Quite a number of cases of flu have been reported in town, but the disease has not assumed so violent a nature as that of ten years ago At that it is serious enough and care has to be taken to keep the disease from developing into pneumonia.

A heifer belonging to Wm. Hawkins got into the sinkhole in the suburbs on Monday morning and there was a little excitement before the animal was released. A chain was placed around its neck, which protruded from the slough, and the animal was yanked out to terra firma by a team of horses apparently none the worse for its experience.

Much sympathy is felt for Miss Margaret Holmes of Winchester, who taught in the Flesherton High School for some years, and whose mother passed away just before Christmas.

The Flesherton Rink officially opened on New Year's Day, there being a fair crowd present. The management have not yet drawn up a schedule for skating and hockey nights, but will do so as soon as possible.

Race For Reeve in Flesherton; Only One Qualified For Council

The village nomination in the new Town Hall on Monday evening was presided over by the veteran chairman Mr. John Pedlar, and kept a large audience in proper order. The nominations resulted in the old council being nominated, also three new men, Mr. Howard McAuley, Mr. A. Gilchrist and Mr. George Brackenbury, the two latter retired. The Reeveship nominees were T. W. Findlay and W. H. Thurston, the retiring Reeve. The only Council member to qualify was Mr. McAuley, the old members taking the ground that they did not care for the job, and as there would be an election they did not wish to stand.

Mr. McAuley is therefore the only member of the Council elected by acclamation, and the contest on Monday next will therefore be for Reeveship only. Don't forget to go out on Monday and cast your vote. It will be necessary to hold a new nomination for three councillors, but this cannot be done without six days notice.

The following three public school trustees were re-elected by acclamation: Charles Stewart, Fred Stuart and E. McKillop.

Broke Bone in Thigh

As she was stepping outside on Sunday evening last Mrs. John. C. Adams, who lives on the station road, slipped and fell, fracturing a bone in her right thigh. Medical attention was given and on Tuesday morning Mrs. Adams was removed to the Durham hospital. Her friends wish her a speedy recovery.

GUN LICENSES EXTENDED

Announcement has been made by Donald McDonald, Deputy Minister of Game and Fisheries that all gun licenses will be extended until May 31st, 1929. This action has been taken, chiefly in fairness to sportmen many of whom have complained that, in view of the fact that the validity of the permits expire on December 31st, they are unable to shoot in January or February—good hunting weather in many localities—without first buying another $2 card of authority. Mr. McDonald threw out a warning recently that all toters of 22-calibre rifles are as much subject to the gun license as owners of shotguns, and that they will find themselves in difficulty if they go potting about restricted country without the necessary permits.

A PUNISHABLE OFFENCE

Have you ever been standing on the sidewalk when some motorist came along and ran through a mud puddle and splashed you with dirty water? And did you ever get terribly peeved about it and wish you could get even with the motorist who did this discourteous trick? Well, you can. Any driver who does this is looked on by the law as a reckless driver. The other day a chap was haled into court Toronto for doing this very thing. He sent his auto plunging through a mudpuddle and soaked several people who were standing on the in Toronto for doing this very thing. soaked the driver $10.00 and costs for the dirty trick.—Exchange.

Miss Aleda Mitchell has returned to Toronto, after spending the past week at her home here.

Craw, B.A., of Toronto gave a number of readings from Canadian authors, which were very much apreciated. The children gave recitations and drills, all thowing excellent training. Mr. W. Miller, Superintendent, gave a short speech, informing the audience that the expenses of the school for the past year were greater than the receipts. Otherwise the school is in a prosperous condition.

FARMERS MAY USE MOTORS FOR MARKETING PRODUCE

An unwarranted rumor has been in circulation in various parts of the Province for some time that actions had been or were about to be taken against farmers for hauling produce from their homes to market or mill, in passenger cars. Mr. G. Spotten, M.P., took the matter up with the Provincial authorities who informed him that there is not the slightest ground for that impression. A farmer has the right to use his passenger car for any purpose connected with his business, and can freely take grist to the mill, cream to the creamery, produce to market, or fill it with livestock. The only stipulation is that this must be done for himself and not for hire or by another party; or change the shape of his car so as to make it a truck.
