W. H. THURSTON, - Editor

'WARE OF THE WASTE.

Fire insurance reports tell us that very many of the fires that occur in Canada, by means of which valuable property is destroyed, is caused by the careless disposing of waste, cigars or cigarettes and spent matches. We know, too, that though the Germans were blamed for burning down the Canadian Parliament buildings during the great war, there was the strongest presumption that the fire, which started in the newspaper reading room, was really begun by the ignition of the loosly hanging newspapers from a spent match or waste cigar carelessly thrown on the floor by an M.P. while perusing his favorite journal..

With this knowledge of the ease with which fires can be started, in the most casual manner, should lead everyone to insist that, whether in the home, the store, the factory or the mine, there should be the most determined effort to provide against the maintenance of waste material of any description and to insist that there shall be no careless disposition of matches or other inflammable material

EDITORIAL NOTES

The sun's rays are getting stronger as spring approaches, and some housewives report the appearance of the house fly, ready as ever for business.

* * *

The Shelburne Economist claims that a weather prophet is a man who makes us worry about the weather a year before it comes—and when it comes it isn't that kind, anyway.

* * *

In the past we have had it dinned in our ears that "The United States won the war." Harry Lauder thinks differently. He claims that, with the help of France, Belgium and England, Scotland won the war.

* * *

Another ambitious lady wants to go over Niagara Falls in a barrel. This is an old stunt now. Real excitement would be created, and great riches acquired by her, if she would fly UP the falls in a barrel.

* * *

The growth of the motor car industry in Canada has reached a point where the majority of cars owned in this country are of Canadian make. There is evidence also that the people are purchasing higher priced cars.

* * *

Those of us who employ others have to bear in mind that men and women work harder when they know they are appreciated, and that to reach are hearts of those associated with us we must approach them as friends, not as enemies.

* * *

Last year the Ontario Government in its capacity as distributor of intoxicants set aside five hundred thousand dollars of public funds to buy these liquids and pay salaries to the Premier and his assistants to distribute them.

* * *

Every member of the household should get ready to swat the pesky germ distributor whenever he appears. Let it be borne in mind that it has been ascertained that the house fly is a spreader of typhoid, diphtheria and tuberculosis and ever a menace to health. Have no mercy on him.

* * *

The road between Owen Sound and Meaford is receiving bitter criticisms from the editors of the Owen Sound and Meaford papers, as nothing has been done towards keeping the road open for motor traffic during the winter. At last meeting of Grey County Council the representative from Flesherton, with others, made a move in the direction of having the Department of Highways experiment on the Owen Sound-Meaford highway, but the matter was defeated in infancy. The farmers of Sydenham and St. Vincent did not want the highway kept open for motor traffic during the winter months.

RATEPAYERS' MEETING

A ratepayers' meeting will be held of S. S. No. 2, (Orange Valley) on Friday, evening next, March 2nd, 1928 at 8 p.m. A full attendance is requested. Business is considering transportation or applying for the opening of the closed sideroad.

JOS. McKEE, Sec.-Treas.

PROTON STATION

A land deal of local interest is the sale by Mr. John Carson of the old Carson homestead and the old Nelson homestead, north of this village to the enterprising firm of Dever Bros., general merchants of Proton Station. Mr. Carson is arranging for a sale of live stock and implements in the near future.

Mrs. Aaron Wurts of Duff, Sask. and Mr. Mark Stewart of Flesherton were the guests of the Shearson homes recently. Mrs. Wurts was a former resident of this locality.

Mr. Edward Rutherford has returned from a fortnight's visit with his daughter at Angus.

Mr. Gordon Wauchope is spending a few days under the parental roof.

The broomball game between the Proton Wanderers and the Flesherton Ensigns on Friday night resulted in a tie.

CANADIAN MEDICAL ASSOC.

WHAT YOU SHOULD KNOW ABOUT TUBERCULOSIS.

Discovered early and properly treated tuberculosis is one of the most curable diseases. Many deaths from tuberculosis occur each year.

