DON'T STAY AFTER TEN.

To Young Men Who Prolong Their Calls to Unseasonable Hours.

I've just a word to say to you,
When one you come to see,
You know that none in all the world
Is half as dear to me
'Tis this I would request of you,
That when you come again,
To see me in the even' time,
You won't stay after ten,

For after ten as moments fly,
I tremble o'er and o'er,
Lest papa's visage I should see
Come peeping at the door.
He's there to execute his threat,
He said he'd surely come,
(If e'er you stayed so late again.)
And tell you to go home.

And so though your society
Makes heart and pulse throb warm;
I heave a sigh of vast relief
At your retreating form.
You know that you are welcome, aye,
Oh! best beloved of men:
But many a scolding you have caused,
By staying after ten.

—*Fireside Friend.*

An Expensive Joke.

A man who plays practical jokes upon his wife deserves to be punished, and Slatterly of Muncy was punished. His wife has a wholesome dread of cats, and before she retires at night she always looks carefully under the bed to see that no stray puss, or man on kittenry intent, are concealed there. A few nights ago, after Mr. and Mrs. Slatterly had retired, Slatterly, who had been learning ventriloquism, thought he would amuse himself and scare his wife by gently yowling and making the sound come from under the bed. Mrs. Slatterly instantly sat up in the bed and exclaimed:

"Josiah, I do believe there is a cat in this room."

"Oh, nonsense," grunted Slatterly; and then he made the sound again.

"I tell you, Josiah," exclaimed Mrs. S., "I hear a cat under this bed. I wish you'd get out and drive it away."

"Oh, go to sleep, Matilda," said Slatterly. "I don't hear anything. There's no cat about."

Then Josiah, with his mouth beneath the covers, uttered a louder screech than before.

"Well, if you won't clear that cat out, you brute, I will," said Mr. S.

So she reached over, picked up Josiah's boots, and put them on in bed in order to protect her feet and ankles from the infuriated animal. Then she took Slatterly's cane and stooped down to sweep it around beneath the bed. Just as she did so, Josiah emitted a fearful yell, which might come from a cat in the last paroxysms of hydrophobia. This startled Mrs. Slatterly so that she sprang backwards, and, in so doing, she stumbled against the baby's cradle, which was overturned, and she went head-foremost against the twenty-five dollar looking-glass on the bureau, while the cane flew out of her hand and lighted with considerable force on the head of Mr. Slatterly.

The screams of Mrs. Slatterly aroused the whole neighborhood and even brought out the fire department, so that by the time the baby was rescued from the wreck and the broken glass picked up, two engines had streams playing upon the house, and the front had been burst in by the police; and the firemen were engaged in dragging a wet hose over the entry carpet and up the front stairs just as Slatterly came down to explain things. That feline ventriloquism cost him just ninety dollars for carpets and looking-glasses, and a contusion on the head which the people of Muncy believe to this hour that he received in a pugilistic encounter with his wife.—*Max Adeler.*

BRIGHAM YOUNG.

An old woman in the county of Durham, England, eighty-one years of age, of the name of Bigham, thinks that Brigham Young is her husband, who deserted her and their children and disappeared from England forty years ago. It appears that her husband Brigham was the natural son of a man named Young and a woman named Brigham; that he was adopted by a man named Allen; that after the young man's marriage he proved to be anything but a devoted husband and father; that he worked for some time in London as a cooper under the name of William Brigham, and that he left London and his wife and children to join the Mormons in America. The man would be now in the seventy-sixth year of his age, and our inquiring correspondent evidently believes that President Brigham Young, of the Latter Day Saints of Utah, is the long lost husband of the aforesaid Mrs. Brigham. We cannot undertake the task of assisting the interested parties in England in gathering up the evidence required to establish the supposed claims of Mrs. Brigham to the position of the first wife of the great Brigham of Utah. That famous English traveller, Richard F. Burton, in his "City of the Saints," says of the Mormon prophet, that he was born at Whittingham, Vt., on the 1st of June, 1801, and as Burton in this statement is relating a conversation held with the prophet himself we conclude that he speaks by authority. We had supposed, however, that Brigham Young was a native New Yorker. Still, between the general description of the person of Young as given in our letter from England, and that of Burton—allowing for the interval of thirty years—there is a remarkable coincidence. Burton speaks of a slight droop in the lid of the left eye, which made me think he had suffered from paralysis," and our English letter refers to the same peculiarity. However, many distinguished characters in all ages of the world have been claimed in different persons and by different places.—*N. Y. Herald.*

Droll Duellists.

