CHANGING OF FAIR DATES

For several years past the Meaford and Owen Sound fall fair dates have been conflicting and in order to escape the difficulty this year the Owen Sound management decided to hold their fair in October. At the same time Meaford had a change of heart and set her dates a week later, on the days picked by the East Grey Agriculture Society for their fair at Flesherton. By that action they have jumped from the frying pan into the fire, but it it their funeral, not ours. Quite a number regular exhibitors from the Meaford district, also a couple of new ones, have signified their intention of passing up the Meaford fair to attend Flesherton. One would suppose that the Meaford directors would have sufficient experience to realize that it doesn't pay to switch dates belonging to adjacent large fairs.

EDITORIAL NOTES

Mere man who objects to the present apparel of women. is likely to be cured of his scruples by a perusal of the old family album.

Life has a way of evening things up, as the Seattle Times points out. For every woman that makes a fool out of a man, there's another who makes a man out of a fool.

A recent camp meeting projector in a nearby township advertised that there would be pie as well as tracts. Wandering Willie would greatly rejoice to hear that.

• • •

The crops in this part of the banner Province have so far been harvested as to enable us to say that the yield will be above the average. Let us all trust that the price will be satisfactory."The laborer is worthy of his hire."

The disaster on the Georgian Bay on Saturday morning last brings to the fore the problem of equipping all lake boats that ply on the passenger and freight routes. with wireless. No doubt if wireless had been available on the doomed ship many lives would have been saved.

The airplane will again be an attraction at our fair. It will be a much larger plane, which will take up two passengers at a time.

Don't forget to see the car balancing contest on Fair Day, put on by Geo. Brackenbury, and bring your car along and take a try at it. It looks easy.

You will hardly know the Fair Grounds this year after all the alterations are completed. Thanks to a few Boosters, for our Club of Boosters is growing.

Those who attend our Fall Fair will have to admit that the Directors have certainly been working when they see the improvements done to the grounds and buildings. The Directors are doing everything in their power to make this Fair, this fall the best ever held here.

Province is Making Fill at New Bridge

For the past week Mr. W. J. Moore, foreman on the Provincial Highway, has had a gang of men employed on the task of filling in the approaches to the new bridge built over the Boyne river during the summer. The high bank on the west side of the road, north of the bridge, has been levelled and the earth used for the fill. The Department of Public Highways has taken over the entire road up to the Baptist Church corner and will thus include the fill on the South side of the bridge. This decision was given to the council last week by Engineer Alder of Durham and will save the village several hundred dollars necessary for the fill. The village will have to build the sidewalk, but it will only be required to pay 70 per cent. of the cost, the Provincial assuming the other 30 per cent.

Flesherton Won From Owen Sound on Wed.

The softball field day on Wednesday of last week was marred by threatened rain, which finally broke later on in the afternoon. However there was time to decide the team to meet Maxwell in the Centre Grey League playoffs, and Onwards were successful in defeating Rock Mills for that privilege in an excellent ten inning contest. It was a close call for Onwards as Maxwell had the bases full in the 10th, with two out, when a foul tip was caught to retire the side. An all star team from the local league had a one run advantage over the Owen Sound Millionaires, when the game was called on account of rain, when the sixth inning was completed. Frank Seeley scored the only run and three men were on the paths when the last man was retired. The Owen Sound Lady Greys were scheduled to play an all star girl's team from here, but the rain decided otherwise.

The local team was composed of Buster Radley, Jack Neilson, Ken Boyd, Ernie Lyons, Harry Pedlar, T. Currie, Ken Betts, Norman Genoe, pitcher and Frank Seeley.

The day was not a complete financial success.
