The Money Loosing Cow

The average production of milk per cow in Canada is about 4000 pounds annually but authoritiesare agreed that the higher the production per cow the greater the profit. You can materially increase the productivenessof your herd by breeeding better live stock and the local branch of theStandard Bankof Canadais at your service in supplying loans for the purchase of stock which will give greater cash return for the feed and labor expended.

Funeral of Late Jas. Fisher Largely Attended

The funeral of the late James Fisher who passed away on Monday, August 29th, took place on Wednesday of last week. Service was held at the residence of his daughter, Mrs. Harry Patton, 4th line, Artemesia, Rev. M. Saunders preaching a very comforting sermon to the bereaved ones. The interment took place in Flesherton cemetery and was under the auspices of L. O. L. 1132, of which he had been a member for forty-seven years and for a great number of years was secretary-treasurer of the Lodge. The funeral was largely attended as the deceased was held in the highest respect by everyone. He was a member of St. John's United Church, was a kind and willing neighbor and will be much missed from the community by all his friends.

The late Mr. Fisher was born in Artemesia township 74 years ago and in 1881 was married to Miss Sarah McComb of Port Hope. Since their marriage they lived on their farm on the 4th line, Artemesia, until fourteen years ago, when they moved into Flesherton. Sixteen months ago his wife predeceased him. To them five children were born, one son, Mr. T. J. Fisher, of town, and four daughters, Mrs. S. N. Leader and Mrs. R. McGeoch of London, Mrs. Harry Patton on the 4th line, Artemesia, and Miss Ida Fisher of Toronto, all of whom were present at the funeral. Miss Ida Fisher has spent the past year tenderly caring for her father, who had been in failing health.

The many floral tributes were beautiful and were presented by: Pillow, the family; wreath, L.O.L. 1132; sprays, grandchildren, Mr. J. Blackburn and family, Mrs. Jas Chard, Carlton St. United Church Bible class of which Miss Fisher was a member, spray from the girl friends at 60 Alexander St., spray from the office where Miss Fisher worked, spray, Mr. Bert Patton; spray, Dr. and Mrs. Ottewell.

Friends from a distance who attended the funeral were: Mr. John Brothwell, Mr. J. H. McComb of Port Hope. The pallbearers were six nephews of the deceased Robert, Archie, Harry, Sammie, Edward and Wallace Fisher.

Still Climbing the Ladder

W. Stanley Ferguson, a boy in the Priceville Public School some years ago, went to Owen Sound Collegiate, and obtained his 2nd class with honors. After spending a term in Durham model school, he took charge of Kimberley public school. His next step was to return to O. S. Collegiate and take his 1st class with honors, and was that year one of the five who had the highest marks in all Ontario. After training for a year at the University, James L. Hughes called on him and requested him to take a fourth class room in the Huron St. school, and the term he taught in that school previous to going overseas, he had a class of 50 boys writing the entrance exams. and 48 passed much to the delight of the school officials. When he came back from Siberia with the C. E. F. he was placed on the staff of the Central High School of Commerce, Toronto, and at the same time wrote exams at Queen's University and obtained his B. A. By further study and success in his exams during the past year he became a specialist in English and History. He is now placed in charge of a department with over 20 teachers in it and of course the additional raise in salary will be considerable. What will the next step be? There is always room at the top. We would like the boys and girls of to-day to remember.
