New Styles Talk for Boys and Girls

We do not feel like letting the automobile dealer do all the talking about the different improvements on their make of cars without letting you know about the improvements that are on our wagons for boys and girls. We have our make of transportation with self starters on when there is a boy in one. Disc wheels, smoothe running, no friction when changing gears, only need to change oil whenever oil runs out, fully equipped with tool chest. Our make will coast too in fact to make a long story short we have nearly as many improvements on our wagons as the automobiles have. We have the best assortment of Kiddies' Waggons ever shown here from 60c. to $8.00. We also have a real good assortment of Baby Carriages and Carts. We will have a special display next Saturday afternoon and evening, May 12th. Everybody interested in our make of automobile welcome.

DIRT AND DISEASE

There has always been an association between dirt and disease. In their earliest days, health departments were occupied in cleaning up the towns and cities because it was believe that disease was bred in dirt.

We have learned that there is a great difference in the various kinds of dirt. The only dirt that is dangerous is that which is contaminated be secretions of the human or animal body. The reason for this is that the body secretions carry away from the body the disease germs which may be present in it.

Tin cans are unsightly, but tin cans are not in themselves going to cause disease. Potatoes or apples, in rotting, give off an offensive smell but bad smells do not cause any disease.

The clean person, the one who covers his coughs and sneezes with a handkerchief, who keeps flies out of his home, who washes his hands before he eats, is not going to live in a dirty, untidy place. The clean person gets rid of dangerous dirt when he gets rid of all dirt. This is why, generally speakisg, health and cleaniness go hand in hand.

Because a clean city or town, by caring for all dirt, makes sure that dangerous dirt is disposed of, because clean surroundings are a stimulant to personal cleanliness and orderless, and because cleaniness makes for more comfortable and happy lives, all efforts towards securing and keeping a city or town clean are to be commended and should be supported.

Questions concerning health, addressed to the Canadian Medical Association, 184 College street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

CEYLON PUBLIC SCHOOL

Sr. 4—Stella Marshall, George Jayness, Jimmie Sinclair, LaVerne Piper, Kendall Stewart, Jennie Chesney, Hilda Genoe.

Jr. 2 — Marjorie Duckett, Goldie Kennedy, Mabel Adams, Fern Leslie, Mrshurray Marshall.

Class 1 — Agnes Chesney, Laurie Genoe.

Sr. Primer—Melville Hunt, Jackie Adams, Allan Haw, Jimmie Kennedy, Irene Marshall and Doris Marshall equal, Charlie McWilliams.

Jr. Primer—Jean Collinson, Betty Stewart, Harold Gibson.

Number on roll 44. Average attendance 42. Percentage attendance 96.

MARY R. STEWART, Taecher.

Several bad accidents have occured on the railway crossing at Alliston and The Herald is advocating gates to be erected as protection to the public. The Canadian Pacific has heavy traffic on that line and danger is present at all times.

Summoned Wrong Man

A couple of weeks ago Mr. W. J. Sutherland was handed a subpeona to appear in the traffic court in Toronto to answer to a charge of speeding in the city on a day when he was not out Alliston. The license number which was given as his summons was not his at all. He made an affidavit to this effect, also he was not out of town on the day in question. He had J. Revelle make an affidavit he spent the mornng with Mr. Sutherland and filed his application for a car license that day. These affidavits were sent to the city, but nothing was heard concerning the case and fearing trouble Mr. Sutherland went down on Monady to see what was up. He was calmly told that the affidavits were sufficient to have the charge withdrawn, and that was the end of the incidnt.—Alliston Hearld.

[Ed. note—Mr. Sutherland is a former resident of Orange Valley.]

Eugenia School Report, for April.

Sr. 4—Gladys Fawcett*, Kathleen Pedlar*, Melrose Campbell*, Gladys Williams*, Enid Gordon, Victor Campbell*.

Jr. 4 — Lucy McDonald*, Belva Genoe*, Lloyd Genoe*, Evelyn Rowbotham.

Jr. 3—Argyle Martin* and Isobel Rowbotham* equal. Bernice Campbell*, Teddie Campbell, Vernice Fawcett.

Sr. 2—Herbie Fawcett*, Annieta Turner.

Sr. 1—Freddie Partridge.

