Sending Money To Distant Points

You can send any amount of money to any point in Canada at a minimum of expense by using a Standard Bank Money Order. Georgian Bay Disaster

Early Saturday morning last the S. S. Manasoo of Owen Sound foundered in the Georgian Bay off Griffith's Island a short distance out of Owen Sound harbor. Most of the crew escaped in boats and rafts on only a few moment's notice and up to Tuesday evening only four of them had been rescued, and it is supposed that sixteen members of the ship perished in the high seas running by the cold. The first facts received here were from the Toronto morning papers, stating that the survivers, picked up by the S. S. Manitoba were on the raft for sixty hours.

Mr. and Mrs. David Hyslop, Mrs. Doyg and daughter, May, of Stratford visited over the week end with the former's relatives in this district.

Mr. and Mrs. Jos. Armstrong of Toronto gave The Advance a pleasant call on Tuesday, while on the way to Thornbury. He also visited his niece, Mrs. Robt. Croft, at Rock Mills.

Mr. and Mrs. Chas. Moore, Brampton, are visiting their daughter, Mrs. Geo. Stewart.

School Fair Success

Artemesia School Fair was again a success this year, being held on the Agricultural Grounds in Flesherton. Although rain threatened in the morning the sky cleared considerably in the afternoon. There were fourteen schools from the township in the competition in the hall, but only nine took part in the school parade, which was won by Springhill school, Proton Station coming second and Eugenia and Rock Mills third and fourth. The competition was keen and all the schools did exceptionally well in the parade.

In the public speaking contest for girls Pearl Gibson secured first prize, with three other pupils of the Flesherton school taking the next three prizes. In the boys' section there were only two in the competition, Joe Gibson and Harvey Croft of the Flesherton school taking first and second. Miss Halbert of the Vandeleur school carried off first prize in the singing contest with ease, next in order being Pearl Gibson and Lorene McEachnie of Flesherton. Four lads from Rock Mills took the prizes in the boys' singing, but we have been unable to secure their names.

This was the largest fair in the history of the Artemesia School Fair, hundreds of cars being on the grounds with spectators. It is stated that the Artemesia School Fair is the largest and best fair in Grey County.

Besides the four schools mentioned above the others taking part in the exhibit in the hall were: Portlaw, 8th Line, Durham Road, Ceylon, Orange Valley, Vandeleur, Stone's Line, Irish Lake, Victoria Corners and Flesherton. There are only three other schools in the township to take part in the competition, and two of them are Union school sections.

It is always a delight to see what the kiddies can do in making articles of wear, fruit, cooking, manual work, etc., but sometimes there are cases of first prize articles being made by somebody besides the child showing them. Most of the children, though, take pride in doing their own work and do not try any cheating methods.

Mrs. W. J. Akins of East Lynn, Mass., and son, Will, of New York city, also Mr. Henry Richmond, of Meaford, called on Mr. and Mrs. W. P. Crossley on Sunday. Mrs. Akins is the only sister of our fellow townsman, Mr. W. P. Crossley.
