"Queen's Birthday was kept in the usual royal style last month, and next month the citizens of the Dominion of Canada will celebrate the birth of their new and and rising existence; but recovered invalids still feel that public hollow would be too short to celebrate all the virtues of that celebrated British Medicine, the great Shaw's Kidney Cure, now on sale by the respectable druggists in your locality.

TOM THUMB MARRIED.—We read, there has been a race between the New York showmen to obtain possession of one George Washington Nutt, who is said to be several inches shorter than General Tom Thumb, and that P. T. Barnum has succeeded in getting him for three years for $30,000, board and expenses. Is it not a great thing to be a small man! and is it not equally as great to have a medicine that can be depended upon for curing colds, rheumatism, burns, bruises, summer complaints, cholic, &c.; if so get at once a supply of the "Canadian Pain Destroyer," at the nearest medicine dealer's for 25 cents.

The Supreme Court of the State of New York have issued a perpetual injunction against Eaton and Jenkins for counterfeiting Ayer's Cathartic Pills, holding them responsible for the cruel imposition in what they have done and restraining them from further like injury to the public. If any class of our people more than another needs the interposition of law to shield them from imposture, it is the sick and suffering who are unable to protect themselves. A remedy so universally employed as Ayer's Pills by all classes, both to cure and prevent disease, should as it does, have every security the law can afford it, from counterfeit and imitation.—*Cabinet, Independent.*

BEAVERTON SAYS SO.—That is all, who have other used the article themselves or witnessed its effects when used by others; all such, and they are only fit to judge, are unanimous in the opinion that "Darley's Condition Powders and Arabian Leaven Remedy" is superior to anything of the kind heretofore or at present in use for coughs, colds, think wind, and all diseases which affect the wind of horses. As a condition medicine it has no equal; there is nothing in it which can injure a horse whether sick or well—nor need the horse be kept from working while using it; it is just the article which all who own horses require, and which they should have constantly on hand. Remember the name, and see that the signature of Hard ap. Co. is on each package. Northrop & Lyman, Newcastle, Ont., proprietors for Canada.

EXTRACTS.—"Fellows' Compound Syrup of Hypophosphites" ranks foremost amongst the remedies used in incipient Phthisis, Chronic Bronchitis, and other affections of the Chest, and I have no hesitation in stating it.

S. E. EARLE, M.D.

St John, N.B.

I strongly recommend the use of Fellows' Compound Syrup of Hypophosphites to all who suffer in any way from disease or weakness of the Lungs, Bronchial Tubes, or general debility.

J. E. W. COOTE, M.D.,
Gagetown, N.B.

FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES.—I am happy to say I have not had a symptom of Bronchitis, from which I suffered many years, since taking your Compound Syrup of Hypophosphites.

E. DEAN,

St. John, N B, November 2nd.

I have no hesitation in recommending Fellows Compound Syrup of Hypophosphites to my patients who suffer from General Debility, or any disease of the Lungs, knowing that even in cases utterly hopeless it affords relief.

H. GADDY, M.D.

St. John, N B, January, 1868.

Coughs and Colds—sudden changes of climate are sources of Pulmonary Bronchial and Asthmatic affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or lozenges. Few are aware of the importance of checking a cough, or "common cold," in its first stage. That which in the beginning would yield to a mild remedy, if neglected soon attacks the lungs. "Brown's Bronchial Troches," or Cough Lozenges, allay irritation which induces coughing, having a direct influence on the affected parts. As there are imitations, be sure to OBTAIN the genuine. Sold by all dealers in medicines, at 25 cents a box.

Marcellin Cocoa — *For Breakfast* — The "Globe" says:—"Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Marcellin' Cocoa. Adapting their perfect system of preparation to this food of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest element of nutrition, distinguish the Marcellin Cocoa above all others. For nonopaths and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Bros. GUYOT'S TAR,

CONCENTRATED PROOF LIQUOR.

M Guyot has succeeded in depriving tar of its insupportable acrimony and bitterness, and in rendering it very soluble. Profiting by this happy discovery, he prepares a concentrated liquor of tar, which in a small volume contains a large proportion of active principles.

Guyot's tar possesses all the advantages of ordinary tar water without any of its drawbacks. A glass of excellent tar water without any disagreeable taste may be instantaneously obtained by pouring a teaspoonful into a glass of water. Any one can thus prepare his glass of tar water at the moment he requires it, thus economizing time, facilitating carriage, and obviating the disagreeable necessity of handling tar.

Guyot's tar replaces advantageously several more or less inactive prisons in the treatment of colds, bronchitis, coughs and catarrhs.

