THE FLESHERTON ADVANCE

Published on Collingwood street, Flesherton, Wednesday of each week. Ciculation over 1100, Price in Canada, $2.00 per year when paid in advance $1.50. In U.S.A., $2.50 per year, when paid in advance $2.00.

W. H. THURSTON - Editor.
F. J. THURSTON - Asst. Editor.

THE SHOE PINCHES

In its issue of March 21st the Owen Sound Sun-Times contained an article on the cost of the Old Age Pensions to the city of Owen Sound. It states that between 90 and 100 people will come under the Act and the cost will amount to approximately $4300 annually. It goes on to say:

"In addition to this new burden, which will have to be borne by the general ratepayers there is the Mother's Allowance, which now costs the city in the neighborhood of $7,300 a year, thus making over $10,000 which the city is compelled to provide or these two things alone. It is not to be wondered at that the civic authorities are making a strenuous kick against the imposition of another $4,300 or more to their tax bills."

Several weeks ago when The Advance condemned the Ontario government for compelling the municipalities to stand twenty-five per cent. of the cost, the Sun-Times arose in holy wrath and charged us with not knowing what we were writing about, that the cost would be very little more than at present and that the Old Age Pension Acte was a grand thing. Since then, no doubt, the Sun-Times has taken some of its own advice, found out what the cost would be to itself and now the shoe is pinching. The Advance still contends that the Ontario Government should be responsible for its fifty per cent. even though they have lowered the cost to the municipalities from twenty-five to twenty per cent.

PATH FOR PEDESTRIANS

The time has not yet arrived when everybody goes on wheels; there are still people old-fashioned enough to prefer walking, and plenty who cannot afford the luxury of an automobile. These are deserving of more consideration than they get, and it is really surprising how patient they are. Compared with the cost of the permanent highway, the little path along the side which would serve for the accommodation of the pedestrians is a minor problem. Perhaps that is why it receives such scant consideration from the authorities. It is however, a question of first importance, which should no longer be ignored.—Hamilton Spectator.

W. M. S. Meeting

The Easter Thankoffering meeting was held in the United Church on Thursday of last week, with Mrs. W. Boyd, convenor of one of the groups, in the chair. The scripture lesson was conducted by Mrs. Wm. Miller. Mrs. W. Armstrong read the Devotional leaflet "Budget Making" and Mrs. W. Moore gave a reading on "Christian Stewardship." Mrs. Perkins favored the audience with a beautifully rendered solo. Mrs. (Dr.) E. C. Murray gave a wonderful concise yet vivid report of the Toronto Conference Branch meeting held in Toronto about two weeks' ago. Her great wish was that all the members of all the auxiliaries could have been present and caught the enthusiasm that prevailed. The offering amounted to over fifty-eight dollars. We were pleased to have our Baptist friends from the Mission Circle present.

A meeting of all the officers of St. John's United Church and the officers of all Societies connected with the church was held in the church on Monday evening to deal with Rev. Jos. Harrower's resignation, which had been handed in. It was decided to accept the resignation and to have other ministers preach for a call, after considerable discussion. Some present thought that the suppying of the pulpit shoud be left with Presbytery, as the cost was thought to be excessive.

Death Caused By A Woman's Tongue

Perhaps some of you may have wondered why this inquest was called at all, but I want to say that in view of the many stories and rumors going the rounds in connection with the death of the late Mrs. Boddy, it was thought desirable to shed some light on the matter. said Dr. A. B. Rutherford, Coroner, at the conclusion of the inquest held on Thursday night to enquire into the circumstances surrounding the death of Mrs. Lindsey Boddy, whose passing occurred as the result of her taking an overdose of bichloride of mercury, which she had purchased at a local drug store some days previously. The Coroner also expressed the hope that he would not have to investigate another such case, as it was quite apparent that the reason for the unfortunate woman taking her own life was the gossip of a woman, and he expressed the opinion that if women who are inclined to gossip would tie their tongues there would not be so much of this sort of thing. In its report the jury said:—"We, the Coroner's jury empanelled to enquire into the cause of the death of the late Alice Bernice Boddy, find by the evidence submitted that she came to her death on Thursday, March 14th, 1929, at the General & Marine Hospital from having taken a self-administered overdose of bichloride of mercury.

"This jury is heartily in accord with the censure given by Crown Attorney Dyre to one gossiping witness."—Sun-Times.

