and Lund Watt, second ranking Canadian player, were singled out for praise by "Big Bill" Tilden, who sailed recently by the Empress of Britain for England. "They are championship players in the making," said the one-time world's champion.

Five cruises in one may be made this winter on the Empress of Australia sailing from New York January 18. They are: the Mediterranean Cruise, the East African, South African, South American and West Indian. There is a full week in Egypt, numerous stops on the east coast of Africa, 12 full days ashore in the Union of South Africa, four stops in South America and return via Trinidad, Jamaica and Cuba.

Leading a baseball tour of the Orient and interviewed aboard the Empress of Japan en route to Tokyo, Conn'e Mack, manager of the Philadelphia Athletics, said it was his ambition to continue as manager until "I have passed my eightieth birthday." He is now in his 71st year.
