AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me, having inherited a Scrofulous infection. I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was induced to read in the Gospel Messenger that you had prepared an alterative (sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, a small dose of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the sick and remain ever gratefully. Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says it cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases of the Scrofulous diathesis*. I have cured many inveterate cases of Leucorrhea by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous cancerous tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

Dr. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Diseases*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the sores healed, and he is well again, not of course without some disfiguration to his face. A woman who had been salivated for the same disorder by mercury was suffering from the poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I grow from its formula, which, your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 4th July, 1859.

Dr. J. C. AYER: Sir, I have been afflicted with a painful *chronic Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the medies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Scirrhus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where one of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will prove for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtile and dangerous disorders of the throat and lungs. We all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Royal Italian Bitters!

—DE—

TONICO REALE

DEL DOTTORE F. P. VERRI,

Professor of Chemistry in the University of PADUA

ITALY.

THIS celebrated preparation for which a certificate of merit was awarded to the distinguished original preparer at the National Exposition at Torino, Italy, by whose favor Mr. G. Gianelli obtained the recipe, and was also awarded a diploma at the Provincial Exhibition of Canada held at Montreal in September, 1865, is, without exception, the most genuine, salubrious and agreeable Tonic ever introduced to public notice either in Europe or America.

For seventeen years it has, in Italy, been a universal favorite among the *élite* of society, being generally served in the drawing room before dinner, in preference to Vermouth.

The ingredients of its composition have been imparted to the leading Physicians of Canada and the United States, and have received their unqualified approval on every account.

The proprietor refers with the greatest confidence and satisfaction to the subjoined testimonials from eminent medical men, which he could add to, were it desirable.

Kept by the principal Druggists and Grocers in the Dominion of Canada and in the United States.

Sold by the Proprietor.

Dear Sir: You request my opinion of the "Royal Italian Bitters," prepared from a receipt of Dr Verri, of Padua. I beg to state that I consider it a most agreeable cordial tonic, in every way superior in flavour and composition to the ordinary bitter tonics in general use. I have recommended it to several patients, who have derived marked benefit from its use.

I am, dear Sir, yours faithfully,

G. E. FENWICK, M.D.

A. M. F. Gianelli, Esq., Montreal.

A. M. GIANELLI,

Letter from Dr. J. L. Leprohon, City Health Officer.

Montreal, March 29, 1867.

Dear Sir: My absence from Montreal has prevented me from acknowledging sooner the reception of your note and accompanying sample of the "Royal Italian Bitters."

I have no hesitation in stating that the ingredients entering into their composition are of a nature to render them decidedly useful in many cases of weakness of the digestive organs and of the general constitution. Their flavour is also very pleasant.

I remain, dear Sir, yours very sincerely,

J. L. LEPROHON, M.D.

A. M. F. Gianelli, Esq.,

My Dear Sir: I beg to acknowledge the receipt of a sample of your Royal Italian Bitters, together with a note imparting to me the formula for their preparation. Having a large field where to try the effect of your Bitters, I have obtained flattering success in cases requiring the use of a mild, stimulating tonic, and I will recommend your Bitters with pleasure in dyspepsia, indigestion, loss of appetite, general debility, and constitutional inactivity of the liver.

I remain, my dear Mr. Gianelli, yours, very truly,

E. DE LA GRANJA, M.D.

Letter from Dr. Hall, Professor of Midwifery and Diseases of Women and Children, McGill College.

Montreal, March 15, 1866.

My Dear Sir: I have to acknowledge from you the reception of a sample of your "Royal Bitters," of your own manufacture, and have subsequently had the opportunity afforded me of becoming acquainted not only with their preparation, but also with the materials which enter into their composition. Nothing, I think, can excel the mode of filtration adopted, while the small amount of vinous ingredients must recommend them to every taste, and even to those who usually disapprove of the use of such beverages, the proportion being only just sufficient to maintain their composition unimpaired in climates subject to considerable fluctuations of temperature.

From the nature or character of the materials employed in their composition, it is impossible to regard them otherwise than as the healthful, invigorating, yet mild tonic or stomachic, especially adapted to stomachs enfeebled by general sickness, and whose energy requires a gentle stimulus, preparatory to the indigestion of food.

I shall have pleasure in recommending their use in such suitable cases as may present themselves to me. I remain, dear Sir, yours very truly,

A. HALL, M.D.,
Professor Midwifery, McGill University.

Montreal, August 1, 1866.

Sir: Having much practical experience of Bitters in the West Indies, in India, and other parts of the world where they are in request, I have no hesitation in giving it as my opinion that Dr. Verri's "Tonico Reale" is the *very best I have ever met with.*

W. M. MUIR, M.D., Inspector-General.

Letter from Professor Smallwood, of McGill University.

32 Beaver Hall Terrace,
Montreal, August 1, 1866.

I am opinion that Dr. Verri's "Tonico Reale" is a very pleasant and palatable form for the exhibition of tonic bitters, in cases requiring such a preparation.

To A. M. F. Gianelli, Esq., Montreal.

