CAUTION.

THE CORNWALL MANUFACTURING Company have pleasure in intimating the complete restoration of their works at Cornwall, which are now in full operation, producing large quantities of White and Grey Blankets, and Heavy Medium Class Tweeds.

Their regret, however, having again to draw the attention of the public to the continuance of the disreputable practice of importing English Blankets and selling them as Canadian. These Blankets are made largely of Shoddy and Cotton Waste, with a small percentage of pure Wool, and though slightly in appearance, closely imitating the Cornwall Blankets, and labelled "Canadian Manufacture" have neither warmth or wear, but can be sold at a lower price than the Cornwall Blankets (which are made of pure Wool) can be produced for.

The public are cautioned against this attempted deception, and respectfully informed that the name of the CORNWALL MANUFACTURING COMPANY is printed on the ticket of every Blanket made by them.
