A Curious Fact.

That in severe chronic cases which have proved the most obstinate to other medicines, Wilson's Compound Syrup of Wild Cherry gives immediate relief and effects a speedy cure. It has no equal for Coughs, Colds, Coryza, Bronchitis, Loss of Voice, Catarrh, Whooping Cough or Croup.

Mr. B. A. Webber, of the firm of Winslow & Webber, Hamilton, gives us particulars of the following remarkable case: His wife, having caught a very severe cold, lost her voice so completely that the family could not understand a word she said. In this distressing emergency he was advised to try Wilson's Wild Cherry, and was astonished to find it effect a cure in four days. Try it. Sold by all leading druggists. 29-4t

A "REMARKABLE PUBLICATION," of Frank Leslie's Sunday Magazine is remarkable for the abundance and the varied character of its attractive features. It is impossible to convey, in an ordinary notice any idea of the richness of its contents literary and artistic; we heartily recommend it those of our readers who desire to obtain a highly interesting instructive and edifying publication. The aim of the editor (Rev. Dr. Deems) is to inculcate morals and religion—not by dry, hard homilies, but by every style of literature, which can make the truth attractive and pleasing. Each number contains serial and short stories, essays, biographical sketches, poems, music, anecdotes, a sermon, and a comprehensive miscellany abounding with valuable information and entertainment. The present number opens with a profusely illustrated description of a visit to that singular community, the Lebanon Shakers; it is very graphic and exceedingly interesting. "Hints for a Sunday School" is well worthy of the consideration of all denominations of Christians. A number of characteristic anecdotes of the late Bishop Early of Virginia will command special attention. The admirable serial "David Fleming's Forgiveness," is continued, and the juvenile story, "In Mischief Again" concluded. There are several excellent short stories, sketches, essays, etc., poems by celebrated writers, sermon by the editor on the topic, "The Kingdom of God," etc., etc., filling 128 quarto pages, the illustrations numbering nearly 100. The price is only 25 cents a number; the annual subscription $3, post-paid. This is the time to subscribe, either for the year or for six months, $1. Address, FRANK LESLIE, 53, 55, and 57, Park Place, New York.

A singular suit, not without its comical aspects, has been brought into a St. Louis court by one H. M. Stone, proprietor of a small show, which he ambitiously calls a museum, against the Commercial Insurance Company, for damages incurred by this wise: The Company, while removing the wall of a building recently burned, allowed it to fall on the roof and floors of the adjoining museum, thereby creating sad havoc. Stone's stock, to term it such, was of a perishable sort, consisting, in part, of a white raccoon, a Mexican stingaree, a mermaid, a wax figure of Henry Ward Beecher, an image of the devil, a picture of the battle of Vicksburg, and various other things valued at $6,000. These were so demolished that it was very hard to distinguish the mermaid from the stingaree, or Henry Ward Beecher from the devil. They were rendered so useless for exhibiting purposes that the devil, or such part of him as was solid, had to be sold for old iron, and Beecher, being of wax, was melted into candles, and so contributed, not to the illumination of Plymouth Church, but of a very secular beer-garden. The devil and the preacher were the two objects Stone prized above all, and he pathetically remarked that he would rather have lost the raccoon, stingaree, mermaid, and picture of Vicksburg than either of those. He said that the first thing his patrons always wanted to see was Beecher, and then the devil. The question is too complicated to be speedily decided.

ANNOUNCEMENT.—The following is taken from a San Francisco paper. Has it any application to our cities?

"We are requested by the young ladies of Grace Church to announce that the Young Men's Idiot Club will meet in front of said place of worship, as usual, immediately after morning service to morrow, Past Grand members of the Order will be distinguished by wearing eye-glasses, and an occasional opera-glass, in their ranks will be an agreeable improvement. We are also requested to suggest that the regular stereotyped remarks of the Club be made at least three octaves higher than usual. Very many of such complimentary exclamations as 'Way up figure that,' 'Infernal neat foot, my boy,' and 'Did you stag the bronze boots, Noddy,' do not fairly reach the ear of the party for whom they are intended. Speak up, gentlemen, and put on as much style as those new four dollar ulsters will allow."

EDUCATIONAL.—We have received the first number of *The Canada Educational Monthly* edited by G. Mercer Adam, Toronto. It is a handsome magazine of about 75 pages, with articles on important educational questions from the pens of those who are most capable of dealing with them. It has received the most flattering encomiums from the Minister of Education, and Deputy, and from numerous professions, principals, inspectors &c. It should be read by all school teachers and others interested in school matters, and its low price, $1.-50 per annum or 15c. per number, is a small consideration in comparison with the information that may be gleaned from its pages.

