Good Price For Cattle

Baby beef raising has proven a profitable occupation for one farmer in Artemesia township Mr. Fred Smith of the East Backline, Artemesia, last week shipped with Harold Spoffard, U.F.O. shipper, two baby beefs that were beauties indeed. One a January calf and the other one arrived in February, were left with the cows and when spring came ran with them on pasture. The only feed they secured was from the cows and what they picked up while grazing. When they reached Toronto the oldest calf weighed 660 pounds and the other 580 pounds, and the price secured was 15 and 14 cents per pound respectively. After selling and the expenses were taken out Mr. Smith received a cheque for $173.84. The farmer with the good stock will realize a considerable profit at the present high price of cattle, and especially Mr. Smith, when so little work was required to fit them for the market.

Proceedings of The Teachers' Convention

The annual convention of East Grey Teachers was held in Meaford on October 4th and 5th. The president, Mr. S. Petch, of Thornbury, presided. The convention was opened by singing "O God Our Help in Ages Past."

The devotional exercises were conducted by Rev. G. K. Tyler, B. Th. Mr. Tyler made a very impressive address, stressing the importance of the character and personality of the teacher, as pupils may forget a great many things such as dates in history, but they never lose the effect of the influence of the teacher, therefore it behooves the teacher to remember that he may be responsible for the future of those placed in his trust.

The reading of the minutes by Miss Graves recalled the very interesting convention held in Barrie a year ago. The financial report was very gratifying to those present.

The nominating committee was then appointed viz: Mr. Petch, convener, Mrs. Carruthers, Miss Maynard and Mr. Horace Cook.

The O. E. A. delegates, Miss Muir and Mr. Hincks' reports were very interesting and instructive. The morning session closed by the Roll Call and the president's address.

The beginning of the afternoon session was enlivened by community singing. Then Mr. McCague, Mayor of Meaford, welcomed the delegates very cordially, pointing out the town's many advantages, stressing the fishing.

A discussion on "Methods in Subtraction" followed, led by Mrs. Bellamy, Inspector Morrison, B. A., Mr. Holland and Mr. Smail.

The main address was given by Mr. Painter of Hamilton Normal School on "Paper cutting and Folding as a means of Expression" To illustrate, Mr. Painter had a number of examples of work mounted on cardboard showing how hany beautiful patterns could be envolved from the foundation unit of the simple motif, the sequence being that expression can only follow when there is impression. That all training of the hand teaches concentration and exactness. That this leads on to self-confidence and self-control.

Mr. Roberts rendered a piano solo very acceptably.

The Question Drawer was conducted by Mrs. Hare and Mr. Johnston.

Friday morning session was opened by Rev. J. R. Morden conducting the religious exercises by reading the Parable of the Sower.

Mr. Morden also gave on interesting address on the League of Nations.

Mr. Horace Cook explained how to make a geography lesson interesting by making it a story.

Mr. Painter resumed the work of the day before by showing "The value of Constructive Work in Ungraded Schools." This illustration by means of plasticine and paper cutting. Mr. Painter showed great skill in the use of the scissors and paper, making a number of beautiful and useful articles, stressing the fact that the child in doing this work gains by easy and natural steps higher qualities. In many ways that incidentally he acquires knowledge in number work, story-writing and that the hand, the head and the heart are educated.

Mr. T. S. Cooper, of Markdale explained the value of linking up all young people's work in the rural districts.

It was much regretted, that for lack of time, the address of Mr. Morrison on "Some Essentials of the Work of the Teacher" was left over, also the paper by Miss Maynard on "Primary Reading" and paper by Miss Boon on the Physical Culture Summer course, and the Question Drawer to be conducted by Mr. Holland.

An expression of appreciation was tendered Inspector Morrison for his

Funeral of the Late Mrs. T. L. Mercer

The funeral of the late Mrs. Thos. L. Mercer, who, after a long and painful illness, passed away at her home at Markdale on Friday morning, took place on Sunday afternoon to Markdale Public Cemetery. The deceased was formerly Miss Prudence Flesher. The funeral was the largest seen in that district for many years.

Service was held in Annesley United Church. In the absence of her pastor, Rev. A. N. St. John, who was conducting anniversary services at Cookstown, Rev. F. N. Bowes, a former pastor, conducted the service. Using as his text the words "All things work together for good," he preached a helpful sermon, also paying high tribute to the deceased, or whom it might truly be said, "she had done what she could."

A great profusion of beautiful flowers from relatives and friends bore their silent message of love and sympathy.

Surviving are her husband, four daughters and two sons, namely: Mrs. J. S. Shepherdson, Brockville; Misses Leta, Toronto, Mary, Utica, N.Y., and Bessie, at home; Wallace of Vancouver and Norman of Weston, all of whom were present. Four sisters and a brother survive: Mrs. W. T. New, Ilion, N.Y.; Mrs. D. D. Suits, Little Falls, N.Y.; Mrs J. Mercer, Vancouver; Mrs. T. Plewes, Sudbury, and J. Flesher of Vancouver. Mrs. Suits and Mrs. Plewes were present for the funeral.

The palbearers were: Messrs H. Shaw, J. B. Thibaudeau, Dr. J. A. McArthur, T. D. Berry, W. Hill, C. Alton, G. B Welton and R. Foster.

The friends of the sorrowing husband and family in this district extend their sympathy for the great loss they have sustained.

The potato crop in this district has been hit hard this year, fully half being affected with the rot. The past week the farmers have been taking in all that are fit. While the rot is general there are a few places that are not affected, but the general crop is a disappointment.

A toothsome tea was served by Mrs. Cairns and her assistants. Collection amounted to $10.45. The next meeting will be held at Mrs. Jos Blakely's on November 6th.

Colder Weather Means Heavier Garments

Have Them Dry Cleaned By Our New System.

In the strict sense "DRY" means free of moisture, and because our cleansing fluid contains no water, our service is called dry cleaning. To throw the gasoline away when dirty, would make the cost of dry cleaning prohibitive, so various reclaiming methods have been developed, inasmuch as the quality of a cleaner's work is largely determined by the cleanliness of his cleaning fluid. We have spared no expense to install the most efficient purifying method known to industry. Our new Glover solvent purifier, is virtually the "heart" of our establishment. Its purifying action is not only positive but continuous—in and out of the washer the fluid flows, pure, sweet and clean. Garments cleaned in this manner are removed from the washer **thoroughly cleaned.**
