We hereby certify that we have examined the accounts of the Treasurer of the Township of Artemesia, for the year 1928, and compared vouchers with entries in his books, and find the same correct with balance as shown.

We also find the Treasurer's Securities to consist of a bond of the London Guarantee Company for $10,000.00 with premium paid to December 1, 1929.

Dated March 1st, 1929.

GEO. W. BUCHANAN & G. E. WARLING, Auditors.

PORTLAW

Monday morning revealed a scene of destruction wrought through the previous night by the sleet storm. Fruit and forest trees have suffered severely and those spared stood in silence with bowed heads as if in reverent homage to their less fortunate comrades that were so ruthlessly called upon to resign the honors of their form. Telephone lines seem to be all out of commission.

Miss Dora Linton arrived home from Durham Hospital on Saturday. She is still very weak, but we are all glad to hear that she is making good progress toward recovery.

Mr. and Mrs. Wm. Taylor and the latter's sister, Mrs. J. L. Wood had an exciting experience on Wednesday evening last. They were returning from visiting friends on the eighth line, it being quite dark, when near Milne's corners, Collingwood road, a dog suddenly darted through the fence, frightening the horses, causing them to bolt, upsetting the buggy and throwing the occupants out. Both ladies were quite severely bruised and nerve-shocked. Mr. Taylor was more fortunate. The buggy was badly wrecked. The horses were found about three miles nearer home, little the worse. The accident might easily have proven a much more serious one.

One or two of our neighbors started plowing last week. They are resting their horses to-day.

Miss Johnston is spending her Easter holidays at her home at Kemble.

Mr. and Mrs. R. Middleton and Mr. E. Blakey of Toronto visited over the holiday with Mr and Mrs. Shiers.

Mr. Henry Thompson of Lady Bank visited with his sister, Mrs R. Osborne, Centre Line.

Mr. G. D. Kendall, who is nearing the completion of his ministerial course, conducted a much enjoyed Easter service on Sunday, displaying a Japanese silk cacoon to illustrate his message.

A storm of unusual proportions came down upon us from the northwest on Monday. The southern part of the province suffered greatly from the high wind. One of the Toronto dailies said the wind blew at the rate of 10 miles an hour; another said 50 miles, which was some difference of opinion. Telegraph and telephone wires suffered much damage. Some of the railways were obliged to run trains on schedule as their wires were down, and long distance telephone communication was interrupted all of Tuesday.

Members of the champion Owen Sound Greys, winners of the O.H.A. Memorial Trophy in 1924, were in the limelight last night, says the Toronto Mail and Empire. Cooney Weiland, for the second time in the series, scored the only goal of the game for Boston against Canadiens, while "Butch" Keeling had the honor of scoring the only goal in the American-Rangers series. Keeling was the leading scorer for the Greys the year they won the championship, but Weiland was the boy who made the plays.

New Plan For Telephone Accounts

The Bell Telephone Company of Caanda is introducing in this district a new plan of rendering subscribers' accounts, it was announced today by Mr. Turney, local telephone manager. This new plan known as "Rotation Billing" will become effective in this part of the system during the month of May.

Under the new plan the Company's thousands of accounts, instead of being sent out all together at the beginning of each month, will be prepared and mailed in six equal groups. The groups will be dated the first, sixth, eleventh, sixteenth, twenty-first and twenty-sixth of each month, and accounts in each group will be mailed within five business days of their date.

Telephone subscribers served from the local exchange will receive accounts under the new plan dated the eleventh of each month.

Mr. Turney pointed out several decided advantages of the new plan. Each account will show charges up to date. For example, the April account, now being mailed as the last under the old plan, shows long distance charges only up to the 20th of March. Under the new plan, such charges wil be right up to the date of the bill.

Another innovation the advantages of which were clearly apparent on a specimen new account which the manager displayed, is the making out of bills on specail machines. Each figure is clearly typewritten and totals are made up mechanically The account itself is on white paper, assuring the subscriber a clear, neat and accurate statement.

