331 Bay Street,
Toronto 2, Canada

## Broom Ball League

The Broom Ball league is becoming quite an interesting game to the players participating and also to the spectators. The game is played with a broom and football and with rules similar to football, except that the hockey net is used and the ball is not supposed to be kicked, but to be propelled with brooms, by the players shod fro for ordinary street walking. The ice being slippery and the players using only boots or rubbers on their feet, some interesting spectacles were presented to the spectators when the players loose their equilibrium. Scoring in the game has not mounted high as yet, being confined to the score of two or three goal margins. While it is not expected that the broomball will take the hold of public fancy as hockey does, nevertheless the games are very interesting to watch.

**Standing of teams in Broom Ball**

| | Won | Lost | Tie | Total |
|---|---|---|---|---|
| Proton | 1 | 1 | | 2 |
| Ceylon | | 1 | 2 | 3 |
| Phillips | | 1 | 1 | 2 |
| Findlay | 1 | | 1 | 2 |
| Red School | 1 | | | 1 |

**Thursday night**—7.30 before the Hockey Match. Ceylon and the Red School hook up. Then on Friday night Findlay's team and Phillip's will stage their first game of the series at 7.30. Skating after. Admission 15 & 10cts.

### OWEN SOUND LOST TO LISTOWELL IN O. H. A.

The Owen Sound Junior O. H. A. team were eliminated from the competition in O. H. A. junior championship fight by the Listowell sextette, the score on the round being 10-8. In Listowell on Friday evening Owen Sound lost 6-3, but on hom ice on Monday evening managed to secure the long end of the score 5-4. Unfortunately for Owen Sound they have been unable to secure group games and had to rely on experience from exhibition contests, and were not in shape to finish in the playoff series. During the past four years Owen Sound has won two Dominion Junior championships and were in the O. H. A. the other two years.

There were eight sugar factories in Canada in 1926, in which a capital of $49,748,404 was invested, and a gross production value of $64,270,687.

## Are Small Villages About to Disappear?

An editorial in the Chesley Enterprise says: At the 1927 session of the Ontario Legislature the village of Bayfield in the southern part of Huron applied for and was granted the privilege of losing its indenity and becoming part of the township from which it became separated when incorporated. Bayfield has a population of 344 and a taxable assessment of $200,000. This reduces the membership of Huron County Council by one member. Wroxeter, a little burg in the same county with a population of only 316 and an assessment of $142,000 is following Bayfield's lead and is applying to the Legislature at the session which opens this week for permission to become part of the rural municipality of Howick. This removes another load from Huron of the representatives of a little country corners having as much say in the County affairs as the reeves of the townships with an assessment of over two million dollars. An inducement in recent years for small villages to become merged into the rural municipality is to get the advantage of the special hydro terms granted to farmers. It would be quite a saving to the ratepayers of three urban municipalities in Bruce: Hepworth, Tiverton and Lion's Head, all of which have an assessment under $100,000 to become part of a rural corporation again and thus save the expense of municipal officers and get the benefit of 50% of the cost of constructing hydro lines. And Bruce County would still have too many members legislating three times a year.

## Hockey Team to Durham

The local seniors are scheduled to be in Durham this Thursday evening in a return game with the Junior team there, when an interesting time will be had, no doubt. Dundalk is looking for a couple of games with Flesherton and the boys expect to play the first game in Dundalk in the near future.

### ADVERTISING THE COMMUNITY

Barrier Examiner:—Those who read their weekly newspapers and carelessly throw them aside, overlook the fact that they are not doing all for their town and district that they can. If those newspapers, instead of being destroyed, were placed in wrappers and mailed from time to time to friends and relatives at a distance, the good that could be accomplished would soon be reflected in local growth, says the Carleton Place Canadian.

Probably no other one thing is a better index to a town tan its weekly publication. Very often that is about all the stranger has got to go by in making up his mind abouta community. If the newspaper that falls into his hands is a bright looking sheet, full of news, and has a prosperous air, the stranger is certain to judge that it was published in a live, progressive town.

### FARMER'S ACCOUNT BOOK

Farm surveys show that very few farmers follow a systematic method of farm accounting. This may, in the past have been due to a lack of suitable forms or account books for the purpose. There are to-day a number of simple books issued which are a great help to the farmer in this important matter. Farming is a business and if it doesn't pay the farmer should know yhy it doesn't pay. Some record of receipts and expenses, together with an inventory (a list with values of live stock, feed, implements, etc., on hand) taken at the beginning and the end of the farmer's year, must be kept if he is to find out why it doesn't pay. Keep a record of each department of your farm business. Find out how much you are making from each, and if any are not paying.

A simple and yet very useful little account book for the farmers has been issued by the Dominion Experimental Farms. This may be procurred from the Publication Branch, Department of Agriculture, Ottawa, for the nominal charge of ten cents. This little book, while simple, is a great step in advance of keeping no accounts whatever. Now is the time to take an inventory and start keeping accounts.

The Collingwood shipyards, Limited, officially announced that they had received three orders which are to be executed in the yards here. One is from the Department of Railways and Canals, Ottawa, for a steel pontoon lock gate lifter, for service on the Welland canal. Another is from the Brown Corporation of Quebec for one twin screw Deisel engine scow while the third is from the Department of Public Works, Ottawa for a large arm for a dipper dredge. These orders will be entered upon at once and will require some weeks to complete.—Bulletin.

### NOTICE OF APPLICATION TO PARLIAMENT

Notice is hereby given that an application will be made to the Legislature of the Province of Ontario at its present session by the Presbyterian Congregation in Flesherton in the County of Grey for a Private Bill that the building occupied prior to the coming into force of the United Church of Cahada Act as Chalmer's Church at Flesherton and the lands appurtenant thereto be vested in Trustees for the said Congregation.

MACDONNELL, MORTIMER & KENNEDY,
10-12 King St. E., Solicitors for the Applicant.

Dated at Toronto this 10th day of January, 1928.

The time is coming and soon, when the Province is going to meet an insistent demand from the municipalities for a share of the revenue from motor cars. Every town, city and country in Ontario has had to assume a tremendous debenture burden to make the streets and roads fit for motor car traffic, and the ratepayers of these municipalities, facing as well large expenditures for other improvements are in need of relief. — Chatsworth
