AMERICAN
[WALTHAM]
WATCHES.

THE true value of Machinery applied to Watchmaking is not that by its us Watches are made rapidly, but that they are made correctly. Very few people know why a Watch should be superior to any other. In the first place, at Waltham the Watch is regarded as only a machine, to be constructed, like any other machine, on mechanical principles. The factory is indeed little else than a vast machine shop, the principal work in which is not more upon watches than upon machinery to make watches with. If the watches are good, it is because the machinery is good. Of course there must be no defect in the principle or plan of the movement, no mistake in the sizes or shapes of the pieces of which it is composed, nothing waiting in their properties, and no error in their positions. These points once thoroughly settled in regard to each part of every variety of watch, it rests wholly with the machinery constructed with infinite diversity of form and function, expressly for the purpose, to produce the finished pieces. The method established in every department is the reproduction of parts by mechanical means, and this is carried out on the system of the most thorough sub division of labor

By means of multiplying gauges and microscopes, tests, and inspection for the detection of wear in cutting tools and for faults and flaws in steel or where are made to accompany the work in every stage from beginning to end. As a necessary result, the Watch goes together a perfect machine. Every part is found to fit properly in its place. Every pin may be pushed till it pinches, and every screw turned home. Instead of a sluggish and feeble action, the balance, even under the pressure of the finest mainspring, vibrates with a wide and free motion, and the beat has the clear and ringing sound, always characteristic of the Waltham Watch. The machine is a timekeeper from the start.

This system of watchmaking is unknown in foreign countries, and is entirely original with the Waltham Company. The company claim that by it they produce watches that cannot be equaled for every quality which makes a watch valuable. Simple in plan and correct in principle, the movement is not only beautifully finished, substantial, accurate and cheap, but is uniform to the minutest details, not easily damaged, easily repaired, and when repaired always as good as new.

There are different grades of finish in the different varieties of watches made by the Waltham Company, as there are different sizes and shapes, to suit all tastes and means, but every watch that bears the genuine trade mark of "WALTHAM," is guaranteed to be a good one, and nobody need be afraid to buy it.

Every Watch Fully Warranted.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OSKALOOSA, Ind., 6th June, 1859.

J. C. AYER & Co. Gentlemen: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my limbs and Arms; sometimes it turned inward and undermined me at the stomach. Two years ago it broke out in my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disease grew worse. At length I was rejoiced to read in the newspapers that you had prepared an alterative Sarsaparilla. I knew from your reputation that such a medicine, if any could be cured. I sent to Cincinnati and got one bottle. It seemed to me it was going to do me good. I took it as you gave me, a small spoonful over a month, and used three more bottles. Now and healthy skin scarcely to be seen under the scab, which after a while fell off. My sight is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you that I BLESS the day I first met the apostles of the age, and remain ever gratefully, Yours,

ELIJAH B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Itch, Scurfy, and Dropsy.

Dr. Robert M. Peebles writes from Salem, N. Y., 12th Sept., 1866, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the preservative power of your Sarsaparilla, and also a dangerous Malignant Erysipelas he had been dosed of the usual way under the opinion, frequently, it is constantly.

Bronchocele, Goiter, or Swelled Neck.

Absalom Shearer, of Jackson, Texas, writes: "Three bottles of your Sarsaparilla cured my Goiter, and a big one swelling on the neck, which I had suffered from my childhood."

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. S. Manning, of New York City, writes: "I have thoroughly employed with the utmost satisfaction your Sarsaparilla in my practice. I have found your Sarsaparilla a most excellent therapeutic in the numerous complaints for which we prescribe such a remedy, especially in *Female Diseases* of the scrofulous diathesis." I have cured many inveterate cases of Leucorrhea by it, and none where the complaint was caused by abscesses of the uterus, the abscess itself was cured by it. Nothing within my knowledge equals it for these female derangements."