Jr. 1—Verda Genoe, Lottie Graham Percy Graham.

Sr. Pr.—Leone Duckett*, Douglas Morgan Bert Smith, Jean Tudor*.

Jr. Pr.—Evelyn Campbell* and Reggie Fawcett*, equal. Mabel Duckett, Rody Gordon, Ruth Gordon.

Those marked * were present every day during April.. Number on roll 30. Number in attendance 24.46.

M. Johnston, Teacher.

Smith—"So your wife can drive the car all over now?"

Brown — "Yep — over sidewalks, parking, shrubbery and everything else."

Wroxeter Reverts to Township

Wroxeter formally voted away its idemnity as an incorporated village on Monday of last wek, when the ratepayers, in a closely contested ballot, decided to revert to the township of Howick. Th voting stood: For remaining as an incorporated village 47; for reverting to the township 55; The purpose behind the change is to place the residents in a position to secure hydro power at the rural rate. This vote brought to a close one of the strongest and most spirited contests in the history of the village. Advocates of the change were convinced that advantages of cheaper hydro service would fully offset any loss of prestige in losing a representative at the county council. According to the bill, the changes becomes effective on January 1st next, by order-in-council.

POLICE CHECK UP CARS WITH OLD MARKERS

Provincial Officer Purvis was in town on Tuesday and was very much surprised to find some cars running, still decorated with last year's markers.

As Tuesday was the first of May, (just four months after new licenses should have been purchased), and Mr. Purvis being unable to figure out why they wern't, he made arrangements for the deliquents to explain to the magistrate and incidentally contribute to the coffers of the province. —Creemore Star.

[Ed. Note—Constable Elwood Purvis is a son of Mr. R. D. Purvis of Eugenia and has ben in the mploy of the Provincial Government in that capacity for several years, making a very efficient police officer.]

Hon. John S. Martin will visit Owen Sound in his first official capacity as Grand Master of the Masons in Ontario on Wednesday, May 30th, when the brethern of Grey District will tender him a reception.

What you want when you want it

Progress comes chiefly from speeding up the means of communication.

It used to take the local dealer from one to two weeks to order and receive tires, or new part for automobiles or machinery.

Now — thanks to Long Distance — it is a common occurrence to telephone the order before noon, have it shipped the same day, receive the goods the following morning, and be using them in the afternoon.

If there is anything you can't get in your home town, your favorite dealer will order it for you by Long Distance and get it in a day or two.

The Dog Came Back

The remarkable instinct of a dumb animal was forcibly brought home to Horrace Haws of Orton just recently. On March 1st he shipped a ten months old hound pup to a purchaser at Cayuga, Ont. a distance of over a hundred miles. Upon the arrival at that point it escaped from the shipping crate, and fifteen days later arrived back at Orton, little the worse for its lonely trip on foot. Mr. Haws promptly communicated with the purchaser at Cayuga and again shipped the animal to that point.—Grand Valley Star.

Motorists! don't forget to carry your driver's license wtih you, also have the brakes of your car properly tested.

"Establishing a New Standard in Automobiles"

Finer, Faster

FINER . . . because of the exclusive design of the Durant built Hayes-Hunt bodies . . . the superior grade of upholstery materials . . . the roominess of the interior and its easy riding qualities . . .

Faster . . . because of the studied refinements of the already famous Red Seal Continental "L"-head Motor . . .

See the new Durant Sixes . . . go for a ride in them . . . ask your local Durant dealer why they are "finer and faster" . . . ask him to compare the specifications with those of higher priced automobiles . . . then judge these cars for yourself . . . on their merits!

A Record of Production

During the season of 1927 we manufactured close to half a million pounds of butter. This is a far greater make than any creamery in Markdale manufactured before.

THIS ALONE

WILL PROVE THAT WE HAD A LARGE NUMBER OF SATISFIED PATRONS

To those who are not our Patrons yet, give us a trial and we will be sure to satisfy you too.

Our aim: "To give satisfaction to our Patrons."

One trial convinced Patrons who used to ship elsewhere and they are our steady Patrons now.

For the convenience of our Patrons we will keep open Saturday night, starting April 28th, 1928, and continuing until further notice.

If you are unable to bring your cream to the creamery yourself, phone us and our truck will call.