H. Baldwin, of Monroe City, Ind., writes under date of Dec. 3rd, 1877, that his wife used Dr. Pierce's Favorite Prescription with wonderful results. It effected her entire cure, after several physicians had failed. The many similar letters positively affirming that the Favorite Prescription had cured the diseases and weaknesses peculiar to women, induced Dr. Pierce to sell it under a guarantee. Ladies need no longer submit to useless and painful local treatment, as the Favorite Prescription is a safe, sure, and speedy cure. Hundreds who was bed-ridden for years have been restored to perfect health by its use.

It is believed William H. Vanderbilt will erect a handsome residence on his Fifth-avenue lots at Fifty-first-street costing probably $1,225,000. Wm. H. Vanderbilt's present house is too small to accommodate his family. He is said to be buying about $500,000 worth of paintings yearly, and has filled both his picture gallery and drawing-room to overflowing. Among his recent purchases are several very fine Meissoniers.

CENTENARIAN.—Among the death notices in the New York *Sun* of the 9th inst., we notice those of Grace Holman, Boston, aged 101 years, and Gibson Gray of Irwin Co., Georgia, aged 100 years and one day. Up to a short time before the death of the latter he could walk ten miles or more in a day.

'79. THE WEEKLY GLOBE. '79.

With the close of its present volume, THE TORONTO GLOBE completes the thirty-fifth year of its publication; and its conductors feel that they can look back with satisfaction and just pride on the part it has taken, and the beneficial influence it has exercised, in all the prominent political movements and contests for good government, since the day of its establishment. The unequalled and unswerving support it has throughout received among all classes of the Canadian public, is at once the best reward, and the highest possible testimony to the efficiency and fidelity to public interests with which it has been conducted. As in the past, so in the future, shall the earnest efforts of its conductors be put forth in favour of whatever tends to secure just and economical government, the material prosperity of the masses, and the promotion throughout the land of religion, good morals, education, temperance, and social happiness.

Heartily convinced that Canada could hold no position higher or better, or more conducive to material progress, than that she now enjoys as the foremost self governed Province of the British Empire, the conductors of THE GLOBE will continue zealously to sustain whatever tends to the perpetuation of the happy existing relation.

Thoroughly believing that the best policy for Canada is that which shall promote increased traffic with foreign countries, and that system of taxation the best which falls most lightly on Industry and the Industrial classes, THE GLOBE will continue to advocate energetically the abolition of Custom duties on raw materials, and the maintenance of a revenue tariff pressing lightly or not at all on the necessaries of life, but heavily on articles of luxury. It will continue to oppose the imposition of Custom duties framed especially to punish Foreign Countries for actual or imaginary hostility in their commercial policy; or specially to exclude British and foreign manufactures from the country; or specially to keep certain branches of industry in existence that cannot be sustained without forced contributions from the earnings of the rest of the community.

THE GLOBE will continue to give special attention to the deeply important subjects of European immigration, Railway and Canal Improvement, the Development of the vast Mineral, Timber and Fishery resources of the Dominion, and the speedy Settlement of our Wild Lands.

Agriculture, as the chief industrial interest of the Dominion, receives that constant and anxious attention to which its vast importance entitles it, and all measures for the advancement of its prosperity or injuriously affecting its progress will be watched with care and fully discussed. To the manufacturing and mechanical interests much space will continue to be devoted, and nothing importance affecting them will be allowed to pass unheeded.

NEWS from all parts of the world, up to the latest moment of publication—Parliamentary Debates, Federal and Provincial—Markets and Financial Reports at home and abroad—and Letters of Special Correspondents from all poinns of interest—will be gathered with all the care and energy that has kept THE GLOBE for so long a series of years in the front rank of Canadian journals.

Special Cable Despatches from the London Office of THE GLOBE will continue to be received when incidents of importance to Canada transpire in any part of the British Isles.

THE GLOBE Special Railway Train will continue to leave Toronto for Hamilton, and Western connections at that point, at half-past four each morning.

The Illustrated Biographies of prominent Public Men that have given such general public satisfaction will be continued during the coming year by able and experienced writers. The sketches of Natural Scenery, views of the principal Canadian cities and towns, and views of most notable public buildings of the Dominion, with copious letter press descriptions attached to each, and sketches of the early history of each place, will also be continued by first-class artists.

ECCLESIASTICAL INTELLIGENCE, SCIENCE NOTES AND EDUCATIONAL AFFAIRS will continue prominent features in each number.

The ANSWERS TO CORRESPONDENTS, on every variety of subjects, which have proved so valuable and interesting to crowds of readers, will be kept up with increased vigour.

The annual subscription to THE WEEKLY GLOBE will remain as heretofore, only TWO DOLLARS PER ANNUM, sent *postage free* to all parts of Canada and the United States, payable invariably in advance. The

WONDER of MODERN TIMES!

