ADORNING THE WARDENS

Meeting at London, the Middlesex County Councillors have resolved to clothe their Warden in a gown of brilliant red hue. Not to be outdone Elgin County Council have decked their Warden out in a similar garment and have also placed a chain of office about his neck. Disguise the matter as we will, it seems that the genus male, the world over, is just as fond of adornment as is the fair sex, and we are not surprised that these County Council heads are walking around in their new "glad rags" with heads erect and chest thrown forward, looking as if half the townships were theirs in fee simple. We may yet have the Warden of Grey similarly decorated.

EDITORIAL NOTES

The greater listener in has been over the telephone with his wife.

The wise preacher is now cutting down his sermon to a quarter of an hour or twenty minutes.

• • •

The town of Durham has its new post office open, but the pomp and ceremony was absent. It nearly became another Toronto Union Station.

• • •

There is an agitation on foot to have a set date for Easter each year. No doubt th fair sej would welcome a guarntee of fair weather.

• • •

Sir Robert Perks, the great British contractor, who at one time expressed willingness to build the Georgian Bay canal using Lake Nipissing and the Ottawa River has reached the conclusion that the tunnel under the channel between Britain and France will not be built until universal peace is guarnteed. Sir Robert in his declaration, is less of an optimist than is his wont but he is probably correct. Besides when travellers wish to cross the channel without being sea sick they can take a ticket on an aeroplane.

In a recent address in England, Field Marshall Sir William Robertson gave utterance to a view which has made a profound impression. War, he declared, is a futile and "wholly detestable thing; almost if not quite as disastrous to victors as to vanquished. May we not say," added this famous British war leader "that if the futility of war were more consistently emphasized by political leaders and the desire for peace within reasonable limits, more carefully nourished the defence of the Empire would soon become an easier task." Canadian jingoes should find food for reflection in this suggestion. The craze for war is never warranted.

Suffered Broken Leg

Miss Tillie Hewitt of the Meaford Road suffered a very bad accident on Sunday evening when she had her leg broken just below the thigh. While putting down the bars in the fence to allow the cows to enter the barnyard one of them became too eager to get through, and jumped over the bars, knocking Miss Hewitt down with the above distastrous result. She lay in the rain for a couple of hours before she was found and medical attention was then secured. Tusday afternoon she was taken to the Durham hospital where she will be confined for the three months recuperating from her injuries. Miss Hewitt's many friends sympathize with her in her misfortune and wish her a speedy recovery.

Dundalk Young Lady Won Oratorical Contest

The oratorical contest for group No. 1 of the Young People's Presbytery, which was held in the United Church, Flesherton on Friday evening, June 15th, and which was won by Miss Mary Lockhart of Dundalk, was a decided success in every particular. Eight young people entered the contest and addresses of every one of them were exceptoinally good, and it was with difficulty that the judges arrived at a decision. The following were the contestants: Misses Mary Lockhart, Hazel Walden, Evelyn Watson, Irene Martin, Cora McFadden, Emmeline Ritchie, and Messrs Gurfell Spencer and Alson Hoffman.

The young people were allowed to choose their own subjects, but most of them dealt with some phase of growth and development of the Dominion of Canada. Miss Lockhart will compete with the champion of the other three groups of the Presbytery at the Final Rally, which will be held in Markdale, early in August.

The judges were Rev. S. G. McCormack, Miss M. Muir and Miss E. Thompson.

Rev. R. A. Spencer gave a short address and Miss Judith St. John gave a reading. Mr. Howard I. Graham, convener for the Presbytery, presided.

SELECT

"Investigate before investing" is a good slogan, and where can it be more profitably applied than when you are choosing your life's occupation?

If you are contemplating a Business Course "select" which literally means to choose your school. Two things then are essential-the standard of your graduation and the position you will obtain after graduation.

If I were to offer you a free course, and you could obtain a better course elsewhere but by an expenditure of $1000, you would save money or be money ahead at the end of three years through the salary you would command by choosing the other school.

Margart Meek, Alton, and Mime Graham, Arthur (both gold medalists) took position in Toronto last week.

Margaret Meek left us with her gold pin in typing (64), and shorthand 140 words per minute. With such qualifications she will command a salary of $1500 per annum before the end of the ensuing year

The time it took this young lady to complete her course was almost a record considering that she carried on her own profession (music) at the same time

Sideliner's Notes

The Centre Grey Baseball League started off last week with a bang when Kimberley won from Markdale in a hotly contested game to the tune of 14-13. There was heavy hitting on both sides, also many errors that will be corrected before the season is very far advanced. Murph Mercer was on the mound for Markdale and pitched a very good game after being out of the game for several years and was opposed by Elmer Ellis for Kimberley, the south paw king. There was a good crowd out to witness the contest, which was exciting from beginning to end.

Markdale goes to Dundalk on Wednesday afternoon and should give the green socks in the southern metropolis a run for their money.

The baseball season opens in Flesherton on Thursday afternoon when the local club entertains the champions of 1927, and hope to be able to make them smell defeat. The game is cheduled to start at 3.00 p.m. sharp so let everybody be on hand for the opener.

Owing to a ruling in the League Kimberley will be unable to have the famous Alonzo Smith of Rocklyn on their line-up this year as he is playing with Meaford in the Owen Sound City League of which Meaford is an entry. This weakens the team in pitching talent to a certain extent as he was always available for duty if the regular weakend.

All the teams in the Centre Grey League look now as if they were fairly evenly matched in talent, with Kimberley a little the better in batting strength.

C. G. Softball League

On Wednesday night, last, Rock Mills took Flesherton's No. 1 team into camp by the score of 10-22, then on Saturday night Maxwell won from the Onwards, 21-9. Home runs were knocked out by L. Redley, 2; I. Tunrer, K. Betts, F. Seeley; 3 bas hits by K. Betts. 2-base hits by Milly Ferris, Bob Phillips, Mooley Sled, Harry Pedlar and Mabel Watters. The games scheduled for this week are as follows: Tuesday night at English Church Garden Party Maxwell. Rock Mills will play at Maxwell hel at Mr. Ring's. On Wednesday night in the Flesherton, Kimberley and Flesherton No. 2 team will play their first game. On Friday at U.F. O. picnic at Lever's Grove. Victoria Corners will try and take a win from the Maxwell team, ho have not been defeated yet; also Rock Mills and Kimberley will compete that day, then on Saturday evening in the Park, Vandeleur and Onwards will stage a game. Ceylon are finding it hard to get up a team so Flesherton No. 2 team are organizing to take Ceylon's place, so from now on Flesherton will have two teams in the league.

If any team called to play and failed to appear unless the game be called off by the managr, the team failing to appear forfeits right ol game and the other team is credited with a win.

The annual district meeting of the Women's Institute and the Board of Agriculture will be held in Maxwell onThursday, June 21st at 1.30 p.m.

ASSAULT CHARGE DISMISSED

In dismissing the assult charge against Trustee Mayes of Killyeagh School Section, Innisfil, for forcibly ejecting a boy for incorrigibility, Magistrate Jeffs of Barrie ruled that (1) a teacher whose authority has been openly defied and flouted has the right to order the offender to leave the premises; (2) when defied as to her order to leave, she may use force to compel the obedience of her order; (3) when forcibly resisted beyond the physical ability to affect her purpose she may call for assistance to effect the same. The answer to all these questions must be obvious to anyone. If then the party assisting uses no more force than is reasonably required to effect the lawful purpose, there can be no assault.—Stayner Sun.