Edward S. Morrow, of Newburgh, Ohio, writes, "A dangerous ovarian tumor in one of my females in my family, had defied all the remedies we could employ, but though been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he tried the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks symptom of the disease vanished."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *General and Mercurial Diseases*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the roof of his mouth. Your Sarsaparilla, steadily taken, cured him in two weeks. Another was attacked by secondary symptoms in his nose. The ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the sores healed, and he is well again, not of course without some disfiguration to his face. A woman who had been salivated for the same disorder by mercury was suffering from the poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I now from its formula, which your agent gave me, that the Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

☞ Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

Dr. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the medies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. PREAM.

Isaac Y. Getebell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which disordered my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man some years from no other cause than *derangement of Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of it is not half good enough."

Cancers, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy; Neuralgia

Many remarkable cures of these affections have been made by the alterative power of this medicine. It invigorates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will prove to them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is needless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtile and dangerous disorders of the throat and lungs. We all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Royal Italian Bitters!
—OR—
TONICO REALE

DEL DOTTORE, F. P. VERRI.

Professor of Chemistry in the University of PADUA

ITALY.

THIS celebrated preparation for which a certificate of merit was awarded to the distinguished original preparer at the National Exposition at Torino, Italy, by whose favor Mr. GIANELLI obtained the recipe, and was also awarded a diploma at the Provincial Exhibition of Canada held at Montreal in September, 1863, is, without exception, the most genuine, salubrious and agreeable Tonic ever introduced to public notice either in Europe or America.

For seventeen years it has, in Italy, been a universal favorite among the *elite* of society, being generally served in the drawing room before dinner, in preference to Vermouth.

The ingredients of its composition have been imparted to the leading Physicians of Canada and the United States, and have received their unqualified approval on every account.

The proprietor refers with the greatest confidence and satisfaction to the subjoined testimonials from eminent medical men, which he could add to, were it desirable.

Kept by the principal Druggists and Grocers in the Dominion of Canada and in the United States.

Sold by the Proprietor.

Dear Sir: You request my opinion of the "Royal Italian Bitters," prepared from a receipt of Dr Verri, of Padua. I beg to state that I consider it a most agreeable cordial tonic, in every way superior in flavour and composition to the ordinary bitter tonics in general use. I have recommended it to several patients, who have derived marked benefit from its use.

I am, dear Sir, yours faithfully,
G. E. FENWICK, M.D.

How they Suit for Cutting Bolts.

DUNDAS FOUNDRY, Dundas, July 29, 1867.

Messrs. McKENZIE & MACKAY, Hamilton.

GENTLEMEN,—I have been testing your Natural Lubricating Oils [A] and [AAA] for the last three months, and have no hesitation in stating that they are the best oils used in this foundry for some years, and are far superior to what we have known as "Petroleum Lubricators." They are free from all Gum and Grit, do not heat the bearings, and are particularly adapted for lathes and planer beds. The TREBLE A OIL is especially suited for cutting heavy bolts. I have used it with the "Patent Die," which finishes the thread with one cut, and it has stood the severe test to my satisfaction.

Yours truly,
THOMAS WILSON, Foreman.

Messrs. McKENZIE & MACKAY, Hamilton.

GENTLEMEN,—I have tried your Lubricating Oil, (AA) and (A) and can recommend it as being a good Oil for Lubricating purposes. I have used it on both heavy and light machinery, and find it answers the purpose as well as any oil hitherto used. I have always used olive oil till now, so that your oil received a severe test. Please send me one barrel of each kind.

Yours truly,

WEST FLAMBORO, July 27, 1867.

Messrs. McKENZIE & MACKAY, 9, King-street, Hamilton,

GENTLEMEN,—I have thoroughly tested in my Saw mill the Lubricating Oil received from you. The sample marked (AA) I think is superior to any elephant oil for saw mill machinery. The journals run with it, work longer clean, and with less friction than with any other oil I have used.

