Buying on the Installment Plan

Purchasing commodities by paying "a dollar down and a dollar a week" has grown into great popularity. Often the object purchased is worn out before it is payed for, and the purchaser continues to pay. Buy yourself a fortune on the installment plan by placing regular instalments of your earnings in a Standard Bank savings account. The money is always available for use if required and there is no depreciation, but accuring interest as time goes on.

Many farmers in this district have finished seeding and are now enjoying the copious showers. Further south in Proton township the outlook is not so promising, as very few farmers have much crop in and the condition is alarming.

Enthusiastic fishermen and women were out in force on Tuesday and some very repectable catches have been recorded. One sixteen inch trout was captured that measured ten inches around the girth and weighed an even two pounds. Grey County streams and lakes cannot be beaten for trout in Ontario.

A presentation was made on Monday evening to Mrs. Ross Stevens (nee Annie Gilchrist) at her home, south of town, of a beautiful Coleman lamp, by the people of Flesherton as a token of esteem. Mrs. Stevens was taken by suprise on the presentation and she thanked those who presented the gift, and was much pleased with the lamp.

Dog Causes Excitement

Some dogs are taught to perform very wonderful tricks and to repeat them time after time in a faultless manner, but there is one trick, not a funny one either, that F. W. Duncan, hardware merchant, desires not to see given again. It was the feat of a certain small dog of town to become lost in the cellar of W. L. Wright's building and in wandering around to find an outlet got caught between the ceiling and the upper floor directly over the hardware store. Frank heard the noises as the dog tried to escape from prison, and on going to the rear of the store to investigate the sounds, was greeted by the dog suddenly breaking through the ceiling and dropping onto a table upon which fancy chinaware and dishes were on dipslay. There had been a hole in the ceiling from the time of the J. & W. Boyd occupation; heavy paper had been tacked upon the ceiling and it was this the pup broke through in his eargerness to escape from his bondage. Upon the completion of the trick it was found that a number of dishes were broken, but the doggie, unmindful of the damage he had wrought, but no doubt thanking his stars that he had escaped from his prison and a probable trip to the canine hunting grounds, scuttled for home as fast as his tail uould follow him.

ADDITIONAL LOCALS

A policy-holder in the Sun Life received $1802.30 on a $1000.00 policy maturing this year. Learn about these results from Stan Thurston, Advance Office, or Meaford, Ont. Remarkable high profits are an outstanding feature of Sun Life Assurance.

Likely To Be Four Teams in Centre Grey

Four teams are expected to enter the Centre Grey Baseball League for the season of 1927, Kimberley, Dundalk, Markdale and Flesherton. It is not expected that Vandeleur can round up a team this year, but they would be a welcome addition in the team race, as Vandeleur has been represented each year since the inception of the League ad we would be sorry to see them forced to drop out. The annual meeting of the League is to be held in the town hall, Flesherton, this Thursday evening when a full attendance of teams represented last year will be in attendance. The weather recently has not been conducive to ball playing and practice has not been indulged in yet, but this week we hope to see a start made.

Anything can be sold by Long Distance

No matter what you have to sell, do not think it cannot be sold by Long Distance. It can—if the price is right. People are rapidly becoming educated to buy by telephone many things they formerly thought they had to examine before purchasing.

Those who have definitely accepted Long Distance for systematic selling tell us — and the number is rapidly growing — that where they do not succeed in making a sale on the first try, the prospect nearly always comes back later to buy.

Get the Long Distance habit. There are 40,000 more telephone prospects in Ontario and Quebec this year.