Guyot's tar is employed with the greatest success in the following diseases:

AS A DRINK—A teaspoonful in a glass of water, or two table-spoonfuls in a bottle:

BRONCHITIS
CATARRH OF THE BLADDER
COLDS
OBSTINATE COLDS
IRRITATION OF THE CHEST
HOOPING COUGH
DISEASES OF THE THROAT
PULMONARY CONSUMPTION

AS A LOTION—Pure or diluted with a little water

AFFECTIONS OF THE SKIN
ITCHINGS
DISEASES OF THE SCALP.

Guyot's tar has been tried with the greatest success in the principal hospitals of France, Belgium and Spain. Experience has proved it to be the most hygienic drink in the summer and in times of epidemics. Detailed instructions accompany each bottle.

PROSPECTUS

OF THE

OTTAWA COURIER.

Politics, Literature, Commerce, Industry and Agriculture.

The French-speaking inhabitants of Ottawa will, doubtlessly, be pleased to learn that a newspaper bearing the above title is about to appear to meet their wants. Aware of the necessity for such a newspaper, in both languages spoken in Ottawa, and which will afford, every evening, the latest intelligence, I have not hesitated to undertake the publication of the *Courier*, and it shall be my aim in doing so to fully anticipate the requirements and wishes of the inhabitants of the Ottawa valley.

The future of Ottawa is promising. Trade is brisk, and there is evidence of present and future prosperity. Her means of communication to and from the city, and the facility of establishing additional factories, afforded by the unrivalled water-power at our very doors, will do much to rapidly increase the city of Ottawa.

Confederation has strengthened the social and commercial ties between the English and French speaking inhabitants of the Dominion, and it will be the aim of the *Courier* to cement them still more strongly together.

In the views and measures of the existing government the proprietor of the *Courier* fully concurs, and will endeavour to lend to it that full measure of support which circumstances may render necessary, carefully avoiding unnecessary offence to such as may differ from us in opinion. We will cultivate a friendly bearing towards the traditions of the past and the actualities of the present, hoping to take a middle but not uncertain course, which cannot fail to be appreciated by the inhabitants of the entire valley of the Ottawa.

A young people should endeavour to raise themselves to the level of more advanced nationalities, and this they can only do by being made acquainted with what is done in other parts of the world. This shall be our task, and we shall also urge such improvements as may tend to increase the means of traffic and the wealth of the community. Our attention shall not, however, be confined to city wants. The requirements of the husbandman will receive a full share of our attention, knowing that on the cultivation of the soil the merchant and artisan very much depend. It shall, in a word, be our particular object to protect and encourage the agriculturist, and at the same time assist other industries, and to provide agreeable and useful information for both, in leisure hours.

Correspondents will always find our columns open to them in which to express their wants or offer suggestions, provided the opinions expressed are consistent with morality and couched in moderate, though it may be earnest language.

Let it not be supposed, however, by anything that may have been said, that the attention of the *Courier* will be wholly devoted to local matters. The intelligence of the hour from every quarter of the globe will find its way into our columns, the telegraph will be freely made use of, and the latest news will be in every manner possible obtained.

Indeed, from the variety of matter which the *Courier* will contain, and the energy employed in its management, the proprietor fully anticipates success and pledges himself to deserve it. The *Courier* will be published every evening at five o'clock, and the yearly subscription, payable in advance, is $4.

There will also be a weekly edition, the price of which will be $1 a year.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a nasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. It wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Ayer's Cherry Pectoral

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the nations of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of sickness and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of croup, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of their cure, or declare that assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Mercury, Zinc, nor any other mineral or poisonous substance, whatever, it is noxious injurious in any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the relief and cure effected in such cases, and where other remedies had wholly failed.

Debilitated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE*.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy action.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many unlooked for and truly remarkable results.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and for sale by all round the world.

The following extract, which Mr. Mortimer is kindly permitted to publish, is from the letter of a relative of Dr. Wolfe, of this city, now residing in the United States:

"Find out if the Express charges are too high, and if not, arrange with Mortimer to let you have a box of the bottles of CHOLERA MIXTURE, I could make a good little fortune with them. The bottle I brought with me here brought two ladies round from decided cholera; one on board the boat, and the other in Berlin, United States. Both commenced with diarrhœa, then with dysentery, and then vomiting. The one at Berlin was very bad. I gave her three doses of the Cholera Mixture, the third of which stopped the vomiting. The next day she was all right, or nearly so. She was very grateful. I have now only a little left."

We speak from experience in this matter, having tested it thoroughly, and therefore those who are suffering from any of the complaints for which it is recommended may depend upon its being a Sovereign Remedy.

The astonishing efficacy of the Canadian Pain Destroyer, in curing diseases for which it is recommended, and its wonderful success in subduing the torturing pains of Rheumatism, and its relieving Nervous Affections, entitle it to a high rank in the list of Remedies for these complaints. Dealers are coming in from Medicine Dealers in all parts of the country for further supplies, and each testifying to the universal satisfaction it gives.
