Fire.

On Friday evening last, the late residence of Mr. Henry Pope, on Main Street, Milton, was totally consumed by fire. Fortunately it was unoccupied, and the wind being low the fire did not spread. Loss $ 6, wich we grieve to say was uninsured.

DEMOREST'S MONTHLY.—The September number of this favorite parlor periodical is fully equal to any of those which have preceded it. The illustrations are varied, and brillant as ever and there is a tone of freshness and originality about the entire contents which contrasts remarkably with other parlor publications. We do not wonder ladies prize it: to them it is full of useful and interesting reading and information, besides containing many valuable specialites, in the way of patterns, etc., which can be got from no other source. Three dollars per annum, with a premium. Address—W. Jennings Demorest. 473 Broadway, New York.

WORM LOZENGES

ARE a certain and safe remedy for worms in children and adults. It is a well known and melancholy fact that one great cause of death among children is from worms alone it cannot be too deeply impressed upon the minds of parents the necessity of closely watching their children. By so doing and understanding the symptoms and true cause of the disease, thousands of children might be saved from early graves.—SYMPTOMS OF WORM—The following are a few of the very numerous symptoms and diseases which are caused by Worms, deranged appetite, emaciated extremities, offensive breath, frequent picking at the nose, grinding of the teeth during sleep, and sometimes convulsive fits, pain in the head and stomach, unquiet sleep, faintings, trembling, coughs, indigestion, low spirits, frightful dreams, and a gradual wasting away of flesh. They are palatable and self-administered to the child—drive out the worms thoroughly without pain and completely cleanse the stomach—thereby doing away with the necessity of administering Castor oil or other unpleasant cathartics.—Each box contains the fact simile signature of Northrop & Lyman, Newcastle, C. W., who are the sole proprietors. N. B. Ask for Holloway's Worm Lozenges, and take no other. Sold by all the Druggists in Milton and medicine dealers everywhere. 22

TO THE

INDEPENDENT ELECTORS,

OF THE

COUNTY OF HALTON!

GENTLEMEN:

Having received the unsolicited and unanimous nomination of the Reform Convention of this important County, as Candidate for the Legislature of Ontario, I must express the deep sense I entertain of the honor thus conferred upon me. In entering Parliament I have no private ends to serve, and no personal objects to attain. Had I consulted my own business interests, I certainly would never seek to enter into political life, but as you have done me the honor to nominate me as your Candidate, I trust that if elected you will find that your decision and confidence have not been misplaced.

Having resided in the County for over forty years I am acquainted with the struggles of the early settlers, as well as the requirements of the progressive state of the County, and flatter myself that I know somewhat of the wants and desires of its inhabitants.

My political opinions are what they always have been; I belong to the old fashioned Reformers, and hold the distinctive features of that party. The following are some of the cardinal articles of my political creed.

Equal Civil and Religious liberties to all classes of Her Majesty's subjects, irrespective of origin, creed or color, equal privileges to all religious denominations, no Parliamentary interference in matters of religion, no grants to denominational colleges, responsible government, the settlement of the wild lands of the Crown by free grants to actual settlers, the most rigid economy in the public expenditure, consistent with the due administration of the public departments no spending of the public money without the sanction of Parliament.

Being strongly in favor of maintaining the Union, and especially that feature of it which gives us control over our own Local affairs, I will not pursue, as your representative, a course that would in any way endanger the Federal principle contained in the Union.

I am a Loyal British subject, no Annexationist, and an honest Reformer.

Should you have that confidence in me as to return me at the approaching election, you may always rely upon my best energies being devoted to promote the interests of this County and the Province of Ontario.

I have the honor to be
Gentlemen,
Your obedient servant,
WM. BARBER.

PROOFS OF THE SUPERIOR QUALITY

OF THE

AMERICAN WATCHES

MADE AT

WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Co., of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate less complex, more durable, better adapted for general use, and more easily kept in order and repaired then any other watches in the market.

They are simple in structure, and, less likely to be injured than the majority of foreign watches. They are composed of from 125 to 100 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have is shown by the following letters:

PENN. RAILROAD COMPANY.

OFFICE OF THE GENERAL SUPERINTENDENT, ALTOONA, PA., 15 Dec., 1866.

GENTLEMEN: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS
General Superintendent.
American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD

LOCOMOTIVE DEPARTMENT, WEST DIVISION, ROCHESTER, Dec. 24, 1866.

GENTLEMEN: I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses.—They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
CHARLES WILSON, G. Chief Engineer, Brotherhood of Locomotive Engineers,
American Watch Co., Waltham, Mass.

We make now five different grades of watches, named respectively as follows:

Appleton, Tracy & Co.,	Waltham, Mass.
Waltham Watch Co'y,	Waltham, Mass.
P. S. Bartlett,	Waltham, Mass.
Wm. Ellery,	Boston, Mass.
Home Watch Company,	Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a requisite for a reliable time-keeper. Every dealer selling these Watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.