Yours respectfully,
ROBERT CHRISTIE.

EVERY MAN HIS OWN DOCTOR

PROFESSOR KELLOG'S Life Preserving Vegetable Compound and universal cure for man and beast, which gives immediate relief, and only requires one trial to convince the most skeptical. Externally by rubbing, internally by mixing with milk or anything to suit the taste or clear. One teaspoonful, a full dose, fever and ague, and all fevers, old sores, fresh cuts and bruises, burns, foul stomach. Dyspepsia, by mixing with one glass Highwines; rheumatism of all kinds, Delirium Tremens. Persons drunk made sober in half an hour by two doses, and in fact almost every ailment cured in a very short space of time. Corns, by paring and applying for several weeks. The nerve of a tooth entirely quieted by an application for a short length of time. It acts as magic on horse flesh in all cases, and also on all other beasts. No family should be without it, as there will be no danger of disease when used in connection with the Water Cure. None genuine without the signature of the above Sole Proprietor H. J. KELLOG.

We the undersigned inhabitants of Templeton have used the above named compound in many cases, and cordially recommend it to the public for a trial, as it has been more expedient and effectual than any remedy used by us.

NOTICE.

THE Undersigned will either sell or let for a few years his well known farm, being lot Twenty-five in the Fourth Concession of Gloucester, Rideau Front, 215 acres all cleared, and well fenced and in a good state of cultivation. Also, the one-half of lot Twenty-seven in the Third Concession, being in its natural state, all wood and excellent land. It is just the cross of two hundred acres from the corner of the one lot to the other. The railroad line runs within ten feet of the front corner of the one hundred and in sight of the two hundred for two or three miles. The station at Cunningham's is scarcely a mile and a half from the front of Lot Twenty-five. The above farm is capable of keeping thirty head of milch cows, two span of horses, and as many young cattle as it would be proper to raise. Eight or nine years ago I kept twenty-two milch cows, and ten or twelve horses, and raised five or six calves every year. The above farm is about ten miles, from the door, to the limits of the City. The improvements cannot be surpassed for a farmer's purpose. The dwelling-house is stone, 30 by 40, a story and a half over ground; and a cellar nine feet high, the one half used for a kitchen and the other half capable of holding 1,000 bushels of anything you wish to put into it; there is three small windows in it, and when cleaned in the Spring, makes an excellent milk-house or dairy; there is a frame wood shed at the door, 60 by 24, with 14 feet taken off the one end for a smokehouse, and overlead for a storehouse; next to that is a stable 56 by 26, finished inside, complete with four large double stalls and two single ones, and good room for hanging up harnesses, and sat box; convenient to that is a barn 40 by 50, in which I have often had 1,000 bushels of grain in one year; connected with that is 200 and 20 feet of frame sheds, all 20 and 24 deep, under pinned with stone and lime from two to seven feet, according to level; on the north side of the house is another barn, 30 by 40, commonly filled with peas and oats. And if either tenant or purchaser has a desire for religious purposes, you can lie in your bed and look at the bell telling on the Catholic Church every Holy Day, and go to the front door and you will see the Presbyterian Church, where the Rev. Mr. Lochead has preached for the last twenty-two years, and go to the back door and you will see both English Church and Methodist Church within two miles. The above farm would be a desirable situation for a young man wishing to give his attention to farming, as the Ottawa Market cannot be surpassed in the Dominion. I think that I can say that I have not sold one pound of butter under one shilling this eight years! if one went under two went over. Some reader may ask what am I selling for, it is neither for want of money nor of anything, but I am in the seventieth year of my age, and have purchased off this lot seven hundred and fifty acres of land and all is paid for, and all my sons is settled on their own farms, so I would rather sit down and take my ease as be attending to marketing and farming any longer. Persons wishing to get any information on any point from me, can do so by addressing, post paid, JAMES JOHNSTON, Senr., South Gloucester.
