Presentation to Teacher

The second form students of the high school on Friday presented their teacher, Mr. S. W. M. Hardwick, with a beautiful set of gold cuff links with a Masonic emblem, as a token of their appreciation of his services and upon his departure from the school life. The following address was read and when the presenation was made:

Dear Mr. Hardwick:-

We, your pupils in second form have learned with deep regret that you are leaving Flesherton High School, to take a very fine position elsewhere. It is a real disappointment to us all, for we had hoped to have you with us next year again. You have always been a teacher, whom we enjoyed working for, and wherever we met you, in the schoo, on the play-ground, or on the street, you have been a friend as well as a teacher. You have made impressions upon us that will never be forgotten, and we feel sure you will have much success and make many friends where you are going. We shall cherish sweet memories of these two years you have been our teacher, and we hope that we may see you often, even although you are not in Flesherton.

As a token of our appreciation of your untiring interest in our work and progress, we ask you to accept this gift, along with our very best wishes.

Signed on behalf of second form.
Mabel Watters and Donelda Sloan.

Dr. W. A. Groves last week had a rather peculiar experience. He went into the pantry to obtain a few matches from a box he kept there, when upon putting his hand in, the box burst into flames. Fortunately he was successful in putting out the blaze before any damage was done, but the entire box was destroyed, practically all the matches catching fire. The Doctor cannot account for the peculiar occurrence unless that two matches had been joined, and separated with a flash.—Fergus News-Record.