During the transition period between the old and enw systems, it will be necessary to include charges in the different groupes for periods of varying lengths. However, when the change has been completed, accounts will cover the regular periods, that is, the month preceding the late of the account for long distance and directory advertising charges, and exchange service charges for one month following.

Each subscriber, Mr. Turney stated, will receive a notice with his April account and also with the following one. These notices explain the new system and indicate the period to be covered by future accounts. The members of Mr. Turney's business office staff are well acquaintel with the features of the plan and will be pleased to furnish any additional information.

ROCK MILLS

The saw mill started last week. There will be several months' cutting, as there is a large stock of logs in We are glad to hear the old whistle once more.

Miss Ruby Monaghan visited on Easter with her uncle, Bert Porteous and wife of Maxwell.

Chas. Doupe was in this locality last week cutting wood with his buzzing outfit.

Mr. and Mrs. Levi Duckett and two daughters, and Mrs. C. Newell were Easter visitors with Mr. and Mrs. E. Binnington of Maxwell.

Mr. Levi Betts and son, Cecil, spent the week end with Toronto friends.

Unity U. F. W. O. will hold their April meeting in the Orange Hall, Eugenia, this Wednesday, April 3. Roll call to be answered by an Easter message. Meeting at 2 p.m. Visitors welcome.

Master Glenard Croft spent Easter holidays with his cousins, Harvey and Everette Croft, near Flesherton.

We are very pleased to learn that Mrs. Walter Russell, who underwent an operation in the Durham hospital last week, is doing fine; we hope she continues to a complete recovery.

Mrs. W. J. Newell and two daughters, Florence and Marjorie spent Easter at the home of her parents, Mr. and Mrs. Thos. Betts.

Messrs John, George and Lewis Newell and Nassau Whitmore of Durham were visitors recently with their brother, W. J. Newell and family.

Miss Gladys Wickens of Kimberley spent Easter holidays with her cousin here, Miss Ita Pedlar.

OPPORTUNITY

There s an old adage to the effect that "Opportunity knocks Once." Perhaps this is correct because, as opportunity never ceases to knock, but is clamoring to get in year after year, we can truthfully say that opportunity knocks but once, but opportunity comes in only when we are prepared to receive it.

A Railway Company advertises for a Manager. Millions of people read the advertisement, but only one man is selected as being capable of receiving the opportunity.

There will be ten thousand opportunities for ten thousand properly trained boys and girls to fill lucrative position in Toronto during the ensuing year, and there is no time that opportunity knocks as hard or as loud and offers the selection of position and advancement, as during the first four months of each year..

If you are contemplating a business training next Fall and are in High School now, ordinarily you have covered almost the entire work for the year and incidentally have acquired practically as much education as you will obtain by continuing until the end of June.

Enter our school at the Easter Term, acquire a complete Secretarial course, and be prepared to receive the best possible opportunity at the beginning of the new year. WE GUARANTEE A POSITION IF YOU QUALIFY.

Easter term opens April 2 and 8. Write or phone.

WELLAR BUSINESS COLLEGE
Orangeville, Ont.

KEEP THE ROAD-DRAG GOING

It not only fills the ruts but smooths and keeps the surface dry. Much can be done, at little expense, to keep the road on the farm front in good condition. The road superintendent or commissioner tends to spread the dragging work out so thinly that minimum rather than maximum results are obtained. At comparatively little cost, the individual farmer could drag the road in front of his farm when necessary and keep the weeds cut during the summer. When waiting for someone else to do this work the roads and roadsides too often become a sorry sight.—Farmer's Advocate.

Mary had a little lamb.
You've heard it oft before—
And then she passed her plate again.
And had a little more.

The river at Shallaw Lake overflowed its bank and flooded many cellars in the village.

Small Advts.
