Steady Rain When Kimberley Won 27-16

Amid a steady downpour of rain throughout the game Kimberley came out victorious in a hectic contest, the score being 27-19. Dillon commenced on the mound for Kimberley and very well up to the time the rain started to fall which was about the second inning. It was well nigh impossible to control the wet ball and walks were vehy numerous. It was anybody's game right up to the last couple of innings, when Kimberley forged ahead with enough runs to win the game.

Flesherton — Thurston, McTavish, Genoe, K. Betts, C. Betts, MacDonald, Sparks, Bowles, Russell.

GAMES THIS WEEK

Kimberley at Dundalk—Aug. 8th

Centre Grey Softball

A very snappy game of softball was pulled off in the Memorial Park on Monday of this week, between Victoria Corners and Flesherton, resulting in a tie score of 2-2, when darkness intervened at the end of the 6th. On Wednesday night the two teams leading the league at the present time will come to-gether, Maxwell and Rock Mills. This should be a real game as these two teams are both confident they can win. On Saturday night the Kimberley team will try and lead the Onwards into camp. Game called for 6.45. The following prizes will be given for this month:

Most home runs (Men) McTavish's Garage will give a free crank case oil change.

Most 3-base hits (Men) Allan Watson one pound of tea.

Most 2-base hits, Mark Wilson, 2 pounds of sausage.

For the lady making the most home runs during the month, Avery Hawken will give a photo of the lady.

Most 3-base hits (lady) Allan Watson, one pound of tea.

Most 2-base hits (lady) by F. H. W. Hickling, hose valued at $1.00.

CARE OF THE BABY IN SUMMER

More babies are sick in summer than at other seasons. This may be prevented by proper care, which includes:-

Breast-Feeding—Every baby should be breast-fed by his mother. Breast milk is the best milk for babies. It contains all those things which the baby's body requires. It is fresh; it is free from germs. Mothers should never wean their babies excepting when advised to do so by physicians.

Safe Milk — If the baby is not breast-fed, or after he has been weaned, he must have safe milk. Pasteurized milk should be procured or, if it cannot be bought, the milk that is supplied should be boiled for three minutes, or it can also be pasteurized at home. The milk should be kept on ice, covered, and so protected from dirt, flies and insects.

Water — The baby should be given plenty of water. He cannot ask for it.

Fresh Air — The baby should practically live out-of-doors, on the porch or in the yard. If he sleeps indoors, the windows should be wide open.

Sunlight—The baby should have a sun bath every day, beginning with short exposures until the whole body is exposed to the benefits of the sun's rays.

Clothing — The baby's clothes should be according to the weather. Many children are over-clothed. On very warm days, all the clothes except the diaper can be removed.

Flies and Insects — Because they spread disease, all flies and insects should be kept away from the child. Netting should be used.

In case of any digestive upset or irregularity of the bowel movements, a physician should be consulted at once. At the beginning, such conditions respond promptly to proper treatment; if allowed to continue, the condition may become serious and difficult to cure.

DROWNED IN UNITED STATES

Mr. Thomas Bates of Aberdeen, Washington, formerly of Flesherton, was drowned on Wednesday, June 27.

The car in which he was driving was travelling at a moderate rate toward Aberdeen, when turning out to pass another car, it skidded and plunged over the embankment into the Wickham River, one mile north of Aberdeen. The other two occupants were rescued, but Mr. Bate's body was recovered and interment took place at Aberdeen.

Mr. Bates is a brother of Mrs. Edward Bryson, 62 Pacific Ave, Toronto.