HOLLOWAY'S PILLS & OINTMENT

The Pills Purify the Blood, correct all disorders of the Liver, Stomach, Kidneys and Bowels, and are invaluable in all complaints incidental to Females. The OINTMENT is the only reliable emedy for Bad Legs, Old Wounds, Sores and Ulcers, of however long standing. For Bronchitis, Diptheria, Coughs, Colds, Gout, Rheumatism, and all Skin Diseases it has no equal.

BEWARE OF
NEW YORK COUNTERFEITS

Spurious imitations of "Holloway's Pills and Ointment," are manufactured and sold under the name of "Holloway & Co.," by J. F. Henry, Curran & Co., Druggists, and also by the Metropolitan Medicine Company of New York, with an assumed trade mark, thus Joseph Haydock. Again one likewise passes of New York, off counterfits of his own make under the name of Halloway & Co., having for a trad mark a Crescent and Serpent; McKessen & Robins of New York are agents for the same.

These persons, the better to deceive you, unblushingly Caution the Public in the small books of directions affixed to their Medicines, which are really the spurious imitations, so Beware of Counterfeits.

Unscrupulous Dealers obtain them at very low prices and sell them to the Public in Canada as my genuine Pills and Ointment.

I most earnestly and respectfully appeal to the Clergy, Mothers of Families and other Ladies, and to the Public generally of British North America, that they may be pleased to denounce unsparingly these frauds.

Purchasers should look to the Label on the Pots and Boxes. If the address is not 533, Oxford Street, London, they are the Counterfeits.

Each Pot and Box of the Genuine Medicines, bears the *British Government Stamp*, with the words "HOLLOWAY'S PILLS AND OINTMENT, LONDON," engraved thereon. On the label is the address, 533, OXFORD STREET, LONDON, where alone they are Manufactured.

Parties who may be defrauded by Vendors selling spurious "Holloway's Pills and Ointment," as of my genuine make, shall on communicating the particulars to me be amply remunerated, and their names never divulged

Signed,
THOMAS HOLLOWAY.

CATARRH
CONSTITUTIONAL
Catarrh Remedy
CURES CATARRH.
Thousands Applaud Its Wonderful Cures.
Hear what a Reverend Gentleman says of the Constitutional Remedy.
To J. B. HARDING, Esq.,
BROCKVILLE, ONT.
DEAR SIR.—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you as at first the happy effects seemed to me to be "too good to be true."
I was afflicted in my head for years before I suspected it to be Catarrh. In reading your circular I saw my case described in many particulars. The inward "drip" from the head had become very disagreeable, and a choking sensation often preventing me from lying long, I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walsertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite cured of that ailment, and have not used any since until of late I have taken some for a cold in my head.
A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this certificate unsolicited, with leave to make what use of it you may see proper.
Yours truly,
W. TINDALL, Methodist Minister.

By its great and thorough blood-purifying properties Dr. Pierce's Golden Medical Discovery cures all Humors, from the worst **Scrofula** to a common Blotch, Pimple, or **Eruption**. Mercurial disease, Mineral Poisons, and their effects, are eradicated, and vigorous health and a sound constitution established. **Tetter, Salt-rheum, Fever Sores, Scaly or Rough Skin**, in short, all diseases caused by bad blood, are conquered by this powerful, purifying, and invigorating medicine.

If you feel dull, drowsy, debilitated, have sallow color of skin, or yellow blotches upon face or body, frequent headache or dizziness, bad taste in mouth, tuberculated coat on tongue, alternate with hot flashes, low spirits, and gloomy forebodings, irregular bowels, you may safely conclude you are suffering from Torpid Liver, or "Biliousness." In many cases of "**Liver Complaint**" only part of these symptoms are experienced. As a purgative for all such cases, Dr. Pierce's Golden Medical Discovery has no equal, as it is entirely vegetable, and mild in its effects.
In the cure of **Chronic Nasal Catarrh, Severe Coughs**, and the early stages of **Consumption**, it has astonished the medical faculty, and eminent physicians pronounce it the greatest medical discovery of the age. While it cures severest Coughs, it strengthens the system and purifies the blood. Sold by druggists.

