Only a good watch

combines real usefulness and beauty

A watch, to be useful, must do more than give good timekeeping service. It must give this service regularly, without interruption, save for accident or the cleaning and adjustment every watch must have. Only a *good* watch can give this dependable service.

Beauty, also, which nowadays must include style—is found only in a good watch. Cases by Wadsworth—acknowledged style leaders in the dress of fine watches—protect and beautify the high-grade movements in our showing.

Come in and look over the many exquisite designs in modern watches. We are sure you will find at least one style exactly suited to your taste.

The W. I. met in the Community Hall for a social afternoon and the election of officers on Thursday last and twenty-five were present. Wickens; 2nd Vice., Mrs. T. Saul; Sec.-Treas., Mrs. Russel Ellis. We were pleased to get some new members from among the ladies at the Power House. Financially the Institute had a good year, about $400 being taken in and a balance on hand of $37. Plans for a 3rd of June celebration were completed, also a committee appointed as follows: Sports, Russel Ellis; Softball, Mrs. R. Ellis; Band, Mr. F. J. Weber; Horseshoe, Mr. F J Weber; Tug-of-war and other games, Mrs. D. A. Graham program, Mrs. A. E. Myles, Mrs. W. T. Ellis and Mrs. S. S. Burritt. The secretary to ask the members for baking. Mrs. J. Thompson of Flesherton visited with Mr. and Mrs. C. Thompson, for a few days.

The other day some boys pulled off an interesting stunt when they climbed the rock and put cedar trees across the projecting pinnacle and crossed over. They made a rope secure around the body of Harold Thompson and another to a tree for a ladder, and Norman Burritt lowered him down twenty feet over the face of the cliff. They succeeded in securing four baby chicken hawks. This is the third time anyone has made the attempt to secure the hawk's nest, alhough not of recent years, as the pinnacle has opened from he main rock over twenty feet. The boys still have the hawk's in captivity and they present an interesting attraction. Harold is to be congratulated on his venturesome exploit.

Mr. S. S. Burritt will soon have the bank building fitted up for the store of Mr. S. Osborne.

IN MEMORIAM

BLAKELY—In loving memory of our dear wife and mother, Mrs. Thos. A. Blakely who entered into rest May 31st 1926.

We watched her suffer day by day,
It caused us bitter grief,
To see her slowly pine away,
But could not get relief,
Long days, long nights, she bore the pain,
To wait for cure, but all in vain,
But God Himself knew what was best,
He took her home and gave her rest.

Sadly missed by husband and family.

The body of Gordon Pratt, the Collingwood boy, who was drowned in the harbor March 30, was found washed ashore opposite the scene of the fatality.

for Good used cars -- go to the dealer who sells Good new cars

THE popularity of the new models is one reason for the high quality of our stock of used cars. It is not necessary for us to take every car offered in trade, nor is it necessary for us to make an excessive allowance on a used car to sell a new one. Therefore our stock of used cars is limited to machines in good running order, many of which are no more than broken in. All the used cars on our floor are of more than ordinary value as can be judged from those listed here. However, to fully appreciate them, they must be seen, so call in at the showrooms and we will be pleased to help you in the choice of a good used car to suit your needs.
