A JOKE ON THE TRUSTEES

An amusing deception was practiced on those in attendance at the Urban Trustees' Convention in Toronto. At the door of the hall where the convention was held, were piles of pamphlets and other literature of a more or less dry and dusty character. But there was also a slim pile of modest books with blue covers bearing the title "What I know about women" While the educational literature was practically untouched, the small pile of blue pamphlets had to be renewed three times. The delegates grabbed them eagerly and peered expectantly inside. Blank pages met their eyes. At first disappointmnt met them, until they had the satisfaction of watching their fellow educationalists falling prey to the joke sponsord by the Toronto trustees. The books were for the purpose of note making.

CARD OF THANKS

Mr. and Mrs. Arthur McKay wish to express their deep appreciation for help and kindness extended to them by their many neighbors on account of the recent fire.

KEEP MARKERS CLEAN

The Highway Traffic officers will be on the look-out for motorists who neglect to keep their markers clean. The act states that markers must be kept clean so that the numbers can be clearly discernable. This year there is very little difference in the color of the markers, being but a shade deeper yellow than last year. and making it very dificult to discern between the two issues.

PROTON STATION

Mr. Herbert Corbett of Proton Station attended the Ontario Educational Association convention in Toronto last week. Mr. Corbett was appointed last year as Vice-Pres. of the rural section of the school trustees and this year the convention honored him with the office of President of that department. Mr. Corbett informs us that one of the most interesting resolutions under discussion was the Township School Bill. The convention decided to send a request to Premier Ferguson that decision be deferred until after the O. E. A. convention next April. In the meantime the committee will endeavour to have the question debated in each school section and also at the convention next year. A pleasant event in connection with the convention was a dinner given by the Robert Simpson Co. to the oficials of the O. E. A.

When a man who is not used to the woods lights a match and later throws it on the ground, expects it to go out. But when an experienced woodsman is through with his match it is out. He does not leave it to expectation. He knows.
