Telephone Accounts

dated April 1st, which local subscribers will receive within a few days, will be accompanied by notices explaining important changes in future accounts.

To simplify and expedite our billing work, we have divided our exchanges into six groups. Each group will receive accounts under one of six different dates. In that way the work of preparing thousands of accounts will be spread evenly over the whole month.

In future the accounts of local subscribers will be dated the eleventh of each month.

You will appreciate the new form of account we are introducing at the same time which will have all the figures clearly printed and accurately totalled by machines. In addition, charges will be shown right up to the date of the account.

The plan is explained more fully in notices which accompany April 1st accounts. Our Business Office people will be pleased to give you further information.

THE BELL TELEPHONE COMPANY OF CANADA

CUP RETURNS TO WELLAR BUSINESS COL.

For the second consecutive year, the Wellar Business College of Orangeville supplied the winning typeist in the School Novice Championship of Canada. This event is open to students who have never before competed in any speed contests.

This year's winner was Miss Agnes McLennan, 17 years of age, and entered the Wellar Business Colelge only 3 months ago. Her net speed was 69 words per minute, for 1 minutes from new copy, or a gross rate of 91 words per minute. There were over 100 contestants. Last year this event was won by Miss Bernice Smith, who typed at the rate of 72 words.

Winning such an important event two years in succession proves that the Wellar Business College turns out the most effecient typists and stenographers. At the present time the attendance is over one hundred, and as fast as they graduate lucrative positions are awaiting them.

ROD AND GUN

The May issue of Rod and Gun and Canadian Silver Fox News, the well known Canadian outdoor magazine contains a very interesting selection of stories and articles. Among these are the regular contributions of Bonnycastle Dale, Robert James and J. W. Winson of established merit, while in addition to these there are several splendid hunting, fishing and outdoor stories by other authors.

The special departments on angling, guns and ammunition, outdoors and kennel are packed with highly interesting material for all outdoor lovers and the Canadian Silver Fox News section with instructive articles concerning this great industry by well known authorities.

Rod and Gun and Canadian Silver Fox News is published monthly by W. J. TAYLOR, Ltd., WOODSTOCK.

PAPERS ARE KEPT

The superiority of newspaper advertising was well illustrated at the post office but a few days ago. One of our enterprising firms, who, by the way are free users of the local press, received a gratis number of circulars from headquarters of the company they well represent. To complete the arrangements the Collingwood firm mailed the circulars, with what result? By actual count no less than thirty four were picked up on the floor of the post office, while the waste paper basket was overflowing. Contrasted with this is the fact that not a copy of the local papers, which were distributed at the same time, was found lying around. All had been taken with the current mail to be read in the home. Better evidence of the value of the local press is difficult to adduce.—Collingwood Bulletin.

Meaford Board of Trade has a membership of 130.

Little Girl Was Fatally Injured At Rock Mills

Muriel, the three year old daughter of Mr. and Mrs. Sam Fisher of Rock Mills was fatally injured at the eDurham Furniture Co. mill on Thursday morning of last week and died within an hour at the Collingwood hospital, where she was rushed.

The little girl was playing near the track used to carry logs into the mill, to be sawed into lumber; and in some manner, after four logs had been load onto the car, she climbed onto the track ahead of the load of logs. The little tot's father was operating the machinery which hauled the logs into the mill and commenced drawing the load up the incline and from his position in the mill was unaware that the little girl was in any danger. In its ascent the car rolled the child ahead of it until the body becamejammed in some way, when Mr. Fisher knew something was wrong and investigated. A workman in the yard witnessed the accident and although he tried to give the alarm his shouts were unheard in the mill and he was powerless to avert the sad occurrence.

The victim's head was badly crushed, legs and arms broken and other injuries sustained, and at once it was seen that she would not recover from the injuries, but the trip was made to Collingwood hospital, but in vain.

A gloom was cast over the community by the terrible accident and the funeral on Friday afternoon was attended by a host of sympathizing friends. Interment took place in Flesherton cemetery. Rev. M. Saunders of the Baptist church and Mr. G. Purcell of the Presbyterian church officiated at the house and graveside.

Mrs. W. Long Passes After Suffering Stroke

There passed away on Sunday, May 12th, at the home of her daughter, Mrs. Wm. Miller of Flesherton, an old resident of Honeywood in the person of Sarah Jane Granger, relict of the late Wm. Long, aged 76 years. The late Mrs. Long suffered a stroke several weeks and gradually sank until death came as a release on Sunday morning. The funeral took place on Tuesday afternoon, service being held at her late residence, Rev. Jos. Harrower officiating. Interment took place in Honeywood cemetery. During the service at the house a quartette, composed of Mrs. Perkins, Mrs. Jos. Blackburn, Dr. Murray and Geo. Cairns, rendered "There's a Land That is Fairer Than Day" very beautifully. Next issue we will publish some facts relating to the life of the late Mrs. Long.

A Real Fish

Reports of large speckled trout caught in this district are commencing to be heard. The other morning Mr. G. B. Welton of town landed a beauty that measured 16 inches in length and weighed two pounds and fourteen ounces. When being cleaned twenty eight chub were found in the stomach of the trout one of them measuring four inches in length. He secured a number of other large fish in his catch, but the above was the prize of the catch.

Livery Property Sold

Another real estate deal in town was closed last week when Mr. Jno. Plester purchased the livery barn in town and the farm on the station road from Mr. John Fawcett, formerly of Kimberley and now of Corbetton. Mr. Plester occupies the front portion of the livery stable as a shop for his International implements.

OPENING GARAGE

Mr. George Brackenbury is opening his garage at the south end of town this week and is installing several more gas tanks in readiness for the large tourist traffic.

BELIEVE IT OR NOT

Searchers for the body of young Orton Cook, found on April 17th in a deep hole a mile below the dam at Barrie, which collapsed on April 6th, and precipitated him into the flood waters, gave considerable credit to assistance rendered by a clairvoyant, an old lady living near Powassan and to whom the father paid a visit on the advice of trainmen during the 12-day search.

A number of things which this woman told the father were fulfilled, including the approximate location of the body, the fact it was in a deep hole, that the youth wore his father's short gummed boost and not his own long ones, which she said were in the out-building, where they were later found. She also said the body would be found on a day with a seven in it, and it was found on the 17th.

Many people in Muskoka district pin faith on this old lady and the Cook boy's case is not the first in which she is said to have rendered much assistance in locating a body after drowning. Her instructions for days dictated the movements of hundreds of searchers whose labors were finally rewarded.