20, East 25th-street,
New York, May 9, 1867:

To A. M. F. Gianelli, Esq.,

Dear Sir,—The "Tonico Reale" I have tried faithfully, and it gives me great pleasure to state to you that it is the best and most agreeable Tonic I have ever used in my practice. I find it particularly adapted to females and children debilitated by the various diseases and complaints peculiar to them. If you will favor me with a letter stating where I can procure your Bitters for my patients, I shall take particular pains to recommend them. As a general rule the Bitters sold are *too* bitter and have too much *Alcohol*, and are hence often injurious.

Your "Tonico Reale" seems to me to be the Tonic we have long wished for, but never found until Prof. Verri, D.M., of Padua, has given it to the Medical World.

Respectfully yours,

WM. FRED. HOLCOMB, M.D.,
Professor of Aural and Ophthalmic Surgery in New York Medical College, and Surgeon to New York Ophthalmic Hospital and Demult Dispensary.

Letter from Dr W F Campbell, Editor Medical Journal.

Montreal, August 20, 1867.

Dear Sir: I have to acknowledge the receipt of a sample of your "Tonic Reale," accompanied by a note informing me of its composition, and how prepared. While not believing in my universal Tonic, I am forced to admit that there are many cases where just such a preparation as yours would be invaluable. In cases of Chronic Dyspepsia, I have several times recommended its use and with much benefit. Yours, &c.,

FRS W CAMPBELL, MDLRCP, London.

M A F Gianelli, Esq, Montreal.

Montreal, February, 1867.

Mr Gianelli,—*Dear Sir:* Having received from you a sample of the Royal Italian Bitters of Dr. Verri as prepared by you, I have much pleasure in testifying to its very excellent qualities as an agreeable and exhilirating tonic Bitter; nothing equal to it has ever come under my notice. Having also been made acquainted with its composition and mode of preparation, I feel nothing better could have been devised for general use; from it effects which I have observed in several cases, I think very many who now suffer from indigestion and dyspepsia in their various forms will find in it a panacea for all their ills.

Very truly,

Letter from Drs. Picault.

Montreal, July 27, 1866.

To Mr. Angelia Gianelli.

Dear Sir: We are pleased to acknowledge the reception of the prescription of your valuable tonic and bitters, entitled "The Royal." All the substances contained in its composition are perfectly combined to form a preparation fit for the purposes detailed in your directions.

We are, dear Sir, yours sincerely,

Dear Sir: Just recovering from a long and severe illness, I have received a sample of your Tonico Reale and from its use have derived considerable benefit, as I find my appetite and digestion much improved, and hesitate not to recommend it as one of the best and most agreeable Tonics I have ever used.

NOTICE.

THE Undersigned will either sell or let for a few years his well known farm, being lot Twenty-five in the Fourth Concession of Gloucester, Rideau Front, 215 acres all cleared, and well fenced and in a good state of cultivation. Also, the one-half of lot Twenty-seven in the Third Concession, being in its natural state, all wood and excellent land. It is just the equal of two hundred acres from the centre of the one lot to the other. The railroad line runs within ten feet of the front corner of the one hundred and in sight of the two hundred for two or three miles. The station at Conningham's is scarcely a mile and a half from the front of Lot Twenty-five. The above farm is capable of keeping thirty head of milch cows, two span of horses, and as many young cattle as it would be proper to raise. Eight or nine years ago I kept twenty-two milch cows, and ten or twelve horses, and raised five or six calves every year. The above farm is about ten miles, from the door, to the limits of the City. The improvements cannot be surpassed for a farmer's purpose. The dwelling-house is stone, 30 by 40, a story and a half over ground; and a cellar nine feet high, the one half used for a kitchen and the other half capable of holding 1,000 bushels of anything you wish to put into it; there is three small windows in it, and when cleaned in the Spring, makes an excellent milk-house or dairy; there is a frame wood shed at the door, 60 by 24, with 14 feet taken off the one end for a coachhouse, and overhead for a storehouse; next to that is a stable 36 by 26, finished inside, complete with four large double stalls and two single ones, and good room for hanging up harness, and oat box; convenient to that is a barn 40 by 50, in which I have often put 1,000 bushels of grain in one year; connected with that is 200 and 20 feet of frame sheds, all 20 and 24 deep, under pinned with stone and lime from two to seven feet, according to level; on the north side of the house is another barn, 30 by 40, commonly filled with peas and oats. And if either tenant or purchaser has a desire for religious purposes, you can lie in your bed and look at the bell tolling on the Catholic Church every Holy Day, and go to the front door and you will see the Presbyterian Church, where the Rev. Mr. Lochead has preached for the last twenty-two years, and go to the back door and you will see both English Church and Methodist Church within two miles. The above farm would be a desirable situation for a young man wishing to give his attention to farming, as the Ottawa Market cannot be surpassed in the Dominion. I think that I can say that I have not sold one pound of butter under one shilling this eight years: if one went under two went over. Some reader may ask what am I selling for, it is neither for scant nor for want of anything, but I am in the seventieth year of my age, and has purchased off this lot seven hundred and fifty acres of land and all is paid for, and all my sons is settled on their own farms, so I would rather sit down and take my ease as be attending to marketing and farming any longer. Persons wishing to get any information on any point from me, can do so by addressing, postpaid, JAMES JOHNSTON, Senr., South Gloucester.
