A Returned Missionary Spoke in United Church

Mrs. Ross, a returned missionary from Honan addressed the United Church of Flesherton on Sept. 11th. Those who listened to her were very much pleased with what they heard.

The Chinese are slowly advancing from an atmosphere of continuous wars and ignorance into an understanding what real justice means. In some of the provinces the taxes are paid until 1930, the military demanded them. As the soldiers are not paid they loot all the country they conquer. The common people are very patient under their troubles. The Missionaries did not leave only when ordered to do so by the British Consul as they had word of a general massacre of the Europeans. All the Mission Compounds are looted and work will have to begun in most districts but the Christians are reaiming steadfast. There are only one half a million Christians in a population of over four hundred million.

The postal service in China is now so good that all foreigners trust letters and parcels to it and it is seldom one is lost.

Each nation has its own law for their own people as Chinese method of punishing criminals is not what they would allow. This is sometimes unfair to the Chinese Govt., as a Chinese criminal can escape to the foreign territory and be safe as there is no extradition law. Time will make this right but large bodies move slowly.

Another trouble that China contends with is faminit. This is caused py drouth and flood. Most of the Chinese are farmers. They have two crops a year and if they get either crops they can live but if the drought is so long that they can't sow the second crop famine results and death for most of the people. The Bolshevists are causing some trouble but this is only a ripple and will soon pass off.

Mr. Ross is now in China and other missionaries are waiting to renew work. William C. Burns, one of the first missionaries lived and dressed as a native for five years that he might be able to translate into the Chinese language the real thought of Pilgrim's Progress, which is much eujoyed by all the Chinese.

Dr. McGillvary and wife are now engaged in translating the best books of English literature into Chinese so that those that read can have our best thought. Good books are great civilizers.

BELFRY — REOCH

A quiet but pretty wedding was solemnized on Thursday of last week at high noon, when Isabella, second daughter of Capt. and Mrs. Reoch of Nottawa, was united in marriage to Ralph Sherman Belfry, younger son of Rev. C. A. and Mrs. Belfry of Sutton West. The wedding March was was played by Miss Frances Campbell of Barrie, while the bridal couple took their position in front of a bank of ferns and fall flowers. The bride was attended by her sister, Miss Anne Reoch, while the groom was assisted by his brother, Mr. A. Ray Belfry of Oshawa. The ceremony was performed by Rev. C. A. Belfry, father of the groom.

Following the ceremony a very dainty buffet luncheon was served, after which the bride and groom left for a motor trip East amid showers of confetti and good wishes.

The bride was the recipient of many beautiful and useful gifts, showing the high esteem in which she is held by her friends and acquaintanees. Among these was a Silver Flower Basket and Wax Bouquet of Roses given by the members of the Choir and a pure Irish linen tablecloth from the Talent Workers of the church.

On their return the happy couple will reside in Toronto.
