More Banking Facilities Required.

THE FARMERS' BANK OF CANADA is being formed to meet the increased banking facilities required by the natural and steady expansion of business coincident with the rapid development of the country, particularly its agricultural industries, to whose interests, whilst conducting a general banking business, it will aim to give special consideration.

No other safe business has been as profitable as Banking.

No other profitable business has been as safe as Banking.

The profits of a bank are due to the fact that every business enterprise requires the assistance of a bank. The surplus money, large or small, of individuals is deposited in the banks, and loaned by them at a higher rate of interest to business enterprises all over the country.

Earning Power of Banks.

According to the latest bank report, chartered banks had—

Total Deposits.....$578,750,561
Total Loans.....$514,943,121

Under the banking laws of Canada a chartered bank has also this additional earning power—that for every dollar of paid-up capital it can issue its bills to that amount, thus doubling the earning power of its stockholders' money. For instance, the authorized capital of the Farmers' Bank of Canada is $1,000,000; if this were fully paid up the bank could issue $1,000,000 in bills, thus earning for its stockholders dividends on $2,000,000, giving the Bank a double earning power on its capital.

The profits on bank stock are distributed to the shareholders in two ways:

1st. Dividends paid direct to stockholders.

2nd. Profits over and above paying dividends placed to Rest account, which increase the value of their stock.

What Canadian Banks Have Done.

The following table shows what Canadian banks have done in the past for their stockholders:

	Par Value.	Present Selling Price.	Dividend Now Paid.
Dominion Bank	$100	$280	10 %
Bank of Nova Scotia	100	278	11 "
Bank of Montreal	100	259	10 "
Bank of Toronto	100	249	10 "
Imperial Bank of Canada	100	244	10 "
Standard Bank	100	231	10 "
Bank of Hamilton	100	229	10 "
Bank of Ottawa	100	228	10 "
Canadian Bank of Commerce	100	182	7 "
Merchants' Bank of Canada	100	165	7 "
Traders Bank of Canada	100	154	7 "
Sovereign Bank of Canada	100	154	6 "

The stockholders in these Banks have thus received their dividends, and in addition their stock has more than doubled in value except in two or three cases.

American Banks.

This splendid showing has been made during a period when the trade of the country was stationary. At the present time, with our trade increasing very fast, the earning power of the Banks will be greater than ever, as, for example, is shown by the following list of American Banks under like conditions:

	Par Value.	Present Selling Price.
Chemical National Bank of New York	$100	$4,850.00
Fifth Avenue National Bank of New York	100	3,750.00
Farmers' Deposit Bank, Pittsburgh	100	1,600.00
Pittsburgh Bank for Savings	100	800.00
Second National Bank	100	820.00
First National Bank, Kansas	100	700.00
German American Bank, St. Louis	100	900.00

Bank stocks, therefore, offer to the investor—

1. **A Profitable Investment.**
2. **A Safe Investment.**
3. **An Investment Increasing in Value.**
4. **An Investment Easily Realized.**

Investments in Banks are Rare.

The opportunity for investment in stock in a new Bank in Canada is rare. It is impossible to get stock in a chartered Bank at any other than market prices. The stock of a chartered Bank which has been going for some time sells so readily, that it must be purchased at the large premiums at which such shares sell in the open market.

Banks have the power of easily increasing the amount of their capital stock, but whenever they do so the new stock must be first offered pro rata to existing shareholders. In every case in which such has been done the existing shareholders have taken up the whole of the issue, and the general public has been unable to obtain any of it. Should the Farmer's Bank of Canada increase its capital stock in the future, shareholders would also have this privilege, which is considered one of the advantages of being a shareholder.

Capital Stock.

The Capital of

THE FARMERS' BANK OF CANADA

is $1,000,000, divided into 10,000 shares of $100 each.

The first block of $500,000 is offered at par, and will be payable as follows: On subscription, $10 per share; a further $20 per share upon allotment; and seven equal payments of $10 each per share; the first of such payments to be made 30 days after allotment and the succeeding payments at intervals of 30 days each.

On payments made in advance of monthly instalments interest at the rate of four per cent. per annum will be allowed.

Management.

The gentlemen who have consented to act as Directors have been successful in their own business affairs, and are men in whom the public have the highest confidence.

Their selection will have to be ratified at the first meeting of the shareholders. Additional Directors will also be selected from among the shareholders at the said meeting by the shareholders themselves, so that the shareholders will have a direct opportunity of seeing that the affairs of the Bank shall be entrusted to capable and competent management.

Arrangements have been made whereby the office of General Manager will be filled by a well-known, experienced and successful Banker, who has held very responsible positions in one of the largest Canadian Banks.

The Stock Books are now open for subscription at the Provisional Offices, 118 King Street West, Toronto.

The Provisional Directors reserve the right to allot or reject any subscription in whole or in part.

Cheques, drafts, money orders, and other remittances on account of stock subscriptions should be made payable to "THE FARMERS' BANK OF CANADA;" any payment made otherwise entirely at the subscriber's risk.

Application for stock can be made in person or by Power of Attorney.

Any further particulars will be furnished on application to

THE FARMERS' BANK OF CANADA,
118 King Street West,
Toronto, Ont.

MR. LINDSAY, the Representative, can be found at the New Royal Hotel or Champion Office, Milton, during the next few days should you desire further information regarding the investment.

APPLICATION FOR STOCK

To the Secretary of the Farmers' Bank of Canada:

SIR,—I hereby apply to the Provisional Directors or the Directors of *The Farmers' Bank of Canada* for ..... shares of the Capital Stock of the said Bank of the par value of $100.00 each at the price of $100.00 per share.

And I hereby agree with *The Farmers' Bank of Canada* to accept the shares now applied for or any lesser number that may be allotted to me, and to pay for the same as follows: $10.00 per share upon the signing hereof, a further $20.00 per share upon allotment, and seven equal monthly payments of $10.00 each per share, the first of such payments to be made thirty days after allotment, and the succeeding payments at intervals of thirty days. I reserve to myself the right to pay these shares in full upon the allotment on the terms of the prospectus.

I hereby make and appoint the Secretary of the Provisional Board as my attorney to sign and subscribe my name to the Subscribers' Agreement in the Stock Books of the said Bank, and to accept such shares as may be allotted to me and to register me therein as the holder of the said shares.

I further hereby make and appoint (as a term of my application for shares hereinbefore contained) _____ my proxy to vote for me and in my behalf at all meetings of the Shareholders or Subscribers of the stock of the said Bank, and at any adjournment thereof, at which I may not be personally present, upon and in respect of all shares of *The Farmers' Bank of Canada* which shall be allotted or transferred to me.

Cheques, drafts, money orders, and other remittances on account of stock subscriptions should be made payable to *"The Farmers' Bank of Canada;"* any payments made otherwise entirely at subscriber's risk.
