Health Service
- of the -
CANADIAN MEDICAL ASSOC.

With the knowledge that we possess, the cure of cancer is only possible when the disease is recognized early and proper treatment started at once.

One of the reasons for advising that every person should go to his family physician once a year for a Health Examination is to provide for the discovery of disease in its early stages, and so permit of treatment at the time when it offers the best chance for cure. Otherwise if it is left to the untrained person to decide for himself that he is in need of medical care.

For the particular benefit of this latter group, it is necessary to point out the conditions which, if they occur, should be considered as danger signals, and should turn these persons in the direction of their family physician without delay. Everyone who experiences one of the danger signals is not developing cancer, but it requires medical skill to decide whether or not the symptons which are present mean cancer.

In its early stages, cancer is a local condition, and if it is completely removed, there will be no reoccurrence. If it is not removed, it spreads to other parts of the body and may cause cancer in these other parts. This is the simple explanation of the need for proper early treatment.

Any lump, particularly in the female breast, any abnormal discharge any sore that does not readily heal, any wart or mole that changes in size and appearnce are danger signals.

Pain may not occur in the early stages. The person who thinks that the condition cannot be serious because there is no pain is mistaken, and, as a result he may allow the time for cure to slip past.

SIX HILL STORES

Presentation to Mr. and Mrs. Wm. Love

On Thursday evening of last week a number of their friends and neighbors invaded the home of Mr. and Mrs. Wm. Love at Mt. Pio for the purpose of spending a social evening and to express, in a small measure, their great respect for these citizens who have been all that neighbors could be and friends true and trustworthy.

Mr. Love was born on the farm where he has always made his home, and during his sixty-seven years has seen many changes in the community. Forty-five years ago he brought his bride (Annie Bacon) here and together they have planned, worked and succeeded in making a beautiful and comfortable home, and won a place in the hearts of their neighbors, which time will not erse.

It is well known what a genuine sportsman Mr. Love is, and his rheumatism is bad if it dispenses with the lure of a hound and a gun. Here's hoping his straight aim may keep good, and we all wish for them both health in mind and body, so that they may be happy and enjoy life for many years in their new home and with new frieds at Berkley.

About ten o'clock the gathering was brought to order and Mr. Wm. Taylor and Mr. John Lyons presented Mr. and Mrs. Love with a beautiful couch, after Mr. Wm. Morton had made an appropriate address.

Mr. Love expressed, in a well-worded reply, their thanks for the goodwishes and for the gift.

The Fairs Last Week

Feversham and Priceville fall fairs were held on Tuesday and Friday of last week respectively, and both were affected by the rain somewhat. Feversham had a fair crowd and one of the best shows for sometime. The concert at night was the best ever held at that place over two hundred dollars being taken in.

The Priceville show was practivally rained out, but the hall was well filled with good quality products, which always prevails at that place. The Harriston band provided the music and also the concert at night.

ROCK MILLS SCHOOL

Mrs. FRANCIS J. SEELEY
Teacher

Him: "Have you heard the new butcher song they're singing around school?"

Her: "No, what is it?"

Him: "Butcher arms around me, honey."

James Marshall, a 20-year-old farmer of Howick, has been suffering with a sore foot for about a year, caused by a bad fitting shoe. It being so badly affected that he had to be taken to London to have his leg amputated.
