SUNSTROKE.—This accidental infliction, called by the French coup de soleil, is supposed to occur more frequently as the country is cleared, but such indeed is not the case. In the same manner many suppose that crime is on the increase as the country becomes older, but this is also decoration. The truth is both illusions spring from the increased facilities for communication, which, like the great SHONONDOE REMEDY for consumption, follows in the wake of civilization.

—The efficacy of Bryan's Pulmonic Wafers in curing Coughs, Colds, and all Bronchial affections and easing the afflicted, has passed into a proverb. In the United States, where these marvellous Wafers are known, they bear down all opposition and eclipse all rivalry; the demand for them has steadily increased for the last twenty years, until now the sales average over a hundred thousand boxes a year. Eminent members of the medical profession without number admit that they know of no preparation producing such beneficial results as these Wafers. When taken in season they effect a permanent cure. Sold by every druggist and most of the respectable stores throughout the Province, at 25 cents per box.

SEVERAGNY SAYS:—That is all who have other used the article themselves or witnessed its effects when used by others; all such, and they are only fit to judge, are unanimous in the opinion that "Darley's Condition Powders and Arabian Invaro Remedy" is superior to anything of the kind heretofore or at present in use for coughs, colds, thick wind, and all diseases which affect the wind of horses. As a condition medicine it has no equal; there is nothing in it which can injure a horse whether sick or well—nor need the horse be kept from working while using it. It is just the article which all who own horses require, and which they should have constantly on hand. Remember the name, and see that the signature of Hurd and Co. is on each package. Northrop & Lyman, Newcastle, Ont., Agents for Canada.

The Supreme Court of the State of New York have issued a perpetual injunction against Eaton and Jenkins for counterfeiting Ayer's Cathartic Pills, holding them responsible for the cruel imposition in what they have done and contriving them from further the injury to the public. If any class of our people more than another needs the interposition of law to shield them from imposture, it is the sick and suffering who are unable to protect themselves. A remedy so universally employed as Ayer's Pills by all classes, both to cure and prevent disease, should at a time, have every security that the law can afford, from counterfeit and imitation.—Cincinnati, Ohio, Gazette.

Coughs and Colds—sudden changes of climate are sources of Pulmonary Bronchial and Asthmatic affections. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, remedies should at once be had to "Brown's Bronchial Troches," or Lozenges. Few are aware of the importance of checking a cough, or "common cold," in its first stage. That which in the beginning would yield to a mild remedy, if neglected soon attacks the lungs. "Brown's Bronchial Troches," or Cough Lozenges, allay irritation which induces coughing, having a direct influence on the affected parts. As there are imitations, be sure to obtain the genuine. Sold by all dealers in medicines, at 25 cents a box.

GUYOT'S TAR,

CONCENTRATED PROOF LIQUEUR.

M Guyot has succeeded in depriving tar of its insupportable nauseous and bitterness, and in rendering it very soluble. Profiting by this happy discovery, he prepares a concentrated liqueur of tar, which in a small volume contains a large proportion of active principles.

Guyot's tar possesses all the advantages of ordinary tar water without any of its drawbacks. A glass of excellent tar water without any disagreeable taste may be instantaneously obtained by pouring a teaspoonful into a glass of water. Any one can thus prepare the quart of tar water at the moment he requires it, thus economizing time, facilitating carriage, and obviating the disagreeable necessity of handling tar.

Guyot's tar replaces advantageously several more or less inactive potions in the treatment of colds, bronchitis, coughs and catarrhs.

Guyot's tar is employed with the greatest success in the following diseases:

As a DRAUGHT—A teaspoonful in a glass of water, or two table-spoonfuls in a bottle:

BONCHITIS
CATARRH OF THE BLADDER
COLDS
OBSTINATE COUGHS
IRRITATION OF THE CHEST
HOOPING COUGH
DISEASES OF THE THROAT
PULMONARY CONSUMPTION

As a LOTION—Pure or diluted with a little water

AFFECTIONS OF THE SKIN
ITCHINGS
DISEASES OF THE SCALP.

Guyot's tar has been tried with the greatest success in the principal hospitals of France, Belgium and Spain. Experience has proved it to be one of hygienic drink in hot weather and time of epidemics. Detailed instructions accompany each bottle.

General depot in Paris: L. FRERE, 19 rue Jacob.

BELLOC'S CHARCOAL,

Approved by the Imperial Academy of Medicine the 27th December, 1849.

