THE FLESHERTON ADVANCE

Published on Collingwood street, Flesherton, Wednesday of each week. Ciculation over 1100, Price in Canada, $2.00 per year when paid in advance $1.50. In U.S.A., $2.50 per year, when paid in advance $2.00.

W. H. THURSTON - Editor.
F. J. THURSTON - Asst. Editor.

NOT GOOD BUSINESS

Road Superintendent John Johnston of Owen Sound, County Road Chairman, J. J. Buchanan of Collingwood and Mr. Herbert Corbett of Artemesia, a member of the committee, together with County Engineer, inspected the washout in Flesherton on Monday afternoon and decided upon the repairs necessary. The committee, together with Reeve Findlay, were unanimous that the repairs be made with the least delay and agreed that cement tiles, five feet wide and 38 feet long would be sufficient. The engineer was of the opinion that the tile was not permanent and suggested that a cement culvert of six feet by four feet opening be built, but his advice was not heeded, even though he stated that the cost would not be much greater and the cement culvert would make a permanent job. Why the committee takes an engineer along, if his advice is not heeded, is more than we can see. However, if the committee wishes to put the cheapest and least permanent fill in and there is nobody to stop them, the County Road Committee cannot be blamed. Another matter the committee stated was that the County was only liable for twenty feet of the bridge and the village would have to pay the remainder. The following resolution was carried by the County Council at the January session in 1928:-"Moved by Mr. Himmler, seconded by Mr. Thurston that this council take over the connecting link in the various urban municipalities." We fail to see where any mention is made in the resolution of a twenty foot strip and we believe that when the County has taken over the connecting link they are liable for the total expense of constructing the culvert. The village council should make sure of this matter before any further steps are taken, and save the village unnecessary expense. We would also suggest the Good Roads Committee that they construct a permanent culvert, as planned by the engineer, and save expense later on. Now is the time to make a first class job in repairing the washout and the few dollars extra expended will be heartily commended by all as good business.

EDITORIAL NOTES

Orval Shaw has been making a monkey out of the Ontario Provincial police the past couple of weeks, by keeping out of their way.

• • •

The movement in favor of Home Rule for Scotland has been powerful impetus from the support of the Duke of Montrose, a well formed Scottish statesman of the younger generation. If in Ireland, why not in Scotland?

WIFE DESERTION INCREASING SO STATES HON. DR. JAMIESON

Some stir has been caused by the latest report of Hon. Dr. Jamieson, Chairman of the Mothers' Allowance Board. He asserts that the practice of wife desertion is increasing and thinks it is time enquiry should be made as to the cause or causes of practice. If this is true,— and the Doctor is in a position to know—the law should be called into force, first in a kindly manner to effect, if possible, a reunion, and if this fails, sterner steps should be taken to punish the wretch who heartlessly breaks wedding vows and leaves the wife, and, perhaps mother, to struggle alone. Sympathy is wasted on such men and unless they take refuge in the States, Canadian laws should be able to reach them and there should be international law to reach them if they fly from Canada. The safety and the sanctity of the home is at statke.

Chevrolet Motor Co. Gives Demonstration

"Chevrolet Across Canada" is the title of a highly educational moving picture sponsored by the Chevrolet Motors Company to be shown in the New Town Hall, Flesherton, on Monday evening ext, April 15th.

The towering Rock Mountains, pictures of Banff and the placid waters of Lake Louise, the tall timbers of British Columbia, and the bathing scenes at English Bay, Vancouver are doing the scenic pistures of the Chevrolet film.

Following the moving picture film, an interesting and instructive description of tne inner workings of the new Chevrolet Six will be afforded the audience by means of an illustrated lecture delivered by Mr. C. A. Simmons of Oshawa, Chevrolet expert.

CANADIAN MEDICAL ASS'N

HEALTH AS A MEANS TO AN END

There have been times in the history of man when physical perfection was regarded as an end in life. There are to-day a few persons who think of physical development in itself as something worth striving for, and they devote considerable time and effort to attain the condition of physical development which they admire.

Most people, however, regard physical development and health in general, not as an end in life, but rather as a means to an end. Health is the stepping-stone which makes it possible for us to reach the heights of personal achievements and service which, generally speaking, are not attained by those who do not possess health. We are not all born with the same capacity for physical and mental development. We should aim at a full developement of our capabilities, both physical and mental. Health implies this full measure of development.

Death from some communicable disease has cut short many a life. Much has been lost to us because of the untimely death of those who were contributing to the happiness and culture of the world. Many a life has been spoiled, quantities of work and pleasure hindered, by the occurrence of and the disablement caused by some preventable disease. Man needs health if he is to gain his desire.

In spite of all that is being said about Canada's need for more people it is much more important for Canada that the people who are now here be given every reasonable opportunity to attain health. The protection of the health and the lives of Canadian mothers, the safe-guarding of native-born infancy and childhood, are our first duties, and the are the best foundation for national prosperity and happiness.

The expenditure of money on Public Health is an investment that gives good returns. It is an assurance against sickness, death, poverty and dependency that no community can afford to neglect.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered by letter. Questions as to diagnosis and treatment will not be answered.

Funeral of Mrs. Arnott

The funeral of the late Mrs. Jessie Arnott, whose death was chronicled in last week's issue of the Advance, was held to Mount Zion cemetery from the United Church, after a very comforting and appropriate sermon by the pastor, Rev. Jos. Harrower. The floral offerings were beautiful, consisting of a pillow by the family, and other pieces from Dr. and Mrs. Murray, Mrs. Hickling, Mrs. Heard, Mrs. W. Moore, Mrs. W. A. Armstrong, Mrs. Findlay, Mrs. Blackburn Mrs. Miller, Mrs. Mitchell and Miss Tena Henderson.

The friends from a distance were Jas. McClure and son, Mr. and Mrs. R. J. Graham of Georgetown, Mr. and Mrs. Hunter Arnott and Mrs. Earl of Brampton, John Burke of Shelburne and Mr. and Mrs. James Russell of Dundalk.

The pallbearers were Messrs. Firman Irish, Fred Weatherall, Jos. McCutcheon, Wm. Russell, John Burke of Shelburne and Harry Jackson.

F. G. KARSTEDT
Phone 7. - Flesherton

thank you!

a message to the USED CAR buyer

for your response to the CHEVROLET DEALERS National USED CAR SALE

TO all the thousands of Used Car buyers throughout Canada who so greatly assisted the Chevrolet dealers to reduce their Used Car stocks through the recent sale, we offer sincere thanks. We are confident you will be more than satisfied with your car and with the value you received . . and we look forward to a continuance of your goodwill.

Although the past month saw a veritable "clean-up" of used cars, yet the Spring demands for new Chevrolet Sixes have been so great that our dealers are fast replenishing their used car stocks and can offer many more unusual values.

To all who have not yet decided on their car, we urge an immediate inspection of these fine used cars at astonishingly low prices.

UC-6-4-29B

Still the best place for VALUES

The Chevrolet dealer, offering the finest of new car values, is in the best position to supply outstanding values in Used Cars. You cannot afford to buy without seeing what he has to offer! Every day is "SALE" day.

Come!
