Preachers Lie Too

A preacher once said: "Editors dare not tell the truth. If they did they could not live, and newspapers would be a failure." The editor replied: "You are right, the minister who will at all times tell the truth about the members alive or dead, will never occupy the same pulpit more than one Sunday, and he'll find it necesary to leave town in a hurry. The press and the pulpit go hand in hand with whitewash brush and kind words, magnifying little virtues into big ones. The pulpit and the press are a saint making partnership" The minister went away looking very thoughtful, while the editor turned to his work telling of the insurmountable beauty of the bride, who in reality was as homely as a hedge fence. —Wiarton Echo.

CREAMERY FINED $50.00

The Erin Creamery Co. paid a fine of $50 and costs in Guelph police court for contravention of the Dairy Products Act. It was proved by the crown that Wasserman, owner of the creamery, had paid first grade prices for second grade cream to a farmer of the district. The accused's counsel claimed that it was merely an error of bookkeeping. Three other charges against the Act were not heard, but Wasserman was ordered to pay the costs of each. Government Inspectors McKenzie and Lackner laid the information.—Orangeville Sun.

PROFESSOR KATZ DIED

Professor Katz, a well known optical specialist, died in the General Hospital, Toronto, on Tuesday, April 24th, after an illness of only a few days from pneumonia. The "Professor," as he was styled, has been coming to Arthur regular for some twenty years, and enjoyed a splendid patronage. His remains were interred in the Jewish cemetery, Toronto, on Wednesday. He is survived by his widow, who for twenty years has been a cripple invalid in a New York hospital, and one daughter.—Arthur Enterprise.

LOST SIGHT OF EYE IN ACCIDENT AT FACTORY

Mr. John McEachern met with a serious accident in the Durham Furniture factory Thursday last. Next to him was Mr. Thos. Collier who was hammering nails in some article. One of the nails rebounded back into the ball of Mr. McEachern's eye, which has since caused him some trouble and pain. The sight was destroyed by the nail piercing the retina, and on examination by a specialist. Dr. Bennette on Tuesday, he had the sufferer removed to the General Hospital, Hamilton, on Wednesday, where it is hoped the eye will not require to be removed.

Western Scene on a Badjeros Farm

One does not have to go to the west to see three or four horse teams at work on the land. All one has to do is take a trip nine miles out to Badgeros and see Louis Moore and his sons at the spring seeding. Last Wednesday in a single field were four men at work, using thirteen horses—three 3-horse teams and one 4-horse outfit. Two men were cultivating and the other two were seeding.

"Lou" has a big family of boys whose property all told amounts to about 450 acres. Up to Tuesday morning 70 acres had already been seeded. The Moore's intend seeding 200 acres of crop this year.—Dundalk Herald.

The Bracebridge Gazette tells as that "last week was a rather slow one for business in Bracebridge." One firm used a full page advertisement in the Gazette for a Friday and Saturday sale. The manufacturers sent the local dealers what they thought would be enough for a two days' sale in Bracebridge. It was all sold early Friday afternoon. The local representative telegraphed for more. The double supply reached his store about 2.30 in the afternoon and was all sold by supper time. Yet many business men do not believe advertising has any effect. Without the advertisement it is doubtful if that merchant would have sold one package of goods.

"BARNYARD GOLF" A POPULAR GAME

Horeshoe pitching has become such a popular game that it has been recognized by the Department of Agriculture, and Secretary T. W. Findlay recently received from J. Lochie Wilson, Secretary of the Provincial Fairs Association, a two page circular on the rules and regulations governing this game. The playing of horseshoe is recommended as an attraction at all fairs.