Putting these two statements together, it is evident that either the cases are not being discovered early or they are not being properly treated. There are no sercets in the medical profession, and so the physicians in one place have the same knowledge as physicians elsewhere, but the physician cannot help the person who does not come to him.

Those who follow our advice and have a complete physical examination once a year, give their family physician an opportunity to discover tuberculosis, cancer or other diseases at their earliest and most curable stage. Those who have not followed this advice should know something about the earliest stages of tuberculosis, so that they may recognize them and secure proper advice right away.

Not everyone with the following symptoms has tuberculosis, but the presence of one or more of them is sufficient to arouse suspicion and to send the person to his family physician to find out the cause. Delay means losing the opportunity for cure and at the same time endangers the lives of others:

Any cough that persists for a month or more is suspicious.

Any cough accompanied by a slight fever, particularly if it recurs, is not to be disregarded.

A general feeling of not being well, with or without the loss of strength, should always be investigated.

Blood spitting is often an early symptom. It frequently occurs as the first symptom in persons apparently well.

Continued upset of digestion, particularly if accompanied by a cough, also loss of weight require investigation.

It is better to be always on the safe side. Pay attention to Nature's warnings and preserve your health.

Questions concerning health, addressed to the Canadian Medical Association, 184 College street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

MORTGAGE SALE

Under and by virtue of the Powers of Sale contained in a certain mortgage which will be produced at the time of the sale, there will be offered for sale by Public Auction on Saturday, March 17th, 1928 at 2 o'clock in the afternoon at the Munshaw Hotel in the village of Flesherton, the following parcels of land, namely:—Lots 158, 159, 160 and 161 in the Third range South West of the Toronto and Sydenham Road in the Township of Artemesia in the County of Grey and containing 217 acres more or less.

TERMS OF SALE — 10% of the purchase money to be paid down at the time of sale, balance in 30 days. The properties will be sold subject to reserved bid and to the usual conditions of the sale.

For further particulars and conditions of sale apply to Lucas & Henry Socicitors, Markdale, Ontario or J. A. Clark, Auctioneer, Markdale, Ont.

THANKS FROM DETROIT!

Detroit, Mich, Feb. 22, 1928.

Dear Mr. Editor—

All ex-residents of Grey County, now residents of Detroit and Windsor wish to thank you very much for the generous space you contributed to the publicity of their buffet supper dance which was held last night in the Detroit Masonic Temple, and where over two hundred gathered together and renewed acquantanceships.

The committee feel that a great part of the success of this meting was due to the co-operation of all Grey County papers.

It is the intention of the club to hold another dance sometime during next month and it is just possible that we will tresspass on your generosity once again. In the meantime, pleas accept gratitude of all ex-residents of Grey County.

yours very truly

GREY COUNTY COMMITTEE

Some fellows are so busy trying to uplift their neighbors that no time is left for making a living.

The C.P.R. is extending its line from Port McNichol to Midland, a distance of about five miles. Work has begun on the new extension.

'PHONE 37

Sunday night after church

Both the Henderson boys are far away from the old home. But Sunday is still a very special day for Father and Mother, for every Sunday night after church the telephone bell rings and the old folks know that one of the boys is calling them from the distant city.

Harry calls one week, and Fred the next.

Long Distance is wonderful for keeping family ties strong. It is so simple, so inexpensive, to call distant friends for a few minutes' chat. And how welcome is the sound of their voices!

Do *you* call friends by Long Distance?

The Evening Rate after 8.30 is very low.

"Every Bell Telephone is a Long Distance Station."

Used Cars

We have a few good reconditioned used cars ready for the road and a real guarantee with them. It will pay you to see them now.

Winter Battery Storage

Due to the lateness of the driving season last fall several car owners have neglected bringing their batteries in to have them recharged for Spring. It won't be long until you will be wanting to use your car, and now is the time to see that your battery is left with us where you can rest assured it will be attended to properly.

CAR REPAIRING

If there should be any parts of your car in need of attention, now is the time to have it attended to. We can give better attention to your car now than later, when everyone will be wanting their cars put in shape for the season's running.
