The filtering substance is the same as used by the best Water Works Companies in England, and recommended by the medical faculty as the best known combination of ingredients for removing all foreign matter, and making the water pure, sparkling and healthy. We make different sizes and styles, so as to bring them within the reach of all. No family should be without one, especially where there are children.

WAIT FOR THE
Largest Exhibition on Earth!
New York Circus
From the Hippotheatron Iron Buildings, Fourteenth-street, New York.
L. B. LENT, - - DIRECTOR.

WILL EXHIBIT AT
OTTAWA,
—ON—
Monday & Tuesday,
June 24th and 25th.
This well known troupe, the reputation of which will be familiar to all who are in the habit of visiting the City of New York, is permanently located during the greater portion of the year at its Colossal Iron Buildings, occupying a frontage of one hundred and twenty-five feet on Fourteenth-street, opposite the Academy of Music, and is universally acknowledged to surpass in the number and talent of its artists, the beauty and thorough training of its performing Horses and Ponies, and the splendor of its wardrobe and paraphernalia any similar exhibition ever brought before the American public. As the position of this celebrated metropolitan establishment as
The Leading Circus of America,
is too firmly established to be seriously questioned in any quarter, it is only necessary to state that the entire mammoth company of the New York establishment will appear at each representation, and that the performances will be found more varied and brilliant than anything hitherto witnessed on this side of the Atlantic.
The New York Circus is now on its second annual
SUMMER TOUR BY RAILWAY,
Visiting principal towns only, and is fully endorsed by the entire press of New York as well as the leading journals of all cities in which it has appeared, as infinitely superior in all respects, to any Circus that has ever been seen on this Continent. The galaxy of Stars comprised in this mammoth company includes:

MD'LLE. CARLOTTA DE BERG,
The most dashing and daring Equestrienne the world has ever produced, from the Cirque Napoleon, Paris, whose extraordinary and unprecedented style of Equestrianism, so different from anything of the kind that has preceded it, never fails to inspire the wildest enthusiasm. Nothing to compare with it has ever been attained by any other lady rider in any age or country, and no words can do justice to the wondrous skill and daring displayed by this beautiful, accomplished and fascinating Artiste, whose achievements on her swift running courser are at once terrific and enchanting beyond description.
EL NINO EDDIE!
The child wonder, the most extraordinary youthful prodigy of whom we have any account, although a mere child, surpasses Blondin on the tight rope, and is the most graceful juvenile rider of the age. The world renowned

Runnells Family!
From the principal Amphitheatres of London, Paris, Vienna, and St. Petersburgh, who as Professors of the classic school of Gymnastics, are without rivals on earth, their great act of Classic Gymnastic Groupings, having been acknowledged in all the capitals of the Old World to be the very perfection of physical culture and artistic grace.
JAMES H. MADICAN,
The champion summerset rider, who has no equal on this continent for feats of desperate daring, together with the greatest force of daring riders; accomplished acrobats; classic gymnasts; comical clowns; slack rope vaulters; posture masters; equilibrists; voltigeurs; tumblers and pantomimists, ever brought together in this country, involving a greater expenditure for salaries than is incurred by any four travelling companies, and embracing more first class artists than can be found in any circus in the world.
Joe Pentland,
Principal clown. The finest stud of performing horses; the most superb collection of educated ponies; and the most gorgeous appointments of any circus in Europe or America. The wonderful

Hurdle Leaping Buffalo!
The only really water proof pavilion ever manufactured. The street parade will be headed by the new and
