Well! Well!

The widows and widowers of Flesherton think that 2 months is not long enough to work up a matrimonial case, as none of them have claimed our wicker chair. Now to be fair, we do not feel like trying to sell this chair as a new chair,on account of so many of the would-be contestants of our village coming in and sitting in it and just dreaming how they were going to win it, so we have decided that we will make the same offer to the first widow or widower to get married, who resides in any of the small villges aroundus: Ceylon, Proton, Maxwell,, Feversham, Kimberley, Eugenia and Priceville. The deal must be all finished up and the wedding over by Nov. 1st, 1927. We feel sure that there will be several couples make our Flesherton widows and widowers look slow, during the next two months. Let's go.

Our motto is: **"SERVICE."**

MERCHANTS! OBSERVE THIS! CUSTOMERS LIKEWISE!

Down in a certain town a man went into a lumber yard to buy some nails and asked the price. It was $3.20, the dealer said.

"Good gracious," said the man. I can get the same thing from a mail order house for $2.82.

"That's a low price," said the dealer, but I'll sell it on the same terms as the mail order house just the same.

"All right," said the customer, "You can send it along and charge it to my account."

"Not on your life," replied the dealer. "No charge accounts. You can't do business with mail order house that way. Fork over the cash."

The customer handed over the cash.

"Now two cents for postage and five cents for the money order."

The customer inwardly raving, kept to his agreement and paid the 7 cents.

"Now thirty-five cents express."

"Well I'll be — the customer said, but paid it, adding: "Now hand me it and I'll take it home for myself and be rid of this foolery."

"Hand it to me? Where do you think you are? You'll have to wait a week.

Whereupon he paced the nails behind his counter. "That makes $3.24 he said. It has cost you four cents more and taken you a week longer to get it than if you had paid my price in the first place."

PULLETS LAYING AT FOUR MONTHS

Mr. A. R. Boyes, 9th line, has White Leghorn pullets that were hatched during the last week in March and commenced to lay on August 4th. He presented us with the proof in shape of an egg, the first attempt of the pullets in question. While a little under size and weight, the product was an important feat for the youthful producer and was something to cackle over just the same.

Can any of her poultry friends beat this at the age of four months and a few days?—Meaford Express.
