The New
CHEVROLET Roadster Express

ANOTHER outstanding example of Quality at Low Cost . . . the New Chevrolet Roadster Express. The smart delivery body is mounted on the "Bigger and Better" Chevrolet chassis, providing exceptional speed and smoothness, as well as the proven Chevrolet qualities of economy and endurance. Four-wheel Brakes are standard equipment, as are the Oil Filter, Gas Strainer, Crankcase Breather and the countless other quality-car features of the "Bigger and Better" Chevrolet. This clean-cut, dependable Roadster Express speeds up deliveries in a hundred lines of business . . . cuts down overhead and maintenance costs . . . and constitutes a truly valuable advertisement for its owners. The price is amazingly low for a job of such obvious quality and completeness, $650, at Factory, Taxes Extra . . . including the body, as illustrated. It may be purchased on the liberal terms of the G.M.A.C.—General Motors' own time-payment plan. Ask your Chevrolet dealer about adapting it to YOUR requirements.

The G.M.A.C. . . . General Motors' own deferred payment plan affords the most convenient and economical way of buying your Chevrolet on time.

PRODUCT OF GENERAL MOTORS OF CANADA, LIMITED

Flesh'ton 5, Markdale 2

The Markdale Red Men and the Cougars met in the last game of hockey of the season on Thursday night of last week. Owing to the mild weather the ice was soft, which made the game very slow, and the rubber was continually on its side, which made it practically impossible to carry or shoot. The game was clean on both sides, as all others that the locals have played with Markdale. There was only one penalty handed out during the 45 minutes of hockey. Major Whetten, Owen Sound handled the bell and kept the game within the bounds of the law. Doc. Lively and Wes. Armstrong led the sharp- shooters of two each for the Cougars, while Hap Boyd counted the other, and Henry and York secured the two goals for Markdale. The lineup was as follows:

Markdale — Goal Hand, Defence Henry and P. Kelly, Wings, P. York and H. York, Centre McCutcheon, Subs Johnston and Perkins.

Flesherton — Goal Dow, Defence Livelf and Boyd, Wings Armstrong and Chercotte, Subs. McTavish.

Referee — Major Whetton, Owen Sound.

Cougars Have Wound Up Successful Year

The Flesherton Cougars held their last meeting last Friday night and brought to an end the financial end of a successful season of hockey. It was unamimously to get sweater coats coats for the players with the money in th treasury. The people of Flesherton and surrounding country have seen good games of this winter pastime, and have attended them in large crowds. We, The Cougars, wish to say in return that we greatly appreciate their patronage and support and are confident they are not disappointed by the games which the boys put up.

The Cougars have played twelve games in all this season and out of the dozen scored 75 goals against their opponents 51. Lively, as expected led the sharp-shooters with 41 goals to his credit, MacDonald coming next with 9, Boyd and Thurston 6, Nuhn and Armstrong 5, Chercotte 2 and McTavish 1. In all winning 7, loosing 3 and tying 2, and played with the following teams: Owen Sound Sun Times, Markdale, Durham, Chatsworth, Dundalk and Proton.

The Cougars have found that in playing all the above teams that a true sportmanship prevailed both on and off the ice, here and abroad.

A Massachusetts man recently built a liveable house entirely from old newspapers.

CANADIAN MEDICAL ASSOC.

MILK AND TUBERCULOSIS

The value of milk is not limited to the first year of life. As the child grows, he needs to enlarge his diet, but milk continues to be the most important article in this diet during the years of growth. Every child should have one pint of milk a day to provide the necessary growing substances for the body.

Young children have very little resistance to tuberculosis. In their earliest years they are easily overcome by this disease. There are 2 types of the tuberculosis germ, two members of the same family as it were, which cause tuberculosis in children—the human and the bovine type. The bovine type is responsible for about 25% of all tuberculosis occuring amongst children. In children, tuberculosis often attacks the bones and joints, and so is responsible for much crippling.

The bovine type of the tuberculosis germs comes from cows suffering from tuberculosis, and reaches the child through milk. As a large percentage of the milk cows have tuberculosis, it follows that a large percentage of milk is infected with the bovine type of tuberculosis germs. From this it is evident that, unless the necessary precautions are taken, milk is a real factor in the spread of tuberculosis to young children.

It is part of any campaign against tubeculosis or towards the improvement of child health to see that milk supply is safe and pure. A safe, pure milk supply, free from all danger of carrying tuberculosis or any other disease of human beings, particularily children, comes from healthy cows, is produced and shipped in a cleanly way, is pasteurized to kill any disease germs, is kept cold and covered until used.

Is this the kind of milk you and your children use.

Questions concerning health, addressed to the Canadian Medical Association, 184 College street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

PRICEVILLE

Spring is here, crows and robins are seen in every direction. Humanity recognizes and speaks of a new year as from January 1st, but nevertheless observes it from the first breath of Spring. After the departure of the drear and stifling winter and the coming and the refreshening and magnetic Spring there is a new life and new hope created in the breasts of men and women Spring brings great plans and higher resolves, which only winter can demolish or deter.

Mr. Neil MacKinnon (Jr.) of the South line has gone to the city to seek employement.

Mr. Colin MacLean's sale on Tuesday last was a decided success There was a large crowd and an ideal day. Good prices were realized. On Wednesday a presentation was held at their home, and were presented with a purse of money before they move to their new home in Priceville. There was a splendid time for all and the music was excellent and danced till the Wee' Sma' hrs. of the Mornin.

Mr. Aley. MacLean returned on Saturday to resume his duties teaching school at Mono Mills, after a two weks holiday at his home. The school was closed on account of mumps in that section.

Mr. Charles McKinnon has rented Mr. Colin J. McMillan's farm.

On Friday night a presentation was held at the home of Mr. and Mrs. Henry Tucker. Early in the evening a crowd began to gather, which grew to a considerable size and they were presented with a purse. Mrs. Wilfred Watson read the address, and Mr. Elmer Hooper presented the purse to them. Mr. and Mrs. Tucker expressed their thanks in a few well chosen words. A sumptuous lunch was served at midnight. Dancing was indulged in till the early break of day. The company then dispersed wishing the couple much pleasure in their new home.

Mr. and Mrs. Jack Hincks of Egremont visited recently at Mr. D. Hinck's.

This Thursday evening a presenttation is being held in honor of Mr. and Mrs. Neil McKinnon and family ere their departure from this midst.

MAXWELL

Rev. Kendall's condition is slightly improved.

Dr. D. H. Guy of Toronto is visiting relatives here.

Douglass Kendall has returned home after spending the past week in Toronto.

Quite a number from here attended the play "Safety First" in the Feversham Hall Friday night.

ENGAGEMENT

The engagement is announced of Miss Gladys Elizabeth, daughter of the late Mr. and Mrs. Amos. Miller of Walkerton, to Mr. William Wellingdon, son of Mrs. and the late Mr. W. J. Alcox, of Markdale, the mariage to take place Easter week.