One of the funniest duels on record was that in which Sainte-Beuve was engaged. It began to rain after he had taken up his position, whereupon he coolly held his umbrella over his head with the left hand while holding the pistol in his right. The expostulations of his witnesses had no effect upon him. "It is all very well to be killed," said the famous essayist, "but I object to catching a cold in my head." There is a droll story about Perpignan, a literary Boniface, having an encounter with Charles Maurice at five paces. The former having fired, and contrived to miss, the other taking a deliberate aim, said to his antagonist: "Well, now, before I send you into the other world, tell me what you are thinking of." "I'm thinking that if I were in your place I would not fire," said Perpignan; and he owed his life to his presence of mind.

It is thought the Government will get 150 seats out of the 206.

Sensible Talk to Girls

Your every day toilet is a part of your character. A girl who looks like a "fury" or a slovenly morning is not to be trusted, however finely she may look in the evening. No matter how humble your room may be, there are eight things it should contain, viz: a mirror, wash-stand, soap, towel, hair, nail and tooth brushes. These are just as essential as your breakfast, before which you should make good use of them. Parents who fail to provide their children with such appliances, not only make a great mistake, but commit a sin of omission. Look tidy in the morning, and after the dinner work is over, improve your toilet. Make it a rule of your daily life to "dress up" for the afternoon. Your dress may, or need not be, anything better than calico; but with a ribbon, or flower, or some bit of ornament, you can have an air of self-respect and satisfaction, that invariably comes with being well dressed. A girl with fine sensibilities cannot help feeling embarrassed and awkward in a ragged dirty dress with her hair unkempt, if a stranger or neighbor should come. Moreover, your self-respect demand the decent apparelling for your body. You should make it a point to look as well as you can, even if you know no-body will see you but yourself.

Going to Bed.

We should never go to bed with a hope for rest, sleep and perfect repose, until we are "all ready." The *preliminaries* for retirement are all just as important as are those for the day's duties. We must not go to bed with an overloaded stomach, in an anxious or troubled state of mind, with cold extremities, or without anticipating and responding to the calls of nature in all its respects. Standing over a register, before a fire, or in a stove-heated room, is not the best place to get warm, for a night's sleep. We should take such vigorous exercise as will give quick circulation to the blood, and not depend on artificial, but on natural heat. Attention to all these things should be followed by such devotional exercises as will bring all the feelings, emotions and sentiments into accord with the Divine will, subduing passion, removing hatred, malice, jealousy, revenge, and opening the portals of heaven to all who seek rest, peace, and sweet repose. It is a happy custom with many to conclude the evening's proceedings by singing a sweet, quiet hymn—"The day is past and gone," etc.—which brings all present into delightful union with each other and with the world.

A Duel in New Orleans.—The particulars of a recent affair in New Orleans are thus given by the *Republican*: "The difficulty between Messrs. Whitney, of the *Picayune*, and Drury, of the Secretary of the State's office, was ended yesterday. A good many hard words and some blows had passed between the parties previously, and the code was appealed to. The sword was selected by the seconds, Messrs. Quintero and Fabre, for Mr. C. E. Whitney, and Messrs. Fortier and Montemart, for Mr. George Drury, as being the fairest weapon, neither of the gentlemen knowing anything of the art of fence. The peculiar Colchimard was selected, and the parties jabbed at each other until Mr. Drury's clothes were cut in two places and Mr. Whitney received a severe but not dangerous wound in the left arm. Then they shook hands and felt better. Mr. Whitney did up his wound and went to the races, and Mr. Drury went to his office."

Breakfast.—Epps's Cocoa.—Grateful and Comforting.—"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by careful application of the fine properties of well selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills."—*Civil Service Gazette.* Made simply with boiling water or milk. Each packet is labelled—"James Epps & Co., Homœopathic Chemists, London."

Manufacture of Cocoa.—We will now give an account of the process adopted by Messrs. James Epps & Co., manufacturers of dietetic articles at their works in the Euston Road, London.—See article in *Cassell's Household Guide*

Have you a cough, cold, pain in the chest, or bronchitis? In fact, have you the premonitory symptoms of the "insatiate archer," consumption? If so, know that relief is within your reach in the shape of Dr. Wistar's Balsam of Wild Cherry which in many cases where hope had fled, has snatched the victim from the yawning grave.

Twenty years experience in using "Bryan's Pulmonic Wafers" have proved them to be the most effectual remedy for coughs, and irritation of the throat, caused by cold, or unusual exertion of the vocal organs; public speakers and singers will find them most beneficial. The entire freedom from all deleterious ingredients renders "Bryan's Pulmonic Wafers," or Cough and Voice Lozenges, a safe remedy for the most delicate person, and has caused them to be held in high esteem by all who have used them. Sold by all medicine dealers at 25 cts. per box.

