THE KING IS ILL.

Canadians await with extreme anxiety and suspense for news of improvement in health of King George V., who is ill with pleurisy. Prayers are being offered throughout the British empire for the complete return to health of our sovereign, so that he may again take up his imperial duties as before.

HYDRO SUCCESSFUL.

Hydro carried the town of Southampton on its wings on Monday last, when the citizens of that place decided to give Ontario's main public utility a chance to supply rates for power and lighting for that place. The towns of Bruce county have not been receiving the attention from the Hydro Commission in the past that their importance demanded, and it is no wonder that privately ownership was slipping in , to the detriment of Hydro. Rates will be supplied to the town that will give electricity "at cost." It is hoped that, for Hydro's own sake, the rates will be high enough to prevent the necessity of a raise at some future date, as other towns have found to their cost in the past. We believe that any of the anti-Hydro sentiment that is abroad has been caused by Hydro itself in the issuing of estimates that have not supplied hydro "at cost" but have had to be raised to meet the necessity.

Letters to the Editor

THE SUNDAY VISITING

Dear Editor:-

We wish to say a few words about former issues of The Advance and particularly last week's issue. For several months a number of readers of The Advance have been sorry to see so much Sunday visiting boosted by correspondents in their weekly budgets. A number of persons claim that over fifty per cent of this Sabbath calls, or returning calls, is simply Sabbath breaking. However, in last week's issue not one visit was reported as having taken place on the Sabbath day. If this is an improvement we wish to congratulate them, or if it is due to the censorship at The Advance office we would like to shake hands with the Managing Editor and offer hearty thanks, hoping that it may be a permanent improvement, and that other weeklies in Grey County will do likewise.

— CONSTANT READER.

PROTEST — NULL

In the last issue of your paper there appeared an article declaring Onward the winners of the Centre Grey Softball league.

The Maxwell Softball Team wish to inform the public through the medium of your valuable paper that they won 14 games out of 14 starts, and in the finals, 2 out of 3. Onward protested the final game, but according to the official ruling of Softball Assciation, the ball was not in play, was dead at time of protest rendering protest null. Therefore Onwards are not legal winners of the League.

R.B.P. Held Banquet

A very successful banquet was held by Royal Black Preceptory No. 343, Feversham, on Tuesday, November 20th, at the home of Wm. Kaitting. A large number of the members were present with their ladies and fully enjoyed the excellent supper provided.

Sir Kt. H. G. Burke ably filled the position of toastmaster and proposed the various toasts. The toast to the King and the Order was followed by that to the Grand Lodge, which was ably esponded to by Sir Knight Jim McKenzie. Sir Knight W. L. Taylor very fittingly responded to the toast to "Our Country, and Sir Knight Fred Beatty, in his response to the toast to "The Preceptory" outlined in a few well-chosen words the origin and growth of R.B.P. No. 343. The toast to The Ladies was exceptionally well responded to by Mrs. F. J. Seeley.

The toastmaster expressed the regrets of those present at the intended departure of Sir Knight Chas. H. Smith. Sir Knight Smith voiced his appreciation of the association it had been his privilege to have with the Preceptory and proposed the toast to the "Host and Hostess."

The remainder of the evening was spent to the satisfaction of everyone in progressive euchre and dancing. The music was supplied by Sir Knights Sayers and Brownridge in their usual able manner.

At the slower speeds of city traffic it idles along with wonderful silence and ease. On boulevards and country roads it responds with an eagerness that is a constant delight. It takes the longest and steepest hills with an abundant reserve of power that is a source of pride to the driver.

And its economy of operation averages better than 20 miles to the gallon of gasoline!

In appearance, this Outstanding Chevrolet is so smart, so stylish and so distinctively appointed that it rivals the costliest custom creations. The new Fisher bodies are longer, lower and roomier with adjustable driver's seat in all closed models—and reveal the matchless artistry of Fisher designers.
