The Profit Lies in the Finish

It ays to market cattle with the proper degree of finish. A quality product always commands a premium and is readily saleable at a profitable price. If you have stock which needs a little more time for finishing, and the feed is scarce, see the local manager of the Standard Bank. It is a simple matter to arrange a loan to carry the stock until a favorable market warrants a profitable sale.

MR. JOHNSTON LITTLE PRESENTED WITH CANE

A very pleasing event took place last Tuesday night at Court Owen Sound No. 446 C. O. F. Bro. Johnson Little has been Recording Secretary for the past ten years, during which time he has very rarely missed a meeting. At the close of the meeting Past Chief Ranger J. Taylor, in behalf of the Court, presented Bro. Little with a gold headed ebony cane, suitably engraved. Bro. Taylor referred to Bro. Little's long and faithful services as recording secretary. The court members thought they ought to show their appreciation in some tangibe way and hoped he would long live to fill the same office. Bro. Little, who was completely surprised, expressed his thanks for the kindly thought which promoted the presentation.—Jan. 26, Sun Times.

Travellers Want Friday for Weekly Half Holiday

Nearly every town and village in Ontario has a weekly half-holiday during the summer months, but all towns do not close up shop on the same day. For instance Tara has Thursday, Owen Sound Wednesday and so on all along the line. Commercial tavellers find it difficult and expensive to do business under these conditions and they have started a movement to get all places to have the same day, preferably Friday. The Toronto Board of Trade and other commercial organizations are behind the scheme, which, if carried out throughout the Dominion would result in saving $75,000 a week to the merchants.

Will Move Machinery To the Valley Road

Sun Times Report.

In the closing hours of the January session of Grey County Council on Saturday a resolution was passed which, while important enough, really caused a titter among the majority of the members, as it was sprung in a hurry and as a general rule very little attention is paid to these resolutions introduced at the last moment, and it went through without a word

The resolution, moved by Reeve W. H. Thurston, and seconded by Reeve Alex. Cameron of Artemesia, providedfor the moving of one of the road making outfits belonging to the county from Meaford, where it is at the pesent time, to the Valley road, which starts two miles south of Eugenia and runs through to Thornbury via Eugenia, Kimberley Heathcote and Clarksburg. The road begins about two miles east of Flesherton. According to the terms of the resolution the machinery is to be moved by the first of May and the County Road Committee was given the authority to go ahead with the improvement on this road.

In view of the determined stand taken by the two Meaford representatives in the Council, Reeve Homer Reid and Deputy-Reeve Noble Arthur, who were in the Council when the resolution was introduced, with regard to the taking over of the 9th line of St. Vincent, and their success in having the work delayed until the June session, when the whole Council is to look over the situation, the passing of the motion caused the rest of the Council to give them the laugh, as it means that once the road machinery is moved to Eugenia it will not likely get back for some time to come. The real joke in connection with the matter is that the two Meaford representatives sat in their seats and actually voted for the resolution, and did not realize what they had done until afterwards.

The road in question, known as the Valley Road, was taken over as a county highway some four years ago but up to the present nothing has been done on it. It is one of the most picturesque drives to be found anywhere in Grey county, and with an improved road will doubtless be one of the most popular drives for tourists to be found anywhere.

Sabbath School Ann. Meet.

The annual meeting of the officers and teachersof St. John's United Sabbath School was held in the school room of the church on Monday evening, when the election of officers and teachers took place.

The present staff of ofifcers and teachers was re-elected for the ensuing year.

Sunday school was held 46 Sundays during the year with an aggregate attendance of 4,996, or an average attendance of 108 for each Sunday. The offerings amounted to $202.75, an average of $4.41 per Sunday; of this amount the organized classes, Adult Bible and Young Ladies' Class, contributed $72.25 and the junior room $130.50.

The running expenses of the school for lesson helps, papers, anniversary, advertising, printing and other sundry accounts, amounts to considerable more than the total amounts received, and the officers and teachers are looking forward to an increase in the regular class offerings, which would help to meet these expenses.

Black Fox Caught in Trap by R. Bentham

Mr. Richard Bentham of the suburbs had the distinction of catching a live black fox in a trap he had on his property for the purpose of catching stray foxes that would fall victims. The catch was made Tuesday morning of this week and it appeared to have been in the trap for only a short time when caught. Upon inquiry the owner was found to be the Priceville Fox Cmpany, of which Mr. J. M. McGillivray is the manager and had escaped from the ranch about ten days ago. No trace or word of the animal had been secured until it was caught. Mr. Bentham received a fair reward for the capture.

Has Fine Team of Dogs

Master Stanley Magee of the 10th line, Osprey, son of Mr. Garnet Magee, came into town recently in a rather unique manner. Stanley raced his pet dog in town on Santa Claus day and decided to pay us another visit to show that he had a real sleigh dog. He has been training another dog for sleigh work and with both hitched to his coaster drove to town in the record time of just over the hour, a distance of nine miles. It is the first time that such an event has taken place and much comment was made at the time Stanley has a fine little team and should carry off the prize at the next Santa Claus day races this year.

That the interest aroused in the New Chevrolet has been well merited is indicated by these first photographs of this latest addition to the light car field. The smart sport cabriolet, with its folding seat and disc wheels, is shown in the upper right-hand photograph. In the centre is the sturdy Chevrolet one-ton truck chassis, while at the lower right is the coach model, the body of which is five inches longer than formerly. Insets are: upper left, the massive new radiator and heavy full crown fenders; right, the powerful and clean-cut motor of the new line, with two-port exhaust and complete enclosure; lower left, a view of one of the four-wheel brakes. The New Chevrolets, which are to be reduced in price, are to be available at once. They are longer and roomier than previous models.
