Local and Personal

We really need some rain!

Dr. and Mrs. E. C. Murray were in Toronto over the week end.

Mr. and Mrs. Stewart Thibaudeau of Chesley were visitors in town last week.

Mrs. R. W. Clarke spent the past two weeks in Toronto, also Brockville and Hamilton.

The pavillion was finally placed on its new situation in the park on Monday morning.

Messrs John Dow and Murray Watson, Toronto, spent the week end with the former's mother here.

Mr. Johnston was a visitor at his home in Collingwood over the week end.

Mr. and Mrs. H. Smith, and daughter, Jean, of Owen Sound, spent Sunday with friends in town.

Mr. and Mrs. Frank Cairns returned last week, after visiting in Weston and McTier, during the past winter.

Mr. John Phillips, Mr. and Mrs. Roy Phillips, and two children, of Toronto, are spending a few days with Mrs. M. Phillips, of town.

Mr. Reg. Hutton returned home last week to spend the summer, after spending the past couple of years in Detroit.

Mr. and Mrs. Chas. McTavish and two children of Oshawa and Mrs. E. White of Toronto, were visitors with Mr. and Mrs. D. McTavish last week.

Mr. and Mrs. J. C. Wright of Hamilton spent the week end with Mrs. Boyd and other friends in this vicinity.

Radical changes are contemplated in the staff of the local high school, and official announcement will be made at a later date.

Mr. and Mrs. Murray Walker and Mr. and Mrs. Otto Smith of Toronto were the guests of Mr. and Mrs. Alex. McEachnie over the week end.

The following attended Grey Presbytery yesterday, Tuesday, in Owen Sound, Mrs. Holland, Mrs. H. Wilson, Mrs. G. Mitchell, Mrs. E. C. Murray, Mrs. W. Thurston and Miss Macmillan.

Mr. Edgar Patterson returned ohme on Sunday after spending the past several weeks in Toronto, where he underwent an operation for goitre. We are pleased to know that Mr. Patterson's health is gretly improved in every way.

Several cases of hog cholera were discovered at Shelburne last week and several herds were dispatched by government inspectors. The stock yards were closed and thoroughly fumigated and it is believed that the epidemic has been halted.

Another heavy downpour of rain, accompanied by high winds, struck this district on Saturday afternoon. With the saturated condition of the land it was only a short time until the rivers were again overflowing their banks.

The Secretary of the Old Home Week will still continue to send invitations to those who have not already received one Send in any name and address you have of anybody who will be interested in the event.

Mrs. Murray, Miss Macmillan and Mrs. W. Thurston attended the executive of Grey Presbytery in Owen Sound on Monday afternoon. At the close of the meeting the executive was invited to Knox church and tea was prepared by the executive of that auxiliary.

Special "Mother's Day" service was held in the United Church when the Sunday School had charge of the service. A specially prepared programme was followed and Rev. Jos Harrower, the pastor, gave a special sermon, appropriate for the occaion.

Service in the United Church was withdrawn on Sunday evening when the members joined in worship with the Baptist congregation. Rev. Alexander Torrie, evangelist, finished his special services on Sunday.

Hand Lacerated By Bread Mixer

While working at Pinder's Bakery on Saturday morning last Mr. Thos. Bentham had his hand caught in the blades of the mixer and had the skin and flesh of his left hand scraped to the bone. The mixer is operated by an electric motor and Mr. Bentham was preparing to transfer the dough to the trough and was occupied in scraping the sides of the machin when the revolving blade suddenly caught his hand tightly. A quick pull brought his hand free, but not before the flesh on the back of his left hand was scraped from his wrist to the knuckles. One finger was also broken. The accident occurred in the early hours of the morning. Mr. Bentham stopped the machinery and walked to the doctor's where a dressing was made and the sufferer was taken to Durham hospital, where the injured member received expert treatment. It was a very painful injury and Mr. Bentham will be forced to lay off work for a couple of months.

High School Literary

The last meeting of the High School Literary Society this term will be held on Tuesday evening, May 21st, beginning at 8 o'clock. There will be a musical program and an address by Mr. W. D. Henry, K.C., on the "League of Nations and World Disarmament." Mr. Henry gives an instructive address in the interests of Peace, and the subject is of timely interest when the nations are spending as never before, for the armaments of war. All are cordially invited. There will be no admission, but a collection will be taken in order that the Literary Society may procure membership in the League of Nations Society of Canada.

