

# VERNON'S 1975 CHATHAM

## *Alphabetical Directory*

---

### EXPLANATION

1. The Christian name appearing alone in brackets is the name of spouse.
2. In some cases the designation, widow, has been omitted by request.
3. Names between borders are those of firms which subscribe to or advertise in this City Directory. Names in capital letters are those of proprietors, partners or executives of these firms.
4. Business firms which are individual proprietorships or partnerships are indicated by listing the names of the owner or partners in brackets: Plaza Groceries (John B. Scott, Wm. Noble). Conversely, a firm name in brackets after an individual's name indicates that he is an owner or partner in the firm.
5. The householder or head of the house (owner or tenant) is indicated by h preceding the street address. Other members of the family, roomers and boarders do not have this designation. To determine whether the householder is owner or tenant, refer to the pink section, where home ownership is indicated by an asterisk (\*).
6. The information in this directory has been gathered from original sources and the Publishers have made every effort to ensure completeness and accuracy. They cannot guarantee the complete absence of errors and assume no responsibility therefor. You are requested to draw any inaccuracies to the attention of the Publishers so that corrections may be made in the next edition.