CATARRH
SYMPTOMS.—Frequent headache, discharge falling into throat, sometimes profuse, watery, thick, mucous, purulent, offensive, etc. In others, a dryness, dry, watery, weak, or inflamed eyes, stopping up, or obstruction, of the nasal passages, ringing in ears, deafness, hawking and coughing to clear the throat, ulcerations, scabs from ulcers, voice altered, nasal twang, offensive breath, impaired or total deprivation of sense of smell and taste, dizziness, mental depression, loss of appetite, indigestion, enlarged tonsils, tickling cough, etc. Only a few of these symptoms are likely to be present in any case at one time.
DR. SAGE'S CATARRH REMEDY
produces radical cures of the worst cases of Catarrh, no matter of how long standing. The liquid remedy may be snuffed, or better applied by the use of Dr. PIERCE'S Douche. This is the only form of instrument yet invented with which fluid medicine can be carried HIGH UP and PERFECTLY APPLIED to all parts of the affected nasal passages, and the chambers or cavities communicating therewith, in which sores and ulcers frequently exist, and from which the catarrhal discharge generally proceeds. Its use is pleasant and easily understood, from directions accompanying each instrument. Dr. SAGE'S Catarrh Remedy cures recent attacks of "**Cold in the Head**" by a few applications. It is mild and pleasant to use, containing no strong or caustic drugs or poisons. Catarrh Remedy, 60 cts. Douche, $1. Sold by druggists.

ANTI-FAT

ALLAN'S ANTI-FAT is the great remedy for Corpulency. It is purely vegetable and perfectly harmless. It acts on the food in the stomach, preventing its conversion into fat. Taken according to directions, it will reduce a fat person from 2 to 5 pounds a week.
In placing this remedy before the public as a positive cure for obesity, we do so knowing its ability to cure, as attested by hundreds of testimonials, of which the following from a lady in Columbus, Ohio, is a sample: "Gentlemen:—Your Anti-Fat was duly received. I took it according to directions and it reduced me five pounds. I was so elated over the result that I immediately sent to ACKERMAN'S drug-store for the second bottle." Another, a physician, writing for a patient from Providence, R. I., says, "Four bottles have reduced her weight from 199 pounds to 122 pounds, and there is a general improvement in health." A gentleman writing from Boston, says: "Without special change or attention to diet, two bottles of Allan's Anti-Fat reduced me four and one-quarter pounds." The well-known Wholesale Druggists, SMITH, DOOLITTLE & SMITH, of Boston, Mass., write as follows: "Allan's Anti-Fat has reduced a lady in our city seven pounds in three weeks." A gentleman in St. Louis writes: "Allan's Anti-Fat reduced me twelve pounds in three weeks, and altogether I have lost twenty-five pounds since commencing its use." Messrs. FOWELL & PLIMPTON, Wholesale Druggists, of Buffalo, N. Y., write: "TO THE PROPRIETORS OF ALLAN'S ANTI-FAT: Gentlemen.—The following report is from the lady who used Allan's Anti-Fat. 'If the Anti-Fat had the desired effect, reducing the fat from two to five pounds a week until I had lost twenty-five pounds. I hope never to regain what I have lost.' Anti-Fat is an unexcelled blood-purifier. It promotes digestion, curing dyspepsia, and is also a potent remedy for rheumatism. Sold by druggists. Pamphlet on Obesity sent on receipt of stamp.

WOMAN
By an immense practice at the World's Dispensary and Invalids' Hotel, having treated many thousand cases of those diseases peculiar to woman, I have been enabled to perfect a most potent and positive remedy for these diseases.
To designate this natural specific, I have named it
Dr. Pierce's Favorite Prescription
The term, however, is but a feeble expression of my high appreciation of its value, based upon personal observation. I have, while witnessing its positive results in the special diseases incident to the organism of woman, singled it out as **the chiefest of crowning gems of my medical career.** On its merits, as a positive, safe, and effectual remedy for this class of diseases, and one that will, at all times and under all circumstances, act kindly, I am willing to stake my reputation as a physician; and so confident am I that it will not disappoint the most sanguine expectations of a single invalid lady who uses it for any of the ailments for which I recommend it, that I offer and sell it under A **POSITIVE GUARANTEE**. (For conditions, see pamphlet wrapping bottle.)
The following are among those diseases in which my **Favorite Prescription** has worked cures, as if by magic, and with a certainty never before attained by any medicines: Leucorrhœa, Excessive Flowing, Painful Monthly Periods, Suppressions when from natural causes, Irregularities, Weak Back, Prolapsus, or Falling of the Uterus, Anteversion and Retroversion, Bearing-down Sensations, Internal Heat, Nervous Depression, Debility, Despondency, Premature Decrepitude, Miscarriage, Chronic Congestion, Inflammation and Ulceration of the Uterus, Impotency, Barrenness, or Sterility, and Female Weakness. I do not extol this medicine as a "cure-all," but it unfailingly fulfills a **singleness of purpose**, being a special system of woman. It will not disappoint, nor work harm, in any state or condition.
Those who desire further information on these subjects can obtain it in THE PEOPLE'S COMMON SENSE MEDICAL ADVISER, a book of over 900 pages, sent post-paid, on receipt of $1.50. It treats minutely of those diseases peculiar to Females, and gives much plain advice in regard to the management of delicate invalids.