LARGE HEN FRUIT

A large hen egg was given to The Advance by Miss Pearl Radley that is the largest we have seen for some time. The fruit measured 8⅛x6¾ inches, weighing exactly four ounces and was laid by a White Orpington hen. Two other eggs from Mr. H. Freemn of town and Mr. Harold Thompson measured slightly less than the above and were laid by White Leghorn hens. If a farmer could breed a flock that would lay these eggs continually there would be money in that particuar strain.

New Phone Accounts Mailed By Bell Company

Local telephone subscribers are receiving the special accounts which introduce the Bell Telephone Company's new billing system. These special accounts cover the transition period between the old and the new systems.

The new plan, as Mr. Turney, local telephone manager has pointed out, means that the Company has split its thousands of monthly accounts into six equal groups, instead of sending them all out at once as formerly, at the beginning of the month. The advantages of the new system are obvious.

In addition, a new type of billing machine has been introduced. All figures on the account are clearly type written by the machine, which totals mechanically. The subscriber is assure of a neat, clear and accurate account.

Announcement of the change was made a short time ago when regular April accounts were mailed. Each subscriber received a notice with his own account which explained the new "Rotation Billing" plan and stated the day of the month on which his future account would be dated. Other notices have included with the present accounts explaining the charges shown.

Members of Mr. Turney's staff in telephone business office are very decidedly in favor of the new plan. Its advantages to the subscriber, they point out, are reflected in the better service they are able to render.

A Black Groundhog

A black groundhog is rare among the animal world, but Mr. Robt. Fisher of town was fortunate in shooting one the first of the week and showed it to The Advance. It was thought that there might be a cross with some other animal, but it is doubtful as it was a perfect specimen of the groundhog family.

Additional Locals

Miss Marie McEachnie of Toronto was home over the week end.

Mrs. M. Thistlethwaite has returned home, after spending the past several months in Toronto.

Mr. Wilfred McMaster left yesterday for the Turner Oil Fields in Alberta, spending a few days in Toronto on his way out.

Miss Norrie Bowler of Detroit is spending a few days with her grandparents, Mr. and Mrs. W. P. Crossley in town.

Mrs. P. Loucks of Chatsworth has been seriously ill for several months and at present her condition is very grave. Mr. Ed. Loucks of the east backline was at Chatsworth on Sunday to visit his mother.

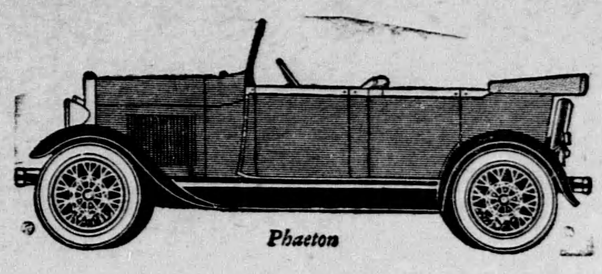
Miss Aleda Mitchell motored from Toronto last Thursday, accompanied by her sister, Mrs. O. Clipperton and Mary, and Mrs. Jas. Watson and babe; they returned the first of the week.

Mrs. Mary Jamieson commenced the first of the week to have her house moved and a fine modern residence erected on the present site. Mr. Dave White of Owen Sound has the contract for moving.

Inspector Morrison o fMeaford paid his official visit to the local public school last week. While here he took suddenly ill and was confined to bed at the home of his nephew, Dr. Milne.

The British American Oil Company made a change in the management of their local plant at Ceylon this week. Mr. Ed. Fisher, of town, will take charge of the plant, which was formerly managed by Mr. Arnold Hauert of Hanover. "Boss" will go back to Hanover, still working for the British American.

EVERY FEATURE of the Ford Car makes for Safety



PROTECTION to driver and passengers has been a vital consideration with Ford engineers. The body is all steel and the windshield of shattrproof glass. A fully enclosed six brake system rgips with silent power under anw headway. Three-quarter irreversible stering responds to the lightest touch, while the steering wheel remains rock firm and unaffected by rough road conditions. A one-piece gas tank is separated from the engine by a solid steel dash.

COME in and arrange for a demonstrtaion. You will know then that a really fine car is established in the light car world.
