AMUSEMENT TAX WILL DISAPPEAR

Admissions of Twenty-five Cents and Under Are Freed of Nuisance

Commencing Tuesday, November 1, the Ontario amusement tax will be abolished on all amusement admissions of 25 cents and under

The tax, brought in years ago as a war measure, remains when the price of admission exceeds 25 cents.

According to the estimate of officials of the Provincial Treasury Department, the operation of this Amusement Tax Act amendment passed last session will exempt about 0 per cent. of Ontario theatregoers from amusement tax payment. Patrons of 2½ per cent. of all theatres in the province, they say will be relieved.

Based on the 1926 figures of the Amusement Tax collection, it will mean a saving to the people of Ontario of half a million dollars.

"The policy of exemption from the tax, as applied to entertainments of a charitable, religious or patriotic nature will be continued," declared the Hon. J. D. Monteith, commenting on the alterations to the Amusement Tax Act. The above exemption will only hold of course, provided the major portion of the gross proceeds from such entertainments be devoted to charitable, religious or patriotic purposes. The Provincial Treasurer emphasized that this provision of the act, in connection with the major portion of the proceeds of such entertainments would be strictly adhered to when and after the new legislation became operative.

ALL VEHICLES TO CARRY LIGHTS AT NIGHT AFTER OCT. 1

Highway Traffic Officer Culp Says New Act Will Be Strictly Enforced

On Oct. 1st the law regarding the carrying of lights on all vehicles will go into effect. Highway Traffic Officer J. S. Culp stated to The Advance on Monday that instructions have been received from the Department of Public Highways that this law must be enforced, and that prosecutions for all offences must be proceeded with when caught. The law provides that all horse drawn vehicles must carry a light, visable to all on the highway, on the left side of the vehicle, and it must show a white light in front and a red light in the rear. There will be no warnings given, as the regulations have been published in the newspapers for some time, and those who drive horses have had ample time in which to prepare themselves to carry out the provisions of the law.