Asthmatic Bronchitis of Nine Years' Standing, Cured by the Syrup.—St. John, N. B., August 14, 1869.—Mr. James I. Fellows—Dear Sir: I consider it my duty to inform you of the great benefit I have received from the use of your Compound Syrup of Hypophosphites. I have been, for the last ten years, a great sufferer from Bronchitis and Asthma, at times so ill that for weeks I could neither lie down nor take any nourishment of consequence, and during the time suffering intensely. I have had at different times, the advice of twenty-two physicians.

The least exposure to either damp or draught was sure to result in a severe attack of my disease. Finding no relief from all the medicines I had taken, I concluded to try your Compound Syrup of Hypophosphites, and have great reason to thank God for the result. I have, in all, taken twelve bottles, and now I feel as strong and well as ever I felt in my life, and for the last year have not had one moment's sickness, and neither does dampness or draught have the least effect upon me. Were I to write on the subject for hours, I could not say enough in praise of your invaluable Compound Syrup of Hypophosphites, or give an adequate idea of my sufferings.

You are at liberty to make what use you please of this letter, because I hope its publicity may be the means of benefiting other sufferers as much as it has me.

I remain yours, respectfully,
MRS. HIPWELL, Exmouth Street.

Electricity! Thomas' Excelsior Eclectric Oil.—Worth Ten Times its Weight in Gold.—Pain cannot safy where it is used. It is the cheapest medicine ever made. One dose cures common sore throat. One bottle has cured bronchitis. Fifty cents' worth has cured an old standing cough. It positively cures Catarrh, Asthma and Croup. Fifty cents' worth has cured crick in the back, and the same quantity lame back of eight years standing. The following are extracts from a few of the many letters that have been received from different parts of Canada, which, we think, should be sufficient to satisfy the most skeptical. J. Collard, of Sparta, Ont. writes "send me 6 doz. Dr. Thomas' Eclectric Oil, have sold all I had from you and want more now; its cures are truly wonderful." Wm. Magnire, of Franklin, writes, "I have sold all the agents left, it acts like a charm—it was slow at first but takes splendidly now." H. Cole, of Iona, writes, "please forward 6 dozen Thomas' Eclectric Oil, I am nearly out; nothing equals it. It is highly recommended by those who have used it." J. Bedford, Thamesville, writes—"Send at once a further supply of Eclectric Oil. I have only one bottle left. I never saw anything sell so well and give such general satisfaction." J. Thompson, Woodford, writes—"Send me some more Eclectric Oil. I have sold entirely out. Nothing takes like it." Miller & Reed, Ulverton, P.Q., write—"The Eclectric Oil is getting a great reputation here, and is daily called for. Send us a further supply without delay." Lemoyne, Gibb & Co., Buckingham, P.Q., write "Send us one gross Eclectric Oil. We find it to take well."

IRON IN THE BLOOD

MAKES THE WEAK STRONG.
The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.
This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhea, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.
Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.
See that each bottle has PERUVIAN SYRUP *blown in the glass.*

Telegraphic Institute.
YOUNG MEN IF YOU WANT A first-class business education attend the London Commercial College. In no other city in Canada can a commercial education be acquired with so small an outlay as here. During the past year we have been very successful. The number of students in actual attendance during the year ending Sept. 73 was OVER TWO HUNDRED—more than that of any other institution of the kind in the Dominion. Our course of business instruction is the most thorough, systematic, and progressive ever introduced, in any College in Canada.
We have a number of ladies taking the Commercial course and expect more, to whom we allow a very liberal discount. Circulars with full particulars, and specimens of penmanship sent free on application.

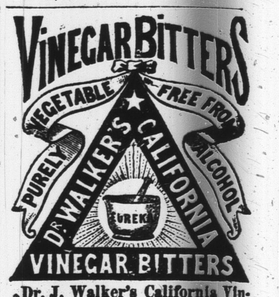
VINEGAR BITTERS



Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of Vinegar Bitters?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.
The properties of Dr. Walker's Vinegar Bitters are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.
Grateful Thousands proclaim Vinegar Bitters the most wonderful Invigorant that ever sustained the sinking system.
No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.
Bilious, Remittent and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.
Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus fore-armed.
Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.
Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional diseases, Walker's Vinegar Bitters have shown their great curative powers in the most obstinate and intractable cases.
For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.
Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of Walker's Vinegar Bitters occasionally.
For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring-worms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.
Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics will free the system from worms like these Bitters.
For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.
