IF SO... CONSULT THE CITY DIRECTORY

The information in your City Directory is gathered by door-to-door enumeration and personal contact with businesses and institutions. It is original up-to-date information which has been carefully double-checked by our research staff; it is available only in your City Directory.

How to Use the Directory . .

The City Directory is really a co-operative catalogue of the inhabitants, business interests and institutions of a city. But the very mass of the information contained, until one learns how to use it, may appear to be an obstacle to those unfamiliar with its arrangement.

The Directory will enable you to find the answers to the following questions:

Alphabetical Directory

EXPLANATION

1. The wife's name is shown in brackets following the husband's name: Smith Wm R (Mary E).
 2. A widow is normally listed under her own given name, with the name of her deceased husband in brackets: Smith Mary E (wid Wm R).
 3. Names between borders are those of firms which subscribe to or advertise in this City Directory. Names in light face capital letters are those of proprietors, partners or executives of these firms.
 4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Plaza Groceries (John B Scott, Wm Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
 5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where home ownership is indicated by an asterisk (*).
 6. The information in this directory has been gathered from original sources and every effort has been made to ensure its accuracy; the publishers, however, assume no responsibility for any errors.
