Gold Nuggets in Goose

Second only to the goose that laid the golden egg is the dressed goose which W. G. Campbell , Burlington butcher, had in his possession. Friday of last week he found two gold nuggets in the gizzard of the bird and was informed that the small pieces of solid gold are worth several times what the goose is worth. The fowl came from Fergus to Arthur, and was included in a Christmas shipment. Mr. Campbell was preparing it for delivery to a customer when the gold was found.

Twenty-five years ago Thomas Hubert, now employed as a baggageman on the C. P. R. between Ottawa and North Bay, lost a valuable silver watch while working in a field near Pembroke. The other day a glittering object was turned up by a plow. It was Hurbert's watch, the glass broken and the hands gone, but still retaining a brilliant lustre. The field had been plowed many times since it was lost.

THE DOCTOR'S BILL

A doctor was severely criticized by a coroner and jury for not attending an injured child until three hours after the accident. His explanation was in part that the parents had not paid his bills for years. The jury seemed to think that this was no explanation at all. But doctors have to live. They begin to earn money from their profession later than almost any other men in any other walk of life, and after an exceedingl expensive training They are splendidly responsible to the humanitarian calls made upon him. Yet they claim they should no more be expected to attend people for nothing than should a dairyman to give his milk or a cobbler to supply free shoes on demand. The jury omitted to consider one point. They should have directed a raider against thousands upon thousands of people who habitually leave their doctors' and dentists' bills to be settled last of all. ,

GEORGE O'NEILL IS HANGED

George O'Neill, the Tottenham farmhand, who was convicted of having murdered his employer, Azor Robertson, and the latter's daughter, Mrs. Ruby Martin, early last year, the two victims' bodies being burned afterward in the barn, was hanged at seven minutes after 12 o'clock last Friday morning at Barrie jail. No one was allewed to witness the hanging except Sheriff McLaren, the officiating clergyman, and several other officials. O'Neill was pronounced to be dead twenty minutes later.

Old Kimberley Boy Dies at Thornbury

Nelson J. Hurlburt, formerly of Kimberley, died at his home in Thornbury on Friday last, at the age of 73 years. The deceased gentleman was the second son of the late Mr. and Mrs. John Hurlburt, pioneers of the Kimberley Valley. He was one of ten children and his death is the first break in the family. He was a school mate in boyhood of the editor of this paper, and was a man much respected and a faithful worker in church and Sunday school. Three brothers—Horace, Heman and Ashel —live in the West.

Markdale Won Again

Flesherton played their best hockey this year in Markdale on Thursday night of last week and secured their first goals of the season, when Markdale came out on top, 13-3. Cec. McTavish of Flesherton scored the first goal of the game, about five minutes after start of play. Markdale securing one at the close. The first period ending 1-1.

The second period Markdale secured five goals and Flesherton failed to get any, although good hockey was displayed, but the boys could not pierce the twine behind Wright. The second period ended 6-1.

In the third period and the last stanza Markdale continued to score, but Flesherton did likewise, only not as often as the Maroons. Boyd and MacDonald both counted one each in this period, bringing the game to an end, 13-3. Woods and McFarlane on the wings with Burnside at centre scored the majority of goals for the winners. The following is the line-up: Markdale — Goal, Wright; Defence Mercer and Merriam; Wings, Woods and McFarlane; Centre Burnside; Alts., Kelly and Henry.

Flesherton — Goal, Allen; Defence, MacDonald and G. McTavish; Wings, Boyd and McTavish; centre, Nuhn; Alts., Patton and Howard.

Referee — Harris, Rift, Walkerton.

Durham Here Thursday

The Durham intermediate O. H. A. team takes upon itself a heavy schedule this week. Thursday night they play a regular game in Flesherton at 8 p.m. and on Friday evening play in Markdale, a postponed game from the early part of the season. In place of going back to Durham they will continue to Markdale from here and save a trip.

CONSERVING (?) THE DEER

If the actions of the reeves of Bruce County count for anything, then the Bruce Peninsula is again going to be closed to deer hunters for another period of three years, as at the December sessions of the county bosses a resolution was passed (unanimously, of course) and forwarded to the Ontario Government, asking that the northern part of the county be continued as a 'closed season"—or words to that effect. All of which is so much bunk. This closing of the peninsula would appear, on the surface, and to those who are ignorant of tru conditions, as excellent legislation in conserving the wild game which abounds there; but those who know something of the real existing conditions think the southern reeves should have more information on the subject before voting so "blindly" on the motion introduced by their northern brethren. We have it on good authority that there are just as many deer shot on the peninsula as there were when the public were allowed two weeks' shooting; but it seems the settlers in the northern area want the deer "protected" so that the outsider is kept out and the natice can, as a rule bang away to his heart's content. Of course there was one conviction registered against a Lions Head man this fall, but it was not as a result of information supplied by residents of the district, but came as a result of a search for liquor in which the venison was accidently discovered. And in this connection it is rumored that more than one citizen of the north feared for awhile lest his name be dragged into the affair as it is said that "passing the buck—or doe" is quite frequently indulged in up where the people like their venison. But if the Bruce County reeves remain content to pass such rsolutions it will be up to sporting organizations to put in a word with the provincial government that the "closed" season in the peninsula is a joke as it is observed at present.—Chesley Enterprise.

Arnold Adair, Twelfth Line, Albion, suffered a tremendous loss on Monday December 31st, when his three barns and contents wre totally destroyed by fire. Included in his loss were 17 head of cattle, a complete threshing outfit, all his implements and his entire season's crop.

How to make Better Pastry

An expert says: "Use your favorite shortening. Mix it in thoroughly with Purity Flour, using a level tablespoon more of shortening but using two tablespoons less per cup of Purity than of ordinary pastry or soft wheat flour. Then add just enough water so that the dough will crumble together. When rolling out, sprinkle with a little flour to keep it dry.

A dough heavy with water will not flake up in the oven as too much moisture prevents quick action of the heat. The lively, almost crumbly, dough made with Purity Flour flakes up beautifully and makes the kind of pastry that "melts in your mouth."

Purity Flour Plain Pastry

2½ cups Purity Flour, ½ teaspoon salt, 1 cup shortening, ½ cup cold water. Mix flour and salt, cutting in the shortening until the mixture is like fine meal. Mix thoroughly with the water. Roll out thin, keeping it thoroughly dry. This will make crust for two pies. For extra rich pastry use half butter and half lard.

PURITY FLOUR

Purity Flour is best for all your baking: cakes, pies, buns and bread. Get a sack from your dealer today.