Social At Priceville

The St. Patrick's Social held in St. Columba Church on Friday last was a fine success. The school room of the church was gaily decorated for the occasion. The meeting opened by singing "Blest be the tie that binds" followed by prayer by our neighboring minister, Rev. Mr. Corry. After the chairman's opening remarks the orchestra, with Messrs. Colin and Angus McMillan on violins, Mary MacKinnon on the guitar, and Miss Harrett on the piano gave a selection and also played at intervals during the course of the evening.

W. W. Ramage was called on and sang "Nora O'Neil and "Michael Roy" assisted by Miss Bertha James in the latter. Miss Harret and Mr. Cook then sang a couple of duets. Mrs. H. MacLean sang a solo "Danny Boy" and a duet by Mrs. H. MacLean and Mr. Sullivan "When Irish Eyes are Smiling."

Rev. Mr. Corry gave a fine talk on the Green Emerald Isle, as to its size, grand scenery, sociable people and their ready wits. It was followed by a further talk on the same subject by Mr. Sullivan.

Two young couple announced as from Ireland then sang "The Wearing of the Green and Seeing Nellie Home." A programme of games and contests were then put on. Lunch was served. The Proceeds of the evening amounted to $44. God Save The King closed the meeting.

Old Resident Passes

An old time resident of these parts passed on, in Detroit, Michigan, February 7th, in the person of George Edward Hopps, son of the late Mr. and Mrs. John Hopps, Sr. He was in his 60th year. The family lived at one itme 1¼ miles north of Flesherton and later removed to Eugenia.

In his youth Mr. George Hopps helped in the mills with his father and brothers later learning the trade of carriage making. At the age of 17 he left here with his brother, Charles for Kingston, Mich. He opened there a carriage and implement shop, increasing its size year by year.

A few years ago he went to Detroit, opening at first a hardware store in Highland Park, and later moving the stock to a much finer store in the northwest district of Detroit, which he had constructed himself. In the last two years Mr. Hopps doubled his store in size, branching out into a complete line of builder's hardware, and also carrying in stock a line of furniture and radios. The store was rated as one of the finest in the north-west district.

Mr. Hopps was greatly loved by all who knew him. He was always an unselfish, loyal and steadfast friend. His motto was ever "others." He was a 32nd degree mason, going by way of the Scottish rites. He also belonged to the I. O. O. F. and a club in the north-west Detroit, composed of business men.

Mr. Hopps was born in 1869. In 1889 he was married to Etta Parker of Pontiac, who predeceased him over ten years ago. There were three sons by this marriage—Floyd Leo anl Claire, Claire having passed on two years ago. One brother, William, died in Detroit just 47 days before Mr. Geo. Hopps' death.

Surviving are his wife, Mae Lawrence, whom he married in 1920. Two sons, Floyd and Leo; one brother, Charles, of Collingwood. and two sisters, Mrs. J. E. Reid, Collingwood and Mrs. Hannah Miller, Traverse City Michigan.

The funeral services were held on Monday, February 11th at the home, 476 Robinhood, and at the cemetery. The last rites were read by the First Reader of the Fifth Church of Christ Scientists. He was interred in Woodlawn Cemetery.

A young woman who talked for 50 hours without a break in a talking marathon had to quit finally on account of swollen ankles. The moral isn't very clear, but there seems to be a lesson of some sort here.

Auction Sale

STOCK IMPLEMENTS, ETC.

GEO. H. BURKE
LOT 12, CON. 8, OSPREY
One Mile West of Feversham
THURSDAY, APRIL 4

HORSES—Grey span of horses, weigh about 1300 lbs. This is a fine working team; Aged driving mare.

High Chair Special

As in former years we are again donating a prize of a High Chair to the first baby born after the First of April in the community. As usual there are no strings attached, all that any competitor needs to be is a customer of some store in Flesherton. You will remember last year a pair of twin babies were born only a few hours later than the one that won the high chair, so competition is gettnig keener every year. Those who do not win in this special will kindly bear in mind that Findlay's is Headquarters for all kinds of playthings, as well as useful articles for the children, and good furniture for the house.

Our Motto Never Changes—"SERVICE"

Does the Stock Market Shut Anyone Out?

Anyone can buy shares of the Bell Telephone Company because they are listed on the stock exchange.

Anyone thus can become a shareholder and exercise whatever rights shareholders may have in purchasing new issues of stock.

Bell Telephone stock — old and new — has always been available to anyone who wants it. And it is available to the public now "on the open market".

The Bell Telephone Company is owned by 15,500 shareholders and no individual has as much as one quarter of one per cent of the total shares.
