ROASTED.

It appears a story printed in a Chicago paper on the poolroom furnishings at the Evanston police station so riled up the plutocratic-autocratic chief that he forbade O. L. Hall, the reporter who wrote the story, to enter the station house thereafter (unless pinched) and that he would receive no more police news.

The chief called in the reporters for the other Chicago papers and demanded that they promise not to "tip" any police news to Hall, directly or indirectly. "Every man who does not promise this will be kept out of the station," was the order. He gave them until the following day to consult their city editors, with the following results:

American—Tell him to go to h—l.

Tribune—Promise him nothing; he is not a dictator.

Record-Herald—Tell him "rats."

Press Association—Talk about nerve! This chap will get into trouble if he tries to intimidate people.

Evanston Press—As a rule it is only the incompetent and weak who are affected by such raillery. Pay no attention to him.

It will be remembered that some time ago this same chief of police, reputed to be a wealthy man, arrested a little messenger boy, the son of a washerwoman and her main support, for riding his wheel without a light, although the boy claimed, and most people believed it, that he had extinguished his light after dismounting. But of course the boy was fined, and although this philanthropic official offered to pay the fine, the boy asserted his independence and refused to accept any favors from his captor.

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at G. B. Cummings'.
