Walter Akitt Is Sugar King Of Grey County

During the past week the run of sap has been excellent and on Saturday last the first syrup of the season was delivered in town by Mr. Walter Akitt of Rock Mills. Mr. Akitt is the maple syrup king of Grey County as his outfit is the largest that is operated in this or nearby counties. Mr. Akitt this year has 2225 trees tapped and when the run was at its best last week his staff was hard pressed to keep up with supply. This year his evaporator was considerably enlarged to take care of the extra production, which is certainly paying the owner, proving to be one of the best money-making operations on the farm

Miss Macphail Likely Going To Europe

In a letter to several of her executive workers, Miss Macphail sends a breezy letter, full of "House" talk and her view points of the questions brought up before the House, as well as the part she takes in them herself Among other things she mentions a proposed trip to Europe this summer. In her own words she says:

"There is talk of the Session ending by the first of May I hope it does. I would like to get the work in the constituency all done by July 15th. I have been asked to go to Europe to address the Women's International League for Peace and Freedom in Prague, Czecho-Slovakia on Aug. 24. I would like very much to go. They have asked me to become a member of the International Executive and if I am to accept, I would need to be there in person. Should good fortune favor me and I go, I would also attend an International Rural Educational convention in Denmark. It is to be held at one of the best folk schools, Elsimore.

I have accepted an invitation to address the Women's International League for Peace and Freedom of the United States at their annual Convention in Detroit on April 24. The gathering takes the form of a banquet on the last night, presided over by Miss Jane Adams, who is, I consider, one of the world's greatest women. That is the only engagement I have accepted. I find my work here takes all my time and much more than there is." — Durham Review.

THREE NEW LAWS DAILY

Financial Post: An average of about three new laws come on the statute books of Canada every day of the year. The number of laws introduced in the ten parliaments of Canada last year was over 1,200 and most of them passed into law. We have not reached the ridiculous limits noted in some American states, where laws are turned out by the thousands nor have we gone to the other extreme, exemplified by Alabama, where the State Assembly convenes only once in four years and then its legislators are paid so little that they do not bother to meet much longer than to shake hands and O.K. the bills. Our yearly production of legislation is getting to be too much of a good thing.

Old Resident Passed Away In California

(San Francisco Paper, Feb. 6, 1929)

WRIGHT — In this city, February 3, 1929, Charles William, beloved husband of Georgina A. M. Wright, loving father of Georgina E. M. and Charles T. H. Wright, a native of Canada. A member of California Lodge No. 1, A. F. & A. M; Royal Arch Masons No. 5 and Golden Gate Commandery No. 16, K. T.

Masonic funeral services were conducted yesterday for Charles William Wright, millionaire San Francisco and Marin county real estate man, who died Sunday.

Wright was founder and president of the Anglo-American Land Company.

He operated particularly in Marin county, where he developed Larkspur from a ranch. His Larkspur inn was once a fashionable resort.

Wright also developed large tracts in the Sunset district. The burning of his historic home in Larkspur last November with all his art treasuries and heirlooms is said to have hastened death.

Charles William Wright was one of the first half dozen children born to the earliest settlers of Artemesia. He was the sixth son of George Low Wright, familiar known as "tailor Wright." and a brother of the late Thorpe Wright, both of whom lie in the Flesherton cemetery. He was born on the farm now owned by the son of Robert Best, one and three quarters miles below Flesherton. All the education he had was in the original log school house, section no. 3, directly across from the cabin that he was born in. He left home in September of 1868, when he was seventeen years old and two months after his father's death walked to Collingwood with all his possession on his back and less than five dollars in his pocket. He afterwards lived in Amherstburg, Ont., Council Bluffs, Iowa Omaha, Nebraska, Seattle and Tacoma, Washington and finally settled down in San Francisco California about 1880.

Besides his wife and two children he is survived by a sister, Mrs. Wilmot Pickell at Regina, Sask., and brothers, Alfred in New York and John Wesley in San Francisco.

Few in Artemesia will remember him but amongst his schoolmates still living are Mrs. Catharine Wilcock, Mrs. George Johnston Sr., Miss Anne Jane Wright, James and Robert Best and John O'Melia.

Highways Opened

Motoring is now general on the main roads in this district and considerable through traffic is already noticeable. On Thursday noon the huge snowplow owned by the Department of Public Highways came through Flesherton from Owen Sound and continued south after lunch was secured. At Inistoge the plow worked off the road and experienced considerable difficulty in extricating itself and proceeding.

While the roads are not in first class condition, no trouble was experienced by any cars becoming mired in soft places. On Monday a car came over from Durham, but the road is not in very good condition yet. The back roads are practically impassable, when this is being written but a few days should see the snow disappear.

NUMBER OF ALDERMEN REDUCED

Among the private bills which received their third reading in the Ontario Legislature on Friday was that of the city of Owen Sound providing for the change in the manner of carrying on business in that city. The bill calls for the election on January 1st next eight aldermen instead of twelve as at present, and the four who receive the largest number of votes will hold their seats for two years and the other four for one year, and therefore only four will be elected each year for a term of one year. The bill will become law as soon as it is given the assent of the Lieutenant-Govenor, which is a formal matter.
