COUGHS AND COLDS—sudden changes of air are sources of Pulmonary Bronchial and Asthmatic affections. Experience having proven that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges. Few are aware of the importance of checking a cough, or "common cold," in its first stage. That which in the beginning would yield to a mild remedy, if neglected soon attacks the lungs. "Brown's Bronchial Troches," or Cough Lozenges, allay irritation which induces coughing, having a direct influence on the affected parts. As there are imitations, be sure to obtain the genuine. Sold by all dealers in medicines, at 25 cents a box.

TESTIMONY SAYS SO.—This is all who her other used the article themselves or witnessed its effects when used by others; all such, and they are only fit to judge, are unanimous in the opinion that "Darby's Condition Powders and Arabian Horse Remedy" is superior to anything of the kind heretofore or at present in use for coughs, colds, thick wind, and all diseases which affect the wind of horses. As a condition medicine it has no equal; there is nothing in the world can injure a horse whether sick or well—nor need the horse be kept from working while using it; it is just the article which all who own horses require, and which they should have constantly on hand. Remember the name, and see that the signature of Hiram Ons. Ons is on each package. Sold by A. Lyman, Newcastle, Ont., proprietors for Canada.

MARAVILLA COCOA.—*For Breakfast.*—The "Globe" says:—"Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs. Taylor Brothers discovered the extraordinary qualities of 'Maravilla' Cocoa. Adapting their perfect system of preparation to this basis of all species of the Theobroma, they have produced an article which supersedes every class of Cocoa in the market. Entire solubility, a delicate aroma, and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For homœopathic and invalids we could not recommend a more agreeable or valuable beverage." Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Royal Homœopathic Cocoa and Soluble Chocolate. Cocoa Mills—Brick Lane, London, Eng.

The Poor Man's Friends.—Doctor's bills are too long for a poor man's pocket, but many of them may be avoided by keeping GRADE'S SALVE in the cupboard. It is the "precious pot of ointment," curing burns, cuts, scalds, sprains, wounds, chilblains, chapped hands, &c. Prudent housewives will save their husbands' hard-earned money by purchasing a box of this salve.

BONSNOUR.—This accidental infliction, called by the French *coup de soleil*, is supposed to occur more frequently as the country is cleared but such infliction is not the case in the same manner; it may happen that crops, is on the increase as the country becomes older, but this is also deception. The truth is both illusions spring from the increased facilities for communication, which, like the great Snowstorm Blanket of communication, twill in the wake of civilization.

The mind governs the muscles through the nervous system, as the telegraph apparatus is influenced by a remote operator through the wire. If the mind is impaired by age or disease, the muscles are made to perform strange or unnecessary acts; but if the nervous system is diseased, the muscles of the Stomach, Liver, Heart, Lungs and Genital Organs, are sure to suffer, and from their inaction produce Dyspepsia, Disease of the Heart, Weak Lungs and General Debility, with their accompanying trains of evil and resulting diseases.

A Disordered Nervous System, Vitiated Blood, Bad Digestion and Weak Lungs, always precede Consumption.

By the timely use of Fellows' Compound Hypophosphites the nerves regain their vigor, the brain becomes clear and powerful, the muscles healthy, Dyspepsia a disease of the past, the heart's regular action is restored, the blood made pure, the lungs strong, and all the functions of the body are brought up to a healthy standard.

We are enabled to state the above on the most convincing testimony.

Sold by apothecaries. Price $1.50 per bottle or 6 for $7.50.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find humiliating relief, and, at length, cure, by the use of the *SARSAPARILLA*: *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Pile, Epilepsy, Neuralgia*, and the various *Uterine* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation of the Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but effectual purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its compounder. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we do not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh, and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers**, they should be judiciously taken for each case, to correct the disordered action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Pulpitation of the Heart, Pain in the Side, Back and Loins**, they should be continued long taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a like course should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

THE ONTARIO FARMER.

SECOND YEAR OF PUBLICATION.

This ably conducted popular and invaluable rural Journal, will, on and after January 1st, 1870, be issued from the city of Hamilton, Ont. Messrs. T. & R. White having purchased a proprietory interest in it, become its publishers, in the belief that this region of country, second to no part of Canada in agricultural and horticultural resources and progress, needs and will ably sustain, a periodical devoted specially to the interests of the farm and garden.

The ONTARIO FARMER will continue to be edited by Rev. William Clarke, who is universally acknowledged to be the ablest agricultural writer in the Dominion, and whose name, from its long connection with the rural press, has become "familiar as a household word" among the farmers of Canada. During the past year, Reverend Henry Ward Beecher, Professor Buckland, Hon. G. W. Allan, Mr. W. Edwards and other eminent contributors have written for the ONTARIO FARMER, and no pains will be spared to secure the continued co-operation of leading agriculturists, and horticulturists, in adding variety and interest to its contents.

During the coming year engraved portraits of prize animals at the late Provincial Exhibition, will, from time to time, appear in the ONTARIO FARMER. These engravings will be executed by those incomparable stock artists, Messrs. Page and Carson, of New York.

Special attention will continue to be given to the advancement of Emigration, the promotion of Arts and Manufactures, and as during the past year, each number will contain a choice piece of secular or sacred music.

The attention of farm implement makers, seeds'men, nursery men, dairy men, and others, is invited to the ONTARIO FARMER, as a first-class advertising medium. Terms—10 cents per line, with liberal discount for quarterly, half yearly and yearly advertisements.

Subscription Price, free of Postage, $1.00 a year, payable in advance.

QUININUM LABARRAQUE,

Approved by Imperial Academy of Medicine.

The QUININUM LABARRAQUE is an eminently tonic and febrifuge wine, destined to replace all the other preparations of Peruvian bark.

The bark wines usually employed in medicine are prepared from barks which vary considerably in the degree to which they possess the desired properties. Besides, owing to the manner in which they are prepared, these wines contain scarcely more than the traces of active princip