It is especially to its eminently absorbent properties that BELLOC'S CHARCOAL owes great efficacy. It is specially recommended the following affections:

GASTRALGIA
DYSPEPSIA
PYROSIS
ACIDITY
DIFFICULT DIGESTIONS
CRAMPS IN THE STOMACH
CONSTIPATION
COLICS
DIARRHŒA
DYSENTERY
CHOLERINE.

MODE OF EMPLOYMENT.—Belloc's Charcoal is taken before or after each meal, in the form of POWDER or LOZENGES. In the majority of cases its beneficial effects are felt after the first dose. Detailed instructions accompany each box of powder and box of lozenges.

Ayer's

Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Ayer's Cherry Pectoral.

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind as this excellent preparation for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are exposed to colds and coughs, all should be provided with this antidote for them.

Although called *Consumption* is thought incurable, still great numbers of cases where the disease seemed seated, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the lungs and throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is in no sense injurious. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicines. Our publications by the AGUE acknowledgements we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, residing in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, which are the forerunners of the Ague, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

MADOC, County of Hastings,
Province of Ontario, Feb. 9th, 1869

This is to certify that during the winter of 1866 I was taken with a weakness of the ancles, which gradually, during the spring of 1867, extended to my knees, and on up to my hips, and I became so weak that I could not walk, and was confined to my chair. For about two years, while this weakness was coming on me, and afterwards, I sought medical advice, employing, at different times three doctors, and medicines of different kinds prescribed by friends, but it no avail. I continued to get worse and worse, until the summer of 1868, when I was induced to try the great Shoshones Remedy by reading the cures performed in a pamphlet. At this time I had begun to feel the weakness in my hands; in fact I was getting almost helpless; but I have taken two bottles of the Shoshones Remedy and two boxes of the pills and I am entirely restored to health. I never expected to get better, but simply tried the medicine as a sort of forlorn hope. This case of mine was not a private one, but known to all my neighbors and friends; and to any one afflicted as I was, I have only to say try the Shoshones Remedy; I believe it will cure you.

MARY ANN DOUGHTY

Sworn to before me at Madoc, County of Hastings, his ninth day of February, 1869.

A F WOOD, J P, &c.

I hereby certify that I have known Mrs. Mary Ann Doughty for the last fifteen years; she is a woman of probity and truth. I have known her before, during, and since her illness. I believe her certificate to be true in every particular. I know that while ill her case was declared hopeless; and I know that she has, since her recovery, always attributed her recovery to the Shoshones Remedy. Whatever may be the peculiar properties of this medicine, one thing is certain, that in her case it has acted almost like the performance of a miracle.

THE ONTARIO FARMER.

SECOND YEAR OF PUBLICATION.

This ably conducted popular and invaluable rural Journal, will, on and after January 1st, 1870, be issued from the city of Hamilton, Ont. Messrs. T. & R. White having purchased a proprietory interest in it, become its publishers, in the belief that the rapid progress, and second to no part of Canada in agricultural and horticultural resources and progress, needs and will ably sustain, a periodical devoted specially to the interests of the farm and garden.

The ONTARIO FARMER will continue to be edited by Rev. W. F. Clarke, who is universally acknowledged to be the ablest agricultural writer in the Dominion, and whose name, from its long connection with the rural press, has become "familiar as a household word" among the farmers of Canada. During the past year, Reverend Henry Ward Beecher, Professor Buckland, Hon. G. W. Allan, Mr. W. Edwards and other eminent contributors have written for the ONTARIO FARMER, and no pains will be spared to secure the continued co-operation of leading agriculturists, and horticulturists, in adding variety and interest to its contents.

During the coming year engraved portraits of prize animals at the late Provincial Exhibition, will, from time to time, appear in the ONTARIO FARMER. These engravings will be executed by three incomparable stock artists, Messrs. Page and Carson, of New York.

Special attention will continue to be given to the advancement of Emigration, the promotion of Arts and Manufactures, and as during the past year, each number will contain a choice piece of secular or sacred music.

The attention of farm implement makers seeds men, nursery men, dairy men, and others, is invited to the ONTARIO FARMER, as a first-class advertising medium. Terms—10 cents per line, with liberal discount for quarterly, half yearly and yearly advertisements.

Subscription Price, free of Postage, $1.00 a year, payable in advance.

334 Large Octavo Pages for One Dollar.

Special Club Offer—Furnished to Agricultural and Horticultural Societies, in Clubs of any number, at Seventy-Five Cents each, free of postage.
