A DISGRUNTLED REEVE

Last issue we challenged Mr. T. W. Findlay, Reeve of Flesherton, to bring forward proofs of his charges against the local clerk or other officials and so far, there has been complete silence on the subject from the writer of the letter to the Municipal World. Why? Is it because T. W. F. is not able to back up his assertions with evidence, and that his charges are just idle wind from an irresponsible person? The chief magistrate should be able to explain to the people of Flesherton why the charges were made against the Clerk or other officials. The people want to know the reason, so it is up to the Reeve to explain. Personally we know that Mr. Findlay has no grounds to stand on in his charges but we suspect that it is from the point, which he stated inthe Municipal World, of a disgruntled "minority Reeve."

ABOUT OLD FRIENDS

Hammond, Ind., April 19, '29

Dear Mr. Thurston:- I am sending you herewith my cheque for $10 as a donation to the Home Coming.

I am greatly elated over the opportunity of meeting my old friends at this Home Coming in Flesherton. It is forty-five years since I resided in that community and many of the old friends have gone, but there are still a goodly number of them still living.

I hope that they will all conclude that they are going to take a little vacation and make a trip to their old home town to meet and greet all their old school chums and friends. friends.

Time works many physical changes in the human and when we meet each other we will be somewhat estranged because of this physical change in our appearance. Let us forget that though, and think of the many, many good times we have had together and our many kind acts toward each other, the high places in the world our old friends have reached, how fortunate we are to be here on earth, the old school house, playground and the old landmarks of our home town.

How many, many times thoughts of the old home town will come to us. If we make up our minds to consider and think of all these things, what a meeting that will be.

So let's all be present to meet and greet our school mates and old friends, acquaintances and chums.

With kindest personal regards, may I remain, most sincerely yours,

—WM. J. McALEER.
