GREY FARMERS TOUR

The contemplated tour of Grey County farmers through the counties of Wellington, Wentworth, Lincoln, Welland, Haldimand, Norfolk, Brant and Waterloo on June 20 and 21 should be welcomed by the farmers with open arms. The tour is being sponsored by T. Stewart Cooper, Agricultural representative for Grey County, and will be along the lines of the one held by the Wentworth farmers to Grey County. It gives a person a fine opportunity to view the garden of Ontario at a favorable time and to see how others are farming in sister counties. A stop will also be made at the Ontario Agricultural College at Guelph, and other places of interest will be Simcoe, Brantford, Paris, Galt and Kitchener. It is an opportunity that should not be missed as every minute of the trip should be exceedingly interesting.

EDITORIAL NOTES

Most farms or streams have signs "no fishing or trespassing" posted to keep out intruders. It would be a relief to find a place where a person would be welcome to fish,without tresspassing even if an emuniation was given. It will soon be that an honest man will have no place to throw a line.

LETTER TO THE EDITOR

Cardross, Sask.

Dear Editor:-We have had a very dry spring, the seeding of wheat was general on April 24th and the crop went in fine. Until May 29 there had been only one light shower of rain since seeding started, and we need a heavy rain now, as some of the late sowing is coming unevenly. We are always pleased to get The Advance, as it keeps us in touch with my wife's old home. All being well we intend making a trip to Ontario this month. It is ten years since we came west, so expect to see some changes.

Yours sincerely
C. I. H. JORDISON.

CARD OF THANKS

Suspended Sentence For Taking Bananas

Magistrate Armstrong of Markdale held court in that town on Thursday afternoon of last week and disposed of a case, the charge being made by Joseph Caruso, fruit dealer of Collingwood against Frank Bondi, also a fruit dealer of Mount Forest, for the theft of bananas from in front of A. Watson's store in Flesherton. Caruso left a bunch of bananas on the doorstep for Mr. Watson before the store was open, and Bondi, coming along soon after was supposed to have lifted them to his own truck. Bondi claimed that the bananas were left by him earlier in the morning, and on his return from Ceylon, a little later on, put them on his own truck. Witnesses were present who saw Caruso leave the bananas and then saw Bondi taking charge of them. Magistrate Armstrong let Bondi off on suspended sentence for one year, and to pay the costs of the court and $3.50 to Caruso, the value of the bananas, the total amount being over $16.

Mr. and Mrs. W. Moore of Meaford and Mr. and Mrs. Roy Patton of Durham, and little daughter, Jean were week end visitors with Mrs. H. Wilson.

VILLAGE COUNCIL

The Village Council met on Monday evening as a Court of Revision. There were no appeals and only a couple of minor changes were made in the roll, which were adopted.

A few small accounts were passed and the Council adjourned.

A MASONIC FAMILY

An unique event occurred at Stroud Ont., recently when Rev. Jas. E. Brown was initiated into Masonry the ceremonial chairs being occupied by four sons, a son-in-law and a brother, all of whom are past masters, one now occupying the office in the Orillia lodge. Circumstancess surrounding this initiation are believed to be without precedent in this country at least. Rev. Mr. Brown is a minister of Stroud United Church.

Sports Day at Kimberley

An excellent day of sports was held at Kimberley on Mond y, June 4th, under the auspices of the Women's Institute of that place. Kimberley swamped the Dundalk ball team in a baseball game 22-2. Two softball games were also played. The ladies' softball team named Orioles won from Clarksburg 8-2, while the Heathcote men defeated the Kimberley boys by only one run, the score being 14-13.

The concert at night was well attended and filled the Memorial Hall. Feversham Dramatic Club gave their play, "Safety First," and which has had a good reception wherever given. The total proceeds of the day amounted to $215.00.

Two Houses Burned

Two houses in this district were burned to the ground over the week end. That one of Mr. Chas. owne end. Mr. Chas. Stafford, whose farm is on the West Backline, Artemesia, lost his when a spark from the chimney on the wood shed caught on the front part of the house, which was higher, and before it was seen had obtained a good foothold. All the contents were saved.

Mr. Roy W. Fenwick of the 4th line Osprey lost his house Saturday evening, the cause supposed to be from an incubator. Before discovered the fire caught in the partitions and was too far gone to extinguish. All the household effects were taken out of hte building, even the windows being saved.

When a motorist is halted by a cop he'd better stop and not argue about it.

fined $25!

A receipt from the Police Court Clerk is not nearly as attractive as one from a Brake Service Station who has tested and relined your brakes.

When you pay a fine—it's a total loss. Paying for a genuine Raybestos Brake Lining job saves money, and the knowledge that you can stop safely, quickly and surely in any emergency saves your peace of mind.

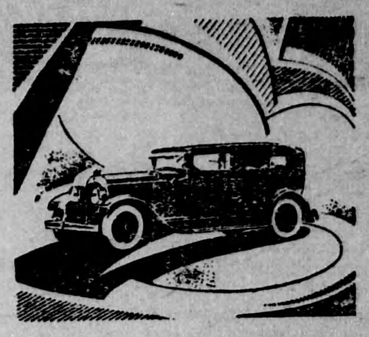
Overtake the "72"?
...well, *hardly!*



ALL cars today seek to approximate Chrysler "72" performance by patterning after Chrysler engineering. But after three years of striving, how close are they to the "72" today? *No closer than they were four years ago.*

As they have struggled to approach, Chrysler "72" has pulled away and gallops around and past them with more than the ease of the old original Chrysler sensation-car of 1924.

There may be pocket-book reasons for choosing cars of lesser price than the "72." There simply cannot be a valid reason for paying as much or more for any car other than the "72."
