MAXWELL

The field day, under the auspices of the C.O.F., on Monday, July 2nd, was a decided success. The softball game between Maxwell and Victoria Corners was won by the former team. Rock Mills won from Kimberley and Shrigley defeated the Duncan Orioles. The football game was a good one with Feversham winning from Maxwell. Quite a number took part in the races. The dance at night, with Toronto talent, was well attended. One thing occurred, however, to mar the day. It is supposed that some one threw away a lighted match or cigarette stub with the result that Mr. Samuel Grummett's small barn was burned to the ground about 10.00 p.m. We extend our sympathy to Mr. Grummett and might we appeal or insist that all smokers be more careful in putting out matches and destroying cigarette stubs.

Mr. and Mrs. George Ross spent the week end at Mr. Ray. Wellar's at Brampton.

Miss Ruth Hollingworth of Toronto is the guest of her cousin, Miss Annie Priestly.

Miss Millie Coulthard, nurse-in-training, and friend of Durham visited the former's friend, Miss Mary Ross on Sunday.

Miss Shirley Buckingham of Dundalk is holidaying at her home here.

The W. I. convention held here on June 21st was well attended. Reports all show splendid work among the Institutes. Two branches were not represented. The program consisted of solos, duets and instructive papers, which were enjoyed by all. Lunch was served before and after the meeting.

SCIENCE OR HABIT

Is it Scientific Instruction at the Weller Business College, Orangeville, that makes the Gold Pin Standard a mere joke with the students, or have the students just gotten into the "rut," and find it had to get over he "bad habit?"

Miss Hilda Fitzpatrick, Arthur, 63.
Miss Mamie Heffernan, Arthur, 64.
Miss Ethel McLelland, Arthur, 65
Miss Reta McLeland, Bellwood, 61.
Miss Wilma Coulter, Alton, 60.8.

Last week the above students took the Universal Test and wrote for 15 minutes according to Universal Rules, and maintained an average speed of the above mentioned net words per minute.

Is the Weller Busiess College the best school in the world, or have we the best students in the world?

In any event the above mentioned girls won't need any pull, or friend to get them a position paying a few dollars per week, but can choose their own position at a salary of four figures per annum, almost if not right, at the beginning.

A LOVE-LY FISH STORY.

Dear friends and others interested,
Lend us your ears a minute.
A fish story we have to tell,
With a bit of Love thrown in it.

A blithe and sprightly farmer lad
Stepped out in khaki combinations
And to his comrades on the way
Gave fishing invitations.

His comrades all refused to go—
'Twas lack of time—bedad.
So rather than go to the Beaver alone
He thuoght he'd see what the Saugeen had.

He journeyed to his favorite spot,
Walking along quite briskly,
His feet on terra firma trod
His thoughts were light and frisky.

Though for nigh two years he has fished this spot
Thinking "a sticker someday must win,"
And so he faithfully wended his way
Through everything—thick and thin.

With love he baited his hook,
With courage he cast his line,
But in all his fishing experience
Luther never got one so fine.

It surely is a credit to him—
Tips the scales at 1-2-5,
And—what do you know about it?
He has it yet—ALIVE.

We don't know how he did it,
But, he got it, sure as fate,
Carrying a pole and a basket,
Using just Love for bait.

Now, this young man, his friends all know,
Has bet his money and life—
Yea—farm stock and implements—
He'd never possess a wife.

With butter and eggs one morning
He went to Proton to shop;
His coupe, it got unruly
And landed him through the top.

When consciousness returned
Up he stood and said,
"I believe I'll get married
Or very soon I'll be dead."

So young men, now you must take warning—
From this time, now and on,
Never say you WON'T, cause you know you will
When the right girl comes along.

The Derby men were well pleased with the substantial amount netted. —O. S. Sun-Times.
